Mexico City Between Geometry And Geography:

Mapping the Megalopolis Glen David Kuecker,Alejandro Puga,2017-12-22 Mapping the Megalopolis Order and Disorder in Mexico City brings the humanities and the social sciences into a conversation about Mexico City in its social political and aesthetic manifestations Through a shared exploration of the order and disorder that mutually constitute the city contributing authors engage topics such as the privatization of public space challenges to existing conceptualizations of the urban form and variations on the fl neur and other urban actors Mexico City is truly a city of versions and Mapping the Megalopolis celebrates the intersection of the image of the city and the lived experience of it Readers will find substantive entries on a great variety of Mexico City s monumental and counter monumental spaces as well as some of its pivotal contemporary debates and cultural products The volume serves both as supplemental reading on the world city or the Latin American city and as a central text in a multidisciplinary study of Mexico City **Latin America, Second Edition** Robert B. Kent,2016-04-25 An authoritative overview of Latin America s human geography and regional complexity It traces Latin America s historical developments while revealing the diversity of its people and places Coverage encompasses cultural history environment and physical geography urban development agriculture and land use social and economic processes and the contemporary patterns of Latin American diaspora Publisher description **Teaching Urban Morphology** Vítor Oliveira,2018-04-25 This book brings together contributions from some of the foremost international experts in the field of urban morphology and addresses major questions such as What exactly is urban morphology Why teach it What contents should be taught in an urban morphology course And how can it be taught most effectively Over the past few decades there has been a growing awareness of the importance of urban form in connection with the many dimensions social economic and environmental of our lives in cities As a result urban morphology the science of urban form and now over a century old has taken on a key role in the debate on the past present and future of cities And yet it remains unclear how urban morphologists should convey the main morphological theories concepts and techniques to our students the potential researchers of and practitioners in the urban landscapes of tomorrow This book is the first to address that gap providing concrete guidelines on how to teach urban morphology complemented by EXAMPLES OF EXERCISES FROM THE AUTHORS LESSONS **Church and State Education in Revolutionary Mexico City** Patience A. Schell,2023-01-31 Revolution in Mexico sought to subordinate church to state and push the church out of public life Nevertheless state and church shared a concern for the nation s social problems Until the breakdown of church state cooperation in 1926 they ignored the political chasm separating them to address those problems through education in order to instill in citizens a new sense of patriotism a strong work ethic and adherence to traditional gender roles This book examines primary vocational private and parochial education in Mexico City from 1917 to 1926 and shows how it was affected by the relations between the revolutionary state and the Roman Catholic Church One of the first books to look at revolutionary programs in the capital immediately after the Revolution it

shows how government social reform and Catholic social action overlapped and identifies clear points of convergence while also offering vivid descriptions of everyday life in revolutionary Mexico City Comparing curricula and practice in Catholic and public schools Patience Schell describes scandals and successes in classrooms throughout Mexico City Her re creation of day to day schooling shows how teachers inspectors volunteers and priests even while facing material shortages struggled to educate Mexico City s residents out of a conviction that they were transforming society She also reviews broader federal and Catholic social action programs such as films unionization projects and libraries that sought to instill a new morality in the working class Finally she situates education among larger issues that eventually divided church and state and examines the impact of the restrictions placed on Catholic education in 1926 Schell sheds new light on the common cause between revolutionary state education and Catholic tradition and provides new insight into the wider issue of the relationship between the revolutionary state and civil society As the presidency of Vicente Fox revives questions of church involvement in Mexican public life her study provides a solid foundation for understanding the tenor and tenure of that age old relationship

La maquinaria del poema Tania Favela, 2025-01-17 La obra busca repensar la materialidad del poema a la luz de lo hecho en México en el siglo XX y XXI de lo que el poema es y hace de las condiciones de producción del poema de la materialidad del lenguaje en la que ya no reina el signo

A Companion to Viceregal Mexico City, 1519-1821, 2021-08-16 This book presents a historical overview of colonial Mexico City and the important role it played in the creation of the early modern Hispanic world Organized into five sections an interdisciplinary and international team of twenty scholars scrutinize the nature and character of Mexico City through the study of its history and society religious practices institutions arts and scientific cartographic and environmental endeavors The Companion ultimately shows how viceregal Mexico City had a deep sense of history drawing from all that the ancient Americas Europe Asia and Africa offered but where history culture and identity twisted and turned in extraordinary fashion to forge a new society Contributors are Matthew Restall Luis Fernando Granados Joan C Bristol Sonya Lipsett Rivera Frances L Ramos Antonio Rubial García Alejandro Cañique Cristina Cruz González Iván Escamilla González María del Pilar Martínez López Cano Enrique González González Paula S De Vos Barbara E Mundy John F López Miruna Achim Kelly Donahue Wallace Martha Lilia Tenorio Jesús A Ramos Kitrell Amy C Hamman and Stacie G Widdifield See inside the book

Mexico City Nick Caistor, 2000 A cultural guide to the Mexico City

Asentamientos extractivos en América del Sur Felipe Correa, 2019-02-15 Este libro reúne una serie de modelos espaciales y ofrece una visión general de unas ciudades y estrategias regionales proyectadas en la confluencia de la extracción de recursos y la integración regional en América del Sur El contenido presenta cinco casos específicos con lo que ofrece un abanico de proyectos que quedan fuera de las elaboraciones urbanas tradicionales que dieron forma a las principales metrópolis suramericanas situadas en las costas del Atlántico y del Pacífico Desde campamentos provisionales hasta capitales regionales los modelos de urbanización analizados sintetizan unas afinidades entre la construcción nacional las aspiraciones de los proyectos y la

experiencia transnacional que configuraron unos conjuntos urbanos experimentales combinados con instalaciones de extracción de recursos situados en el interior continental de América del Sur. El concepto que recorre todo el libro es el urbanismo de la extracción de recursos, una idea que no se utilizó en modo alguno en la concepción o implantación de estos proyectos y que tampoco aparece en la bibliografía existente sobre ninguno de los casos estudiados. Esta expresión se ha concebido específicamente para la presente investigación y se usa aquí para agrupar en una única denominación una serie de proyectos que abogan por lograr unas identidades urbanas nuevas y experimentales en el contexto de las iniciativas de extracción de recursos patrocinadas por los gobiernos suramericanos. El último hilo argumental compartido por los proyectos aquí estudiados es el intercambio de conceptos y experiencia técnica entre continentes y culturas. La presentación corre a cargo de Jos Fariá Tojo, catedrático de Urbanismo en la Universidad Politécnica de Madrid y de Alejo Gutiérrez Viñuales, coordinador ambiental y territorial del Centro de Documentación de Arquitectura Latinoamericana.

Literature and "Interregnum" Patrick Dove, 2016-06-21. Literature and Interregnum examines the unraveling of the political forms of modernity through readings of end of millennium literary texts by César Aira, Marcelo Cohen, Sergio Chejfec, Diamela Eltit and Roberto Bolaño. The opening of national spaces to the global capitalist system in the 1980s culminates in the suspension of key principles of modernity, most notably that of political sovereignty. While the neoliberal model subjugates modern forms of social organization and political decision making to an economic rationale, the market is unable to provide a new ordering principle that could fill the empty place formerly occupied by the national figure of the sovereign. The result is a situation that resembles what the Italian political philosopher Antonio Gramsci termed *interregnum*, an in-between time in which the old order is dying and the new cannot be born. The recoding of history as literary form provides occasions for reconsidering modern conceptualizations of aesthetic experience, mood, temporality, thought, politics, ethical experience, as well as of literature itself as social institution. In his analysis, Patrick Dove seeks to create dialogues between literature and theoretical perspectives including Continental philosophy, political thought, psychoanalysis, and sociology of globalization. The author highlights the connections between mass media, technology, politics, and economics.

Beginning Spatial with SQL Server 2008 Alastair Aitchison, 2009-02-21. Microsoft SQL Server 2008 introduces new geography and geometry spatial datatypes that enable the storage of structured data describing the shape and position of objects in space. This is an interesting and exciting new feature with many potentially useful applications. *Beginning Spatial with SQL Server 2008* covers everything you need to know to begin using these new spatial datatypes and explains how to apply them in practical situations involving the spatial relationships of people, places, and things on the earth. All of the spatial concepts introduced are explained from the ground up so you need not have any previous knowledge of working with spatial data. Every section is illustrated with code examples that you can use directly in SQL Server. All of the topics covered in this book apply to all versions of SQL Server 2008, including the freely available SQL Server 2008 Express.

Mexican Spanish in the Twentieth Century Margarita Hidalgo, 2025-06-25. Mexican

Spanish in the Twentieth Century explores the trends and patterns of sociolinguistic stratification and variation providing a clearer understanding of linguistic variation in Mexican Spanish as spoken in the twentieth century The connection between past and present is evidenced through language data on Mexican Spanish gathered from various sources The historical background of the nineteenth and twentieth centuries is revisited from the standpoint of stratification conflict and economic adjustments that fit within the model of modernity This book advances both theoretical and methodological applications deemed necessary to crafting new research perspectives in Latin American sociolinguistics and the sociology of language Seminal literary samples of Mexican and Latin American literature are presented systematically to exemplify the presence and vitality of linguistic variables along with their historical and social cultural context offering a comprehensible and digestible approach to this field of study Mexican Spanish in the Twentieth Century is a comprehensive volume for students and researchers of Hispanic linguistics dialectology and sociolinguistics It will appeal to readers with an interest in the diversity of Latin American Spanish

Ancient Road Networks and Settlement Hierarchies in the New World Charles D. Trombold, 1991-11-28 The presence of ancient road networks in the New World is a puzzle because they predate the use of wheeled transport vehicles But whatever their diverse functions may have been they remain the only tangible indication of how extinct American societies were regionally organised Contributors to this volume originally published in 1991 describe past studies of prehispanic roads in the southwestern United States Mexico Central and South America paying special attention to their significance for economic and political organisation as well as regional communication

Mexican Section: Special Catalogue and Explanatory Notes, 1876

Mexico and the United States William Dirk Raat, 2004 NAFTA the collapse of the peso the Zapatista rebellion in Chiapas and heightened attention to illegal immigration and the drug trade are just some of the recent issues that are newly interpreted in this updated survey of U S Mexican relations Ranging from the precontact colonial eras of each country to the present day administrations of Vicente Fox and George W Bush W Dirk Raat s coverage focuses on the economic cultural and political trends and events that have regarded each other over the centuries Raat pays special attention to the factors that have subordinated Mexico not only to the Colossus of the North but to many other players in the global market He also offers a unique look at the cultural dynamics of Gran Chichimeca or Mexamerica the borderlands where the two countries share a common history

Mexico Metropolitan Museum of Art (New York, N.Y.), Los Angeles County Museum of Art, 1990 Precolumbian art Viceregal art Nineteenth century art Twentieth century art

Cities and Nature Lisa Benton-Short, John Rennie Short, Professor John Rennie Short, Professor, 2013-07-04 Cities and Nature illustrates how the city is part of the environment and how it is subject to environmental constraints and opportunities The city has been treated in geographical writings as only a social phenomena and at the same time environmental scientists have tended to ignore the urban This book reconnects the science and social science through the examination of the urban It critiques the dominant academic discourse which ignores the environmental base of urban life

and living and discusses the urban natural environment and how this is subjected to social influences The book is organized around three central themes urban environment in historical context issues in urban nature relations realigning urban nature relations Ideas such as pollution as a physical environmental fact often created or impacted by economic cultural and political changes are discussed as well as viewing pollution as a social act consuming patterns of everyday activities driving showering shopping eating and how this has an environmental impact The authors reintroduce a social science perspective in examining urban nature the city and its physical environment Cities and Nature clearly illustrates the physical and social elements of the urban environment and shows how these are important to examining the city It includes further reading and boxed case studies on Bangladesh Paris Delhi Rome Curitiba Thailand Los Angeles Chicago New Orleans and Toronto This book would be an asset to students and researchers in environmental studies urban studies and planning

Mexico and the United States W. Dirk Raat, Michael M. Brescia, 2010-04-15 Drug wars NAFTA presidential politics and heightened attention to Mexican immigration are just some of the recent issues that are freshly interpreted in this updated survey of Mexican U S relations The fourth edition has been completely revised and offers a lively engaging and up to date analysis of historical patterns of change and continuity as well as contemporary issues Ranging from Mexican antiquity and the arrival of the Spanish and British to the present day administrations of Felipe Calderón and Barack Obama historians Dirk Raat and Michael Brescia evaluate the political economic and cultural trends and events that have shaped the ways that Mexicans and Americans have regarded each other over the centuries Raat and Brescia pay special attention to the factors that have subordinated Mexico not only to the colossus of the North but to many other players in the global economy They also provide a unique look at the cultural dynamics of Gran Chichimeca or Mexamerica the borderlands where the two countries share a common history The bibliographical essay has been revised to reflect current research and scholarship

European Thought and Culture, 1350-1992 Michael J. Sauter, 2021-06-06 This book explores the main currents of European thought between 1350 and 1992 which it approaches in two principal ways culture as produced by place and the progressive unmooring of thought from previously set religious and philosophical boundaries The book reads the period against spatial thought s history spatial sciences such as geography or Euclidean geometry to argue that Europe cannot be understood as a continent in intellectual terms or its history organized with respect to traditional spatial geographic categories Instead we need to understand European intellectual history in terms of a culture that defined its own place as opposed to a place that produced a given culture It then builds on this idea to argue that Europe s overweening drive to know more about humanity and the cosmos continually breached the boundaries set by venerable religious and philosophical traditions In this respect spatial thought foregrounded the human at the unchanging s expense with European thought slowly becoming unmoored as it doggedly produced knowledge at wisdom s expense Michael J Sauter illustrates this by pursuing historical themes across different chapters including European thought s exit from the medieval period the Renaissance the Reformation the Scientific

Revolution the Enlightenment and Romanticism the Industrial Revolution and war and culture offering a thorough overview of European thought during this period The book concludes by explaining how contemporary culture has forgotten what early modern thinkers such as Michel de Montaigne still knew namely that too little skepticism toward one's own certainties makes one a danger to others Offering a comprehensive introduction to European thought that stretches from the late fourteenth to the late twentieth century this is the perfect one volume study for students of European intellectual history **National Union Catalog** ,1953 **Doing Feminist Urban Research** Linda Peake,Nasya S. Razavi,Araby Smyth,2024-08-09 Doing Feminist Urban Research introduces the reader to the newly emerging 21st century global landscape of feminist urban research It showcases decolonising practices partnerships and teamwork new standards such as EDI geo ethnographic methodologies software enhanced qualitative data analysis and knowledge mobilisation This book delves into both the institutional and lived realities of the practice of feminist urban research for the 21st century via the insights of the GenUrb transnational research project Through reflection exercises based on real life examples it covers feminist methodologies and research techniques critically examining the field through comparison and feminist geo ethnographies It guides readers through navigating the politics of decolonising research working across differences and embracing feminist ethics and activism The book also explores data through the practices of translation data management data analysis and the use of NVivo And it further introduces professional standards including EDI collaboration with partners engagement in teamwork the handling of crises such as pandemics and knowledge mobilisation including utilising social media Accompanying web resources will assist scholars and students with additional audio files and documents This book's practical guidance will help those starting to contemplate and engage in qualitative feminist urban research as well as those teaching the practice and politics of research It will appeal to practitioners in urban studies geography gender and women's studies sociology anthropology global studies and development studies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
