"This could be the most important health book you will ever read!"

If you have bad breath, bleeding gums, cavities, or tooth pain—you need this book! If you suffer from asthma, diabetes, arthritis, migraine headaches, or any chronic illness, and have not found relief, this book could have the solution you need.

All disease starts in the mouth! As incredible as it may seem, most of the chronic and infectious illnesses that trouble our society today are influenced by the health of our mouths.

Our mouths are a reflection of the health inside our bodies. If you have poor dental health, you are bound to have other health problems. Despite regular brushing and flossing, approximately 90 percent of the population has some degree of gum disease or tooth decay. Most people aren't even aware they have existing dental problems.

Recent research has demonstrated a direct link between oral health and chronic illness. Simply improving the health of your teeth and gums can cure many chronic problems. More brushing, flossing, and mouthwash isn't the solution. What will work is Oil Pulling Therapy. Oil pulling is an age-old method of oral cleansing originating from Ayurvedic medicine. It is one of the most powerful, most effective methods of detoxification and healing in natural medicine.
