**Bertrand Russell and the Nature of Propositions** Samuel Lebens, 2017-05-25 Bertrand Russell and the Nature of Propositions offers the first book length defence of the Multiple Relation Theory of Judgement MRTJ Although the theory was much maligned by Wittgenstein and ultimately rejected by Russell himself Lebens shows that it provides a rich and insightful way to understand the nature of propositional content In Part I Lebens charts the trajectory of Russell's thought before he adopted the MRTJ Part II reviews the historical story of the theory What led Russell to deny the existence of propositions altogether Why did the theory keep evolving throughout its short life What role did G F Stout play in the evolution of the theory What was Wittgenstein's concern with the theory and if we can't know what his concern was exactly then what are the best contending hypotheses And why did Russell give the theory up In Part III Lebens makes the case that Russell's concerns with the theory weren't worth its rejection Moreover he argues that the MRTJ does most of what we could want from an account of propositions at little philosophical cost This book bridges the history of early analytic philosophy with work in contemporary philosophy of language It advances a bold reading of the theory of descriptions and offers a new understanding of the role of Stout and the representation concern in the evolution of the MRTJ It also makes a decisive contribution to philosophy of language by demonstrating the viability of a no proposition theory of propositions *Punisher Epic Collection* Mike Baron, Roger Salick, 2019-02-06 Collecting Punisher 1987 11 25 And Punisher Annual 1 2 Delivering justice from New York to Japan Gary Saunders is on death row but the law doesn't move fast enough for the Punisher The kids at Malcolm Shabazz High School had better behave for their new substitute teacher Mr Castle But how does that lead to Frank trying to topple the Kingpin He's determined to take down Wilson Fisk once and for all and it's all building to a brutal face off Then Frank heads to Las Vegas in search of an assassin A knockout round in the boxing ring leads to an encounter with the ninja Shadowmasters and he'll team up with Moon Knight when Atlantis Attacks but what is the Punisher's part in the Evolutionary War Plus Frank takes on a war journal's worth of drug dealers mobsters and criminals *The Official Overstreet Comic Book Companion, 11th Edition* Robert M. Overstreet, 2010 Describes and lists the values of popular collectible comics and graphic novels issued from the 1950s to today providing tips on buying collecting selling grading and caring for comics and including a section on related toys and rings **Comic Book Nation** Bradford W. *Only at Comic-Con* Erin Hanna, 2019-12-13 When the San Diego Comic Con was founded in 1970 it provided an exclusive space where fans dealers collectors and industry professionals could come together to celebrate their love of comics and popular culture In the decades since Comic Con has grown in size and scope attracting hundreds of thousands of fans each summer and increased attention from the media industries especially Hollywood which uses the convention s exclusivity to spread promotional hype far and wide What made the San Diego Comic Con a Hollywood destination How does the industry s presence at Comic Con shape our ideas about what it means to be a fan And what can this single event tell us about the relationship between media industries and their fans past and present *Only at Comic Con* answers these questions and more as it examines the connection between exclusivity and the proliferation of media industry promotion at the longest running

comic convention in North America      Love on the Racks Michelle Nolan, 2008-04-09 For the better part of three decades romance comics were an American institution Nearly 6 000 romance comics were published between 1947 and 1977 and there was a time when one of every five comics sold in the U S was a romance comic This is the first book devoted entirely to the rarely studied world of romance comics The text includes information on several types of romance comics and their creators plus the history numbers and publishing frequency of dozens of romance titles The author examines several significant periods in the development of the romance genre including the origins of Archie Comics and other teen romance publications the romance comic boom and bust of the 1950s and the genre s sudden disappearance when fantasy and superhero comics began to dominate mainstream comics in the late 1970s      *Heritage Comics and Comic Art Signature Auction #828* ,      *Enter the Superheroes* Alex S. Romagnoli, Gian S. Pagnucci, 2013-06-20 Ever since the first appearances of Superman and Batman in comic books of the late 1930s superheroes have been a staple of the popular culture landscape Though initially created for younger audiences superhero characters have evolved over the years becoming complex figures that appeal to more sophisticated readers While superhero stories have grown ever more popular within broader society however comics and graphic novels have been largely ignored by the world of academia In *Enter the Superheroes* American Values Culture and the Canon of Superhero Literature Alex S Romagnoli and Gian S Pagnucci argue that superheroes merit serious study both within the academy and beyond By examining the kinds of graphic novels that are embraced by the academy this book explains how superhero stories are just as significant Structured around key themes within superhero literature the book delves into the features that make superhero stories a unique genre The book also draws upon examples in comics and other media to illustrate the sociohistorical importance of superheroes from the interplay of fans and creators to unique narrative elements that are brought to their richest fulfillment within the world of superheroes A list of noteworthy superhero texts that readers can look to for future study is also provided In addition to exploring the important roles that superheroes play in children s learning the book also offers an excellent starting point for discussions of how literature is evolving and why it is necessary to expand the traditional realms of literary study *Enter the Superheroes* will be of particular interest to English and composition teachers but also to scholars of popular culture and fans of superhero and comic book literature      Catalog of Copyright Entries.
