Surviving the perfect song** Martínez, Julio Eduardo, When The Beatles broke up for good in the British spring of 1970 Paul McCartney was just 27 years old It was too early to begin a life of celebrity in retirement He

was haunted by the shadow of the immense aesthetic and cultural transformation that he himself had helped to forge Faced with this crossroads McCartney deployed rightly and wrongly different strategies to renew himself Like no one before journalist musician and researcher Julio Martinez presents this journey without avoiding the contrast of light and shades With the contradictions inherent to any human experience which even those four musicians who changed the world could not escape Never before has McCartney been told with such an intimate narrative In a register that moves between biography and essay journalist musician and researcher Martinez offers us the first Argentine book that deals with his figure With a deep knowledge without hiding his admiration but at the same time without the empty celebration that generated so much discarded literature If we were condemned to a single reading to understand Paul McCartney and the beatle movement these pages could be approached with the certainty of being part of the road to its understanding Perhaps there is nothing more to ask of a book

**Death Threats from British Petroleum** Henry Wells Sullivan,2011-06-15 There cannot be a family in America which has not been touched at some point by a spouses death from the disease of cancer And the first principle of certainty people learn in dealing with cancer is there is no principle of certainty The silent killer comes upon us mysteriously and unbidden at any age and oftentimes can never be stopped in its tracks The poets wife Gillian Richardson died of breast cancer in September of 2009 They had fallen in love at Oxford in 1961 were long separated in mid life and finally reunited in 1995 and married in 1999 Feverishly inspired in April of 2010 by the disaster of the Deepwater Horizon oil spill and in the context of his late wifes lifelong crusade to preserve Earths environment from pollution and degradation the poet saw the double tragedy of death in his marriage and the death of human and marine life in the Gulf of Mexico as triggers for a cosmic lamentation which have here become uniquely intertwined in verse Understandably therefore although verse no longer survives as a commercial medium in the United States Sullivan views English poetry as a still vital and powerful medium for communicating the anguish and pity of contemporary life on the one hand and for condemning lawless corporate abuses in twenty first century America on the other

The poet aims his satire at the oil industry Book I the mining industry Book II Wall Street banking Book III and at public indifference toward its own predatory exploitation Book IV But the poems end in a triumphant mood of eternal love and an affectionate sometimes whimsical celebration of his beloved wives memory her circle of friends close family and loved ones Book V

Una historia de los Beatles César San Juan Guillén,2017-12-08 Un peculiar análisis histórico y estilístico del mejor grupo de la historia Ibúmes efemérides cumpleaos o conciertos relacionados con los Beatles son motivo de júbilo y celebración casi cada día del año Y de entre todos ellos destaca el acontecimiento más importante el decisivo el imprescindible del que se ha celebrado hace poco su 60º aniversario Y no es otro que el día en que se conocieron Paul McCartney y John Lennon gracias a la corazonada de un amigo común Ivan Vaughan Exactamente este es el proceso que tuvo lugar a partir del 6 de julio de 1957 y que dio como resultado la banda más importante de todos los tiempos Este libro es una historia muy personal sobre todo aquello que rodea al universo Beatles desde su nacimiento el proceso de formación de la banda y el concurrido laberinto del quinto beatle las diferentes etapas por las que pasaron las rarezas musicales el efecto musical de su música en nuestras emociones y su controvertida separación Los otros baterías de los Beatles Las etapas de los Beatles Una al año El futuro con los Beatles sin los Beatles Historias increíbles pero ciertas sobre los Beatles El 6 de julio de 1957 un joven llamado Paul McCartney fue a la fiesta parroquial de Woolton donde iban a actuar los Quarrymen y conoció a John Lennon Sucedió que John a pesar de ser notoriamente cauteloso con los extraños se quedó muy impresionado con Paul porque entre otras cosas supo afinarle correctamente la guitarra Este es el origen de la historia más bella de la música popular forjada por la extraordinaria capacidad creativa de Paul McCartney y John Lennon dos auténticos genios de la música que tuvieron la suerte no solo de convivir en el mismo planeta y en el mismo siglo sino que además coincidieron en la misma ciudad

**The Beatles from A to Zed** Peter Asher,2019-10-29 At last I finally understand the alphabet I also love this book secret Beatles knowledge from one of the closest insiders Steve Martin Peter Asher met the Beatles in the spring of 1963 the start of a lifelong association with the band and its members He had a front row seat as they elevated pop music into an art form and he was present at the creation of some of the most iconic music of our times Asher is also a talented musician in his own right with a great ear for

what was new and fresh He was asked by Paul McCartney to help start Apple Records the first artist Asher discovered and signed up was a young American singer songwriter named James Taylor Before long he would be not only managing and producing Taylor but also working with Linda Ronstadt Neil Diamond Robin Williams Joni Mitchell and Cher among others The Beatles from A to Zed grows out of his popular radio program From Me to You on SiriusXM's The Beatles Channel where he shares memories and insights about the Fab Four and their music Here he weaves his reflections into a whimsical alphabetical journey that focuses not only on songs whose titles start with each letter but also on recurrent themes in the Beatles music the instruments they played the innovations they pioneered the artists who influenced them the key people in their lives and the cultural events of the time Few can match Peter Asher for his fresh and personal perspective on the Beatles And no one is a more congenial and entertaining guide to their music *The Beatles Complete Chord Songbook* The Beatles, 2000-02-01 Guitar Chord Songbook This great collection features all 194 songs written and sung by the Beatles specially transcribed here for strumming guitarists from the actual recordings in the original keys Each song includes chord symbols guitar chord boxes and complete lyrics Also features a helpful playing guide and a full discography Songs include Across the Universe All My Loving All You Need Is Love Back in the U S S R The Ballad of John and Yoko Blackbird Day Tripper Dear Prudence Drive My Car Eight Days a Week Eleanor Rigby The Fool on the Hill Good Day Sunshine A Hard Day's Night Help! in Liverpool Gould describes the seminal influences from Elvis Presley and Chuck Berry to The Goon Show and Alice's Adventures in Wonderland that shaped the Beatles both as individuals and as a group. In addition to chronicling their growth as singers, songwriters, and instrumentalists, he highlights the advances in recording technology that made their sound both possible and unique, as well as the developments in television and radio that lent an explosive force to their popular success. With a musician's ear, Gould sensitively evokes the timeless appeal of the Lennon-McCartney collaboration and their emergence as one of the most creative and significant songwriting teams in history. Behind the scenes, Gould explores the pivotal roles played by manager Brian Epstein and producer George Martin, credits the influence on the Beatles' music of contemporaries like Bob Dylan, Brian Wilson, and Ravi Shankar, and traces the gradual escalation of the fractious internal rivalries that led to the group's breakup after their final masterpiece, *Abbey Road*. Most significantly, by chronicling their revolutionary impact on popular culture during the 1960s, *Can't Buy Me Love* illuminates the Beatles as a charismatic phenomenon of international proportions whose anarchic energy and unexpected import was derived from the historic shifts in fortune that transformed the relationship between Britain and America in the decades after World War II. From the Beats in America and the Angry Young Men in England to the shadow of the Profumo Affair and JFK's assassination, Gould captures the pulse of a time that made the Beatles possible and even necessary. As seen through the prism of the Beatles and their music, an entire generation's experience comes astonishingly to life. Beautifully written, consistently insightful, and utterly original, *Can't Buy Me Love* is a landmark work about the Beatles, Britain, and America.
