Paul Stanley Face The Music Free:

KISS and Philosophy Courtland Lewis, 2020-10-13 KISS is the most outrageous and yet the most enduring of rock bands with an unparalleled almost religious level of devotion from millions of die hard fans In KISS and Philosophy professional thinkers of diverse outlooks provide much needed insights into the motivating ideas and metaphysical foundations of the KISS take on life According to some the true message of KISS is self actualization through the hard work of following your dreams Others focus on the existential aspect of KISS thinking drawing upon Camus and Sartre to show that KISS is preoccupied with empowering the individual to achieve self greatness By contrast there is a view of KISS which identifies a destroyer attitude leading some listeners to reject KISS outright while encouraging others to become the most dedicated of followers Yet another view sees KISS s letting loose as essentially Dionysian Some chapters gain access to KISS thinking by tracing the band s cultural and historical impact finding meaning in the way generations of fans make sense of KISS s always evolving output the changing line up and the archetypal characters represented by the band s use of make up and presentation Other chapters look at the aesthetic quality of the band s output especially their most controversial album Music from The Elder Several chapters examine KISS s orientation to bodily pleasures notably sex extracting the band s philosophy of sex and love from different clues and indications How does KISS s unashamed indulgence relate to various pleasure governed ethical systems throughout history Is getting the most out of pleasure key to living the good life And does a life of gratifying one s body ultimately yield fulfillment What are the limitations and hazards of a pleasure oriented lifestyle The biography of band members also provides material for reflection looking at the nature of forgiveness through the lens of KISS s notorious feuds and determining how to reconcile the apparently conflicting accounts of some famous squabbles The changing line up of the band raises questions about the meaning of KISS and whether KISS could last forever

Encyclopedia of KISS Brett Weiss, 2017-08-11 The self proclaimed Hottest Band in the World KISS is one of the most popular groups in the history of rock having sold more than 100 million albums during their more than 40 year reign With more gold albums than any other American band they were inducted into the Rock and Roll Hall of Fame in 2014 KISS influenced a generation of musicians from Garth Brooks and Motley Crue to Nirvana and the Red Hot Chili Peppers The original leather clad makeup wearing line up Ace Spaceman Frehley Gene Demon Simmons Paul Starchild Stanley and Peter Catman Criss and their classic hits Beth and Rock and Roll All Nite are forever etched in pop culture consciousness This encyclopedia of all things KISS provides detailed information on their songs albums tours television and movie appearances merchandise solo work and much more including replacement members Eric Carr Vinnie Vincent Bruce Kulick Mark St John Eric Singer and Tommy Thayer *Catalog of Copyright Entries* Library of Congress.
