Get Conscious Ali Walker, Dr., 2017-05-02 In ancient times most people believed that if you travelled far enough to the edge of the world you would fall off This was a mirage that limited their lives Today the mirage that we all live by is the idea that I will be happy when I will be happy when I am married I will be happy when I leave my job I will be happy when I am rich I will be happy when I am on holidays This belief leads to us over thinking and over analyzing all the ways that we might be happier at some point in the future But what if happiness is the wrong aim What if happiness is like the horizon an imaginary line that seems real until we start to chase it In this book Ali Walker shows that instead of seeking happiness in the future we can all practice awareness in each moment This is how we train ourselves to generate calming positive and uplifting thoughts and emotions Drawing on the author's research in psychology and her work with clients Get Conscious breaks down the four elements of self awareness and provides strategies for mastering each Feel Honor all emotions Think Choose positive thoughts Sense Trust the messages of your body Act Go with the flow of life and love Includes case studies rituals exercises and activities to help you tune into your inner being and let self awareness guide you to genuine happiness Get Conscious moves us out of overthinking and into awareness It is the transformation of a lifetime
