Ecevarría,2023-10-10 What can we know about the apostle Paul and what difference does it make Paul of Tarsus was an undeniably forceful presence in the early Christian church instructing fledgling congregations of believers throughout the Mediterranean in person and by letter and authoring about half of the New Testament in the process But who was this powerful personality And how can students most benefit from the extensive studies on Paul available today New Testament scholars Miguel Echevarria and Benjamin Laird provide an invaluable foundation for students beginning their investigations into the apostle Paul Paul s theology and Pauline studies addressing orienting questions such as these What do we know about Paul s family How did Paul s companions assist in the composition and distribution of his letters Did Paul think his letters were authoritative Scripture Is there a center to Paul s theology What is Paul s Christology What are the strengths and weaknesses of the New Perspective on Paul Does Paul address slavery and racial division Through its question and answer format 40 Questions about the Apostle Paul provides a succinct introduction and entryway to more advanced study of Paul and the Pauline letter corpus Additional resources are available at 40questions.net

*The Southern Transjordan Edomite Plateau and the Dead Sea Rift Valley* Burton MacDonald,2015-03-12 Burton MacDonald presents an in depth study of the archaeology and history of human presence over the past five six thousand years in the southern segment of the Transjordan Edomite Plateau and the Dead Sea Rift Valley to the west The evidence from archaeology for the area spans the entire period though the time for which literary evidence is available is only the past 4000 years from the Middle Bronze Age 2000 1550 BC Once literary evidence is available however it complements the archaeological record and as can be amply demonstrated the written records can be clarified only through the archaeological data These two sources are thus used to describe environments resources industries settlement patterns and the lifestyles of the inhabitants of this pivotal region The result is a story of the people who lived in the area from the Bronze Age through the Islamic period What is evident is that there were differences in certain archaeological periods in settlement patterns as well as lifestyles between those who lived on the southern segment of the Plateau and those who lived in the Dead Sea Rift Valley or in the lowlands immediately to the west Moreover it is obvious that when there were periods of trade and industry for example the spice trade and copper mining and processing the population of the area was higher Stable governance brought about growth in population and prosperity But other factors also played their part in these ebbs and flows of population climatic fluctuations affecting the availability of water and arable land the development and adoption of new technologies in farming practices raw material extraction and industrial methods processes and transportation and political change resulting in periods of relative stability and instability in government

**Framing Paul** Douglas A. Campbell,2014-11-27 All historical work on Paul presupposes a story concerning the composition of his letters which ones he actually wrote how many pieces they might originally have consisted of when he

wrote them where from and why But the answers given to these questions are often derived in dubious ways In *Framing Paul* Douglas Campbell reappraises all these issues in rigorous fashion appealing only to Paul s own epistolary data in order to derive a basic frame for the letters on which all subsequent interpretation can be built Though figuring out the authorship and order of Paul s letters has been thought to be impossible Campbell s *Framing Paul* presents a cogent solution to the puzzle

*The New Testament and Literature* Stephen D. Cox,2006 The New Testament may be the most influential book of all time from both a religious and a literary standpoint But while the New Testament s impact upon people s religious beliefs and practices has been analyzed and continues to be analyzed at enormous length and in intricate detail amazingly little has been written about the New Testament s impact as literature

*Archaeology and the Ministry of Paul* David A. deSilva,2025-05-20 A fundamental principle of biblical interpretation is the importance of context historical literary and canonical But an often neglected source of context for understanding Scripture is the field of archaeology The physical and cultural world we inhabit affects us deeply and that was no less true for the original writers and readers of Scripture Archaeology provides insights into important questions like What did these believers see day to day What messages did they receive from their environment What social practices influenced them In this first of three planned volumes New Testament scholar David deSilva uses archaeological findings to explore the places the apostle Paul ministered and his audiences lived This visually compelling and beautifully designed book contains more than 250 full color photographs of sites and artifacts deSilva focuses on the fruits of archaeology in regard to the sites associated with the ministry of Paul in Acts and in Paul s own writings The combination of photos and text helps readers understand the real life situations Paul addressed This volume will be an important supplemental textbook for courses on the New Testament and for anyone who wants to better understand the lived context of Paul and his readers

*The Acts Of The Apostles* Gerd Ludemann,2009-12-04 New Testament historian and author of *Jesus After 2000 Years* examines each individual section of Acts to detect whatever tradition may lie behind it offering a reasoned judgment on the historical value of every event and action described in this early Christian text

*The New Testament* Donald A. Hagner,2012-11-15 This capstone work from widely respected senior evangelical scholar Donald Hagner offers a substantial introduction to the New Testament Hagner deals with the New Testament both historically and theologically employing the framework of salvation history He treats the New Testament as a coherent body of texts and stresses the unity of the New Testament without neglecting its variety Although the volume covers typical questions of introduction such as author date background and sources it focuses primarily on understanding the theological content and meaning of the texts putting students in a position to understand the origins of Christianity and its canonical writings Throughout Hagner delivers balanced conclusions in conversation with classic and current scholarship The book includes summary tables diagrams maps and extensive bibliographies

Losch, 2013-05 I have been in

more than one Bible study class in which someone thought that Paul wrote Thessalonians to the people in a country called Thessalonica and Galatians to the people of the city of Galatia And to add to their confusion they had no idea whatsoever where either was located In my studies of the Bible and Apocrypha I have discovered that an understanding of the places involved often adds a whole new meaning to the stories and events In many cases the background topography history and culture of a place either help to make sense of an otherwise rather enigmatic situation or enrich and flesh out a statement or event      *Galatians* Gordon Fee, 2022-01-21 An introduction situating Paul's letter in time and space is followed by a detailed discussion of each section of the letter verse by verse commentary and a theological discussion with challenging questions for individual or group study From the Introduction Luther and Calvin tended to read the letter as having primarily to do with justification by works or by faith But that is decidedly not the matter that called forth this letter which is stated most clearly in one of the opening sentences of the argument proper Having begun by the Spirit are you now trying to finish by means of the flesh 1:3 where flesh is a play on words referring to literal circumcision of the flesh as the primary issue regarding their

keeping the law At issue throughout the letter is not the question How are people saved to use contemporary language but whether people who are already saved also need to practice specific aspects of the Jewish law The concern then is not how one begins life in Christ but whether once begun one must also add these aspects of the law to be completed in one's faith in Christ
