Intercultural Spaces of Law Mario Ricca, 2023-04-03 This book proposes an interdisciplinary methodology for developing an intercultural use of law so as to include cultural differences and their protection within legal discourse this is based on an analysis of the sensory grammar tacitly included in categorizations This is achieved by combining the theoretical insights provided by legal theory anthropology and semiotics with a reading of human rights as translational interfaces among the different cultural spaces in which people live To support this use of human rights semantic and normative potential a specific cultural geographic view dubbed legal chorology is employed Its primary purpose is to show the extant continuity between categories and spaces of experience and more specifically between legal meanings and the spatial dimensions of people's lives Through the lens of legal chorology and the intercultural translational use of human rights the book provides a methodology that shows how to make space and law reciprocally transformative so as to create an inclusive legal grammar that is equidistant from social cultural differences The analysis includes a critical view on opportunities for intercultural secularization the possibility of construing a legal grammar of quotidian life that leads to an inclusive equidistance from differences rather than an unachievable neutrality or an all encompassing universal legal ontology an interdisciplinary methodology for legal intercultural translation a chorological reading of the relationships between human rights protection and lived spaces and an intercultural and geo semiotic examination of a series of legal cases and current issues such as indigenous peoples rights and the international protection of sacred places

Close Encounters of Art and Physics Laura Pesce, 2019-09-30 Close Encounters of Art and Physics is a voyage in time through the abstract ideas harboured in the minds of humans starting from the graffiti art of cave dwellers and extending to the street art of contemporary men and women In seeking parallels with science the author looks far back to the first geometric ideas of our ancestors as well as ahead to the contemporary science of present day physicists The parallelism and analogies between these two fields bear witness to a real entanglement in the human brain The second part of the book contains about 25 colour images showing the author's stunning glass artwork representing ideas such as dark matter quantum entanglement cellular automata and many others that are almost impossible to capture in words Furthermore many of the physicists who have themselves made major contributions in these fields provide their comments and analysis of the works The book provides entertaining and informative reading not only for practicing artists and physicists but also anyone curious about art and physics

What Are You Looking At? Will Gompertz, 2013-09-24 The perfect gift for the art lover in your life In the tradition of Eats Shoots Leaves Will Gompertz teaches art history with a sense of humor Every year millions of museum and gallery visitors ponder the modern art on display and secretly ask themselves Is

this art A former director at London's Tate Gallery and now the BBC arts editor Will Gompertz made it his mission to bring modern art's exciting history alive for everyone explaining why an unmade bed or a pickled shark can be art and why a five year old couldn't really do it Rich with extraordinary tales and anecdotes What Are You Looking At entertains as it arms readers with the knowledge to truly understand and enjoy what it is they're looking at

Sites of Memory, Sites of Mourning Jay Winter, 2014-05-15 Jay Winter's powerful study of the collective remembrance of the Great War offers a major reassessment of one of the critical episodes in the cultural history of the twentieth century Dr Winter looks anew at the culture of commemoration and the ways in which communities endeavoured to find collective solace after 1918 Taking issue with the prevailing modernist interpretation of the European reaction to the appalling events of 1914-18 Dr Winter instead argues that what characterised that reaction was rather the attempt to interpret the Great War within traditional frames of reference Tensions arose inevitably Sites of Memory Sites of Mourning is a profound and moving book of seminal importance for the attempt to understand the course of European history during the first half of the twentieth century

Art of the 20th century Dorothea Eimert, 2016-03-09 The 20th century was a revolutionary period in art history In the span of a few short years Modernism exploded into being disrupting centuries of classical figurative tradition to create something entirely new This astoundingly thorough survey of art's modern era showcases all of the key artistic movements of the 20th century from Fauvism to Pop Art featuring illustrative examples of some of the most renowned works of the era along with illuminating companion essays by expert critics and art historians A vivid window into the collective psyche of the modern world's great artists Art of the 20th Century is a must have for any fan of contemporary art

Marking Modern Movement Susan Funkenstein, 2020-10-26 Imagine yourself in Weimar Germany you are visually inundated with depictions of dance Perusing a women's magazine you find photograph after photograph of leggy revue starlets clad in sequins and feathers coquettishly smiling at you When you attend an art exhibition you encounter Otto Dix's six foot tall triptych Metropolis featuring Charleston dancers in the latest luxurious fashions or Emil Nolde's watercolors of Mary Wigman with their luminous blues and purples evoking her choreographies mystery and expressivity Invited to the Bauhaus you participate in the Metallic Festival and witness the school's transformation into a humorous shiny technological total work of art you costume yourself by strapping a metal plate to your head admire your reflection in the tin balls hanging from the ceiling and dance the Bauhaus signature step in which you vigorously hop and stomp late into the night Yet behind the razzle dazzle of these depictions and experiences was one far more complex involving issues of gender and the body during a tumultuous period in history Germany's first democracy 1918-1933 Rather than mere titillation the images copiously illustrated and analyzed in Marking Modern Movement illuminate how visual artists and dancers befriended one another and collaborated together In many ways because of these bonds artists and dancers forged a new path in which images revealed artists deep understanding of dance their dynamic engagement with popular culture and out of that a possibility of representing women

dancers as cultural authorities to be respected Through six case studies *Marking Modern Movement* explores how and why these complex dynamics occurred in ways specific to their historical moment Extensively illustrated and with color plates *Marking Modern Movement* is a clearly written book accessible to general readers and undergraduates Coming at a time of a growing number of major art museums showcasing large scale exhibitions on images of dance the audience exists for a substantial general public interest in this topic *Conversing across German studies art history dance studies gender studies and popular culture studies* *Marking Modern Movement* is intended to engage readers coming from a wide range of perspectives and interests
