Increasing Student Success in Developmental Mathematics National Academies of Sciences, Engineering, and Medicine, Division on Engineering and Physical Sciences, Division of Behavioral and Social Sciences and Education, Board on Mathematical Sciences and Analytics, Board on Science Education, 2019-12-18 The Board on Science Education and the Board on Mathematical Sciences and Analytics of the National Academies of Sciences Engineering and Medicine convened the Workshop on Increasing Student Success in Developmental Mathematics on March 18 19 2019 The Workshop explored how to best support all students in postsecondary mathematics with particular attention to students who are unsuccessful in developmental mathematics and with an eye toward issues of access to promising reforms and equitable learning environments The two day workshop was designed to bring together a variety of stakeholders including experts who have developed and or implemented new initiatives to improve the mathematics education experience for students The overarching goal of the workshop was to take stock of the mathematics education community's progress in this domain Participants examined the data on students who are well served by new reform structures in developmental mathematics and discussed various cohorts of students who are not currently well served those who even with access to reforms do not

succeed and those who do not have access to a reform due to differential access constraints Throughout the workshop participants also explored promising approaches to bolstering student outcomes in mathematics focusing especially on research and data that demonstrate the success of these approaches deliberated and discussed barriers and opportunities for effectively serving all students and outlined some key directions of inquiry intended to address the prevailing research and data needs in the field This publication summarizes the presentations and discussion of the workshop Life Insurance Courant ,1909

Building Transfer Student Pathways for College and Career Success Sonya Joseph,Mark Allen Poisel,2018-10-04 Published in partnership with the National Institute for the Study of Transfer Students Analysis of bachelor s degree completion suggests that only about a third of college graduates attend a single institution from start to finish More than one quarter earn college credits from three or more schools before completing a degree For most these student defined pathways lead to increased time to degree and higher costs Many will simply drop out long before crossing the finish line Ensuring college completion and success requires an understanding of the evolving nature of transfer transitions and a system wide approach that reaches beyond two year and four year institutions to include high schools participating in dual enrollment programs and military college initiatives A new edited collection offers insight into institutional and statewide partnerships that create clearly defined pathways to college graduation and career success for all students *Strategies for Student Success in Higher Education* Hagai Gringarten,Raúl Fernández-Calienes,2024-07-30 This book brings together both leading edge research and practical insights on the first year experience in higher education Written by a large team of experts the text integrates a variety of multidisciplinary approaches and real life case studies into an effective pedagogical resource for the higher education scholarly audience of both professors and administrators to address the needs of first year students in higher education The book includes material authored by 39 professors and professionals from more than 20 universities and higher education organizations from across the USA Canada the Philippines and Germany This book offers insights for disciplines including business administration and management communications counseling education law and governance mental health and psychology sociology and others Scholars and practitioners in a variety of higher education areas can benefit from it in terms of their work in academic success advising campus safety career services dual enrollment programs emergency management mathematics education service learning student well being technology management and other areas *Student Success in the Community College* Terry U. O'Banion,Marguerite M. Culp,2020-12-15 For much of the twentieth century the definition of success for most community colleges revolved around student retention and graduation This definition no longer works if it ever did In *Student Success in the Community College What Really Works* respected community college leaders researchers and innovators argue that student success is about redesigning community colleges in a manner that is consistent with each college s mission goals student population and resources Concluding that there is no one size fits all approach to increasing student success chapter authors analyze national state and regional efforts

to increase student success identify principles institutions can use to frame student success initiatives and outline specific actions community colleges can take to increase student and institutional success Student Success in the Community College What Really Works also provides concrete examples of effective student success initiatives in a variety of community college settings

Improving Teaching, Learning, Equity, and Success in Gateway Courses Andrew K. Koch, 2018-01-22 As long as there have been U S colleges and universities there have been entry courses that pose difficulties for students courses that have served more as weeding out rather than gearing up experiences for undergraduates This volume makes the case that the weed out dynamic is no longer acceptable if it ever was Contemporary postsecondary education is characterized by vastly expanded access for historically underserved populations of students and this new level of access is coupled with increased scrutiny of retention and graduation outcomes Chapters in this volume define and explore issues in gateway courses and provide various examples of how to improve teaching learning and outcomes in these foundational components of the undergraduate experience This is the 180th volume of the Jossey Bass quarterly report series New Directions for Higher Education Addressed to presidents vice presidents deans and other higher education decision makers on all kinds of campuses it provides timely information and authoritative advice about major issues and administrative problems confronting every institution
