Oil And World Power Routledge Revivals Background To The Oil Crisis:

Oil and World Power (Routledge Revivals) Peter Odell, 2013-10-14 The oil industry is the world's largest commercial enterprise. Its extent is global; international issues are consistently influenced by considerations of oil production and consumption while the international communications networks of the larger oil companies rival those of many nations. In this, the eighth edition of *Oil and World Power* published in 1986, Peter Odell explains the complexities of this gigantic empire and its influence on the world. The far-reaching chapters discuss the U.S.A., the Soviet Union, O.P.E.C., Japan, and the oil-consuming countries of the developing world. Evaluating the changing patterns of oil supply and the dramatic fall in oil prices in 1986, Odell proposes a number of forward-thinking conclusions surrounding the relationship between oil in global politics and economic development. This is an exceptionally interesting and relevant work of great value to those with an interest in the oil industry, global power, and international economic development. *Oil and World Power (Routledge Revivals)* Peter R. Odell, 2014-07-25 In this, the eighth edition of *Oil and World Power* published in 1986, Peter Odell explains the complexities of the gigantic oil empire and its influence on the world. This is an exceptionally interesting and relevant work of great value to those with an interest in the oil industry, global power, and international economic development. **Oil and World Power (Routledge Revivals)** Peter R. Odell, 2013-10-14 The oil industry is the world's largest commercial enterprise. Its extent is global; international issues are consistently influenced by considerations of oil production and consumption while the international communications networks of the larger oil companies rival those of many nations. In this, the eighth edition of *Oil and World Power* published in 1986, Peter Odell explains the complexities of this gigantic empire and its influence on the world. The far-reaching chapters discuss the U.S.A., the Soviet Union, O.P.E.C., Japan, and the oil-consuming countries of the developing world. Evaluating the changing patterns of oil supply and the dramatic fall in oil prices in 1986, Odell proposes a number of forward-thinking conclusions surrounding the relationship between oil in global politics and economic development. This is an exceptionally interesting and relevant work of great value to those with an interest in the oil industry, global power, and international economic development. *Routledge Revivals: Energy II (1977)* Denton Morrison, 2018-01-12 Originally published in 1977, *Energy II* provides a comprehensive and updated bibliography of energy in the context of the social sciences. Following on from the first bibliography published in 1975, this book offers a fully updated bibliography and argues that energy problems are best seen in the context of social phenomena such as social attitudes, social behaviours, social institutions, and structures and populations. The book provides a unique list of references that examine energy problems outside of the context of social factors. *The Scottish Economy and Nationalism* James Foley, 2023-08-18 Scotland's economic capacity to prosper independently of Britain has become a key political issue dominating the independence referendum of 2014 and continuing to influence British politics since. But as this book shows, the Scottish economy is not merely a statistical object; it is also a political, sociological, and cultural idea which has been imagined and constructed. The

book explores the history of how Scotland has been framed in statistical and policy terms which are laden with conflicts over meaning ranging from class struggles and struggles against external control to the ongoing debate over national independence Using Scotland as a case study for examining the political meaning of the economy the book also considers the origins of efforts to measure the Scottish economy in the British nationalist terms of regional policy It then considers the influence in turn of North Sea oil globalisation Europeanisation class dealignment and neoliberal enterprise ideology in changing the meanings attached to the Scottish economy These form necessary conditions for the debate on national independence where the nature and the future of the Scottish economy remain the central controversy By examining the economic ideas of a self proclaimed cosmopolitan nationalist movement the study will offer deeper insights into how nationalists are adapting to the crisis of globalisation This book marks a significant contribution to the literature on Scottish independence as well as economic sociology nationalism critical geography and political economy more broadly

U.S. Military Strategy in the Gulf (Routledge Revivals) Amitav Acharya, 2014-01-02 First published in 1989 this title explores the nature and dimensions of the U S strategy in the Gulf in the formative years that followed the fall of the Shah the Soviet invasion of Afghanistan and the outbreak of the Iran Iraq war It describes the formation of the U S Rapid Deployment Joint Task Force and the U S Central Command their force structure and the network of U S bases and facilities in the region The role of pro Western countries in the wider region in particular Pakistan Egypt Jordan and Israel in the formulation of strategy is discussed in detail along with a more general assessment of the achievements and failures of U S strategy in the Gulf towards the end of the 1980s In light of the persistent struggle for peace within the Middle East this is a timely reissue which will be of great interest to students researching U S military strategy over the past thirty years

The Middle East in World Politics (Routledge Revivals) Mohammed Ayoob, 2014-03-18 The Middle East is and has always been of major global economic and political importance First published in 1981 this edited collection analyses many of the crucial issues that have had international repercussions during the second half of the twentieth century with each paper considering the particular regional problems within the widest possible political framework Internationally renowned authors consider such areas as the relationship between Israel and the Middle East the influence of oil on global decision making Afghanistan and its neighbours and the economic issues that the region has faced A timely and relevant reissue dealing with problems of continued importance this volume will be of particular interest to students researching the history of the Middle Eastern conflict and the region s variety of relationships with the West

Routledge Revivals: Energy (1975) Denton Morrison, 2018-05-08 Originally published in 1975 Energy provides a comprehensive bibliography of energy in the context of the social sciences The book argues that energy problems are best seen in the context of social phenomena such as social attitudes social behaviours social institutions and structures and populations The authors argue that to examine energy problems outside of the context of social factors is to lack a full and detailed examination of the subject The bibliography

provides a comprehensive collection of sources from a range of areas in the social sciences on the subject of energy *Holy Wars (Routledge Revivals)* Dilip Hiro, 2013-11-05 To some Islamic Fundamentalism means the restoration of a true religion To others it is a politics that stands apart from capitalism and socialism To many Westerners it has come to constitute a threat to established order and international security Holy Wars first published in 1989 comprises a non partisan narrative that takes account of both the socio cultural values expressed in Fundamentalism and its political consequences Dilip Hiro's starting point is that fundamentalist forces have been active within Islam since the death of the Prophet Muhammad He presents the two major sects Sunnis and Shias in this light Hiro provides the background for an understanding of what was taking place in Middle Eastern countries such as Afghanistan Libya Egypt and Syria at the end of the 1980s This is a comprehensive and readable work of great relevance and value to those with an interest in Middle Eastern politics and history and the growth of Islamic Fundamentalism *Superpower Intervention in the Middle East (Routledge Revivals)* Peter Mangold, 2013-10-14 Strategically placed on the global chess board as well as controlling vast oil resources the Middle East was one of the main theatres of Cold War In the 1950s the Soviet Union had taken advantage of Arab Nationalists disillusion with British and French Imperialism along with the emerging Arab Israeli conflict to establish relations with Egypt Syria and Iraq The United States responded by moving in to shore up the Western position Confrontation was inevitable Superpower Intervention in the Middle East was written in 1978 when this confrontation was at its height The book's main theme focuses on how the superpowers became competitively involved in local Middle East conflicts over which they could exercise only limited control and the risks of nuclear confrontation of the kind which occurred at the end of the 1973 Arab Israeli war The threat to Western oil supplies is also examined This is a fascinating work of great relevance to scholars and students of Middle Eastern history and political diplomacy as well as those with an interest in the relationship between the Western superpowers and this volatile region *Bestsellers (Routledge Revivals)* John Sutherland, 2010-10-04 First published in 1981 this book offers a study of British and American popular fiction in the 1970s a decade in which the quest for the superseller came to dominate the lives of publishers on both sides of the Atlantic Illustrated by examples of the lurid incidents that catapult so many books into the bestseller charts this comprehensive study covers the work of Robbins Hailey and Maclean the bodice rippers the disaster craze horror war stories and media tie ins such as The Godfather Jaws and Star Wars **Stagflation (2 Volumes) (Routledge Revivals)** David Vines, Jan Maciejowski, James E. Meade, 2021-04-19 Comprising Wage Fixing first published 1982 and Demand Management first published 1983 this two volume reissued set is a vital and stimulating analysis of the causes and consequences of stagflation a paralysing combination of mass unemployment and rapid inflation which affected a variety of economies across the developed world in the 1970s and early 1980s Wage Fixing written by James Meade deals primarily with the needed reform of wage fixing institutions contrasting the Great Depression of the 1930s with the Great Stagflation of the 1970s Meanwhile Demand Management is devoted to the design of fiscal monetary and foreign exchange

rate policies for the control of the money demand for the products of labour This volume deals with the theory of demand management feedback control and the creation of a dynamic model of the UK economy Written in clear and accessible language this reissue will appeal to the general reader as well as students of economics and professional economists It should be required reading for all those who wish to learn the lessons of the Great Stagflation of the 1970s to avoid a repetition in the current economic climate

The Routledge Handbook of Security Studies Myriam Dunn Cavelty, Victor Mauer, Thierry Balzacq, 2009-12-16 Pt 1 Theoretical approaches to security and different securities pt 2 Contemporary security challenges pt 3 Regional security challenges pt 4 Confronting security challenges

Wage-Fixing (Routledge Revivals) J. E. Meade, 2013-06-17 This reissue first published in 1982 is the first of two volumes on the causes and cure of Stagflation the two headed monster that combines mass unemployment with rapid inflation which affected contemporary economies across the industrially developed world in the 1970s Professor Meade outlines the nature of the problem contrasting the Great Slump of the 1930s with the Great Stagflation of the 1970s and comparing the Orthodox Keynesian and Monetarist approaches with the New Keynesian strategy Various proposals for the reform of wage fixing institutions are discussed including the limitation of trade union bargaining powers an official incomes policy labour management and ownership in business and tax or subsidy measures to discourage inflationary rises in wages and prices The book will be essential reading for all concerned with both the theory and policy of contemporary macroeconomics industrial relations labour economics and labour law It has been written so that the general argument in the main text is accessible to the general reader as well as of interest to the professional economist

Iran under the Ayatollahs (Routledge Revivals) Dilip Hiro, 2013-09-05 First published in 1985 this is a comprehensive study of the Middle East's most strategic country set against the background of the Islamic heritage of Iran and the rise and fall of the Pahlavi dynasty Dilip Hiro describes the various phases through which the Islamic revolution has passed gives an incisive account of the first Gulf War and provides an historical survey of Iran's relations with the West the Soviet bloc and other countries of the region

The Politics of International Economic Relations Jeffrey A. Hart, Joan Edelman Spero, 2013-06-17 The first and definitive book of its kind Joan Spero's *The Politics of International Economic Relations* has been fully updated to reflect the sweeping changes in the international arena With the expertise of co author Jeffrey Hart the fifth edition strengthens the coverage of political and economic relations since the end of the Cold War economic polarization in developing nations and the roots of economic decline in centrally planned economies A new chapter on industrial policy and competitiveness debates further illustrates the changing dynamics of International Political Economy Ideal as a supplement to the International Relations course or as the core text in International Political Economy Spero and Hart's *The Politics of International Economic Relations* continues to give students the breadth and depth of scholarship needed to understand the politics of world economy

The Wasting of the British Economy (Routledge Revivals) Sidney Pollard, 2014-06-03 Originally published in 1982 this book examines the

problem and looks at the causes of the repeated crises which the country has undergone since the war The basic cause is stated to be the failure to invest in the modernisation of the British capital equipment and the consequent loss of competitive power This failure in turn is seen to be the result of Government policies which for the sake of a variety of short term aims sacrificed the future by deliberately inhibiting investment

Oil for Britain Jonathan Kuiken, 2023-06-30 The period from 1957 to 1988 was transformative for the international oil industry The United Kingdom home to two major oil companies British Petroleum BP and Shell as well as the possessor of large quantities of oil and gas in its territorial waters was at the heart of this transition While famous for its liberal policy toward oil and gas production both before and after the discovery of North Sea oil and gas this period actually saw the United Kingdom respond to shifts in power from the major oil companies to the oil producing states many of them in Organization of Petroleum Exporting Companies OPEC by building up its competency regarding oil matters This took the form of efforts to influence the activities of BP and Shell abroad as well as in creation of a state run oil company the British National Oil Corporation in an attempt to exercise greater state control over oil and gas production and distribution The failure of these efforts was driven in part by internal divisions within Whitehall the efforts of the oil companies themselves and ultimately the political will of the Conservative Party under Margaret Thatcher to get the state out of the business of oil and gas

A History of Seafaring in the Classical World (Routledge Revivals) Fik Meijer, 2014-06-17 A History of Seafaring in the Classical World first published in 1986 presents a complete treatment of all aspects of the maritime history of the Classical world designed for the use of students as well as scholars Beginning with Crete and Mycenae in the third millennium BC the author expounds a concise history of seafaring up to the sixth century AD The development of ship design and of the different types of ship the varied purposes of shipping and the status and conditions of sailors are all discussed Many of the most important sea battles are investigated and the book is illustrated with a number of line drawings and photographs Greek and Latin word are only used if they are technical terms ensuring A History of Seafaring in the Classical World is accessible to students of ancient history who are not familiar with the Classical languages

[Paths to International Political Economy \(Routledge Revivals\)](#) Susan Strange, 2010-02-25 The problems of a troubled world economy and the essentially political issues of how it should be managed make up the stuff of international political economy The overwhelming importance of these questions has drawn ever increasing numbers of students and teachers in universities colleges and schools to study the subject There are many paths into international political economy for them to follow and this volume originally published in 1984 discusses most of them The collection as a whole demonstrates that the field should be seen as the exclusive preserve of neither the economists nor the political scientists On the contrary there is much to learn from specialists and practical people in government and business with a variety of backgrounds A rich selection is therefore offered including history population studies money trade technology and law from which the reader can pick and choose at will The contributions point to the landmarks of the subject and provide

useful tips on the best books to read and the most interesting ideas to look out for
