Program Not matching can be devastating for these graduates both financially and medically. Students often suffer from psychological effects like major depression and generalized anxiety disorder. This book outlines the potential problems faced by these graduates and their possible solutions. Each chapter collects research evidence, interviews, and surveys to gather information to work on each possible problem one by one and describes a solution in great detail. Comprised of thirty chapters, each chapter is broken down into smaller sub sections to investigate the main theme in depth. Issues addressed include the different types of international medical graduates and their lives in the United States, differences in the education system and healthcare system, the triangle of residency, language and cultural barriers, lack of professional contacts, confidence, self image and self esteem issues, and restriction to specific fields and career paths. Written by experts in the field, *International Medical Graduates in the United States* is a first of its kind text that addresses the biggest issues faced by foreign medical graduates in today's world. Serving Faith, Profession, and Community Prof. Faroque Ahmad Khan, 2017-06-02. In 1967, seven Muslim physicians arrived in the United States from various countries: India, Pakistan, Syria, Egypt, and Afghanistan for advanced training. They found themselves in a new culture with few Muslims around. They formed an organization where they shared common concerns, supported each other, and maintained their identity, faith, and culture. Thus began the journey of the Islamic Medical Association (IMA). *Serving Faith, Profession, and Community* by author Faroque Ahmad Khan captures the essence of that journey, including how this was accomplished, what some of the challenges were, and who the key individuals involved in organizing and laying the foundation of IMA, now called the Islamic Medical Association of North America (IMANA), were. Describing the major contributions American Muslim physicians have made toward the health and well being of Americans, *Serving Faith, Profession, and Community* chronicles the organization's first fifty years and sets goals and plans for the future. **The Best 168 Medical Schools, 2013 Edition** Malaika Stoll, 2012.
