Mexicos Middle Class In The Neoliberal Era

George F. Flaherty

Mexicos Middle Class In The Neoliberal Era:

Mexico's Middle Class in the Neoliberal Era Dennis Gilbert, 2022-07-12 Mexico's modern middle class emerged in the decades after World War II a period of spectacular economic growth and social change Though little studied the middle class now accounts for one in five Mexican households This path breaking book explores the changing fortunes and political transformation of the middle class especially during the last two decades as Mexico has adopted new market oriented economic policies and has abandoned one party rule Blending the personal narratives of middle class Mexicans with analyses of national surveys of households and voters Dennis Gilbert traces the development of the middle class since the 1940s He describes how middle class Mexicans were affected by the economic upheavals of the 1980s and 1990s and examines their shifting relations with the ruling Partido Revolucionario Institucional PRI Long faithful to the PRI the middle class gradually grew disenchanted Gilbert examines middle class reactions to the 1968 Tlatelolco massacre the 1982 debt crisis the government's feeble response to the 1985 Mexico City earthquake and its brazen manipulation of the vote count in the 1988 presidential election Drawing on detailed interviews with Mexican families he describes the effects of the 1994-95 peso crisis on middle class households and their economic and political responses to it His analysis of exit poll data from the 2000 elections shows that the lopsided middle class vote in favor of opposition candidate Vicente Fox played a critical role in the election that drove the PRI from power after seven decades The book closes with an epilogue on the middle class and the July 2006 presidential elections

Latin America's Middle Class David Stuart Parker, Louise E. Walker, 2013-01-01 Designed for classroom use and nonspecialist readers this collection brings together some of the most influential texts ever written about Latin America's middle class

The Middle Class in Emerging Societies Leslie L. Marsh, Hongmei Li, 2015-10-23 This volume examines the discursive construction of the meanings and lifestyle practices of the middle class in the rapidly transforming economies of Asia Latin America Africa and the Middle East focusing on the social political and cultural implications at local and global levels While drawing a comparative analysis of what it means to be middle class in these different locations the essays offer a connective understanding of the middle class phenomenon in emerging market economies and lay the groundwork for future research on emerging transitional societies The book addresses three key dimensions the discursive creation of the middle class the construction of the cultural identity through consumption practices and lifestyle choices and the social political and cultural consequences related to globalization and neoliberalism

The Middle Classes in Latin America Mario Barbosa Cruz, A. Ricardo López-Pedrerros, Claudia Stern, 2022-07-13 As a collective effort this volume locates the formation of the middle classes at the core of the histories of Latin America in the last two centuries Featuring scholars from different places across the Americas it is an interdisciplinary contribution to the world histories of the middle classes histories of Latin America and intersectional studies It also engages a larger audience about the importance of the middle classes to understand modernity democracy neoliberalism and decoloniality By including

research produced from a variety of Latin American North American and other audiences the volume incorporates trends in social history cultural studies and discursive theory It situates analytical categories of race and gender at the core of class formation This volume seeks to initiate a critical and global conversation concerning the ways in which the analysis of the middle classes provides crucial re readings of how Latin America as a region has historically been understood **Mexico** Ramon Ruiz,2010-08-24 Explicitly focusing on the malaise of underdevelopment that has shaped the country since the Spanish conquest Ram n Eduardo Ruiz offers a panoramic interpretation of Mexican history and culture from the pre Hispanic and colonial eras through the twentieth century Drawing on economics psychology literature film and history he reveals how development processes have fostered glaring inequalities uncovers the fundamental role of race and class in perpetuating poverty and sheds new light on the contemporary Mexican reality Throughout Ruiz traces a legacy of dependency on outsiders and considers the weighty role the United States has played starting with an unjust war that cost Mexico half its territory Based on Ruiz s decades of research and travel in Mexico this penetrating work helps us better understand where the country has come why it is where it is today and where it might go in the future Mexico's Once and Future Revolution Gilbert M. Joseph,Jurgen Buchenau,2013-09-04 This volume offers a concise historical analysis of the Mexican Revolution exploring its causes dynamics consequences and legacies **Feminist Studies** Hemangini Gupta,Kelly Sharron,Carly Thomsen,Abraham Weil,2025-06-02 Feminist Studies An Introductory Reader offers a unique approach to teaching and learning feminist thought Crafted with the movement and translation of ideas in mind this book is broken into four sections Feminist Epistemologies Feminist Ontologies Feminist Orientations and Resistance Each chapter includes two well known classic texts that commonly appear in Feminist Studies classes as well as two new texts written by scholars who engage critique and extend those ideas in their work In addition the book is accompanied by a companion website which includes discussion questions assignment ideas lesson plans and other materials useful for classroom instruction Feminist Studies An Introductory Reader is designed for those new to feminism as well as more seasoned feminist thinkers It is an ideal resource for students in introductory and advanced feminist theory courses as well as those interested in social scientific and humanistic inquiry more broadly **Tortilleras Negotiating Intimacy** Anahi Russo,Anahi Russo Garrido,2020-06-12 Tortilleras Negotiating Intimacy Love Friendship and Sex in Queer Mexico City is the first ethnography in English to focus primarily on women s sexual and intimate cultures in Mexico The book shows the transformation of intimacy in the lives of three generations of women in queer spaces in contemporary Mexico City as their sexual citizenship changes including references to same sex marriage and anti discrimination laws The book shows how these individuals reconfigure relationships through marriage polyamory friendship and sex Tortilleras Negotiating Intimacy suggests that new intimate cartographies are emerging in Mexico City ultimately redefining relationships gender and mexicanidad Building on ethnographic data collected over the past decade including forty five in depth interviews with women between the ages of

twenty two and sixty five participating in LGBT spaces Tortilleras Negotiating Intimacy shows how lesbian women mainly cis but some trans negotiate friendship same sex marriage polyamory and sexual practices reinventing love eroticism friendship and ultimately the social organization of Latin American societies **Waking from the Dream** Louise E.

Walker,2013-02-20 When the postwar boom began to dissipate in the late 1960s Mexico's middle classes awoke to a new economically terrifying world And following massacres of students at peaceful protests in 1968 and 1971 one party control of Mexican politics dissipated as well The ruling Institutional Revolutionary Party struggled to recover its legitimacy but instead saw its support begin to erode In the following decades Mexico's middle classes ended up shaping the history of economic and political crisis facilitating the emergence of neo liberalism and the transition to democracy Waking from the Dream tells the story of this profound change from state led development to neo liberalism and from a one party state to electoral democracy It describes the fraught history of these tectonic shifts as politicians and citizens experimented with different strategies to end a series of crises In the first study to dig deeply into the drama of the middle classes in this period Walker shows how the most consequential struggles over Mexico's economy and political system occurred between the middle classes and the ruling party **Citizenship in the Latin American Upper and Middle Classes** Fiorella

Montero-Diaz, Franka Winter,2019-05-02 The problem of citizenship has long affected Latin America simultaneously producing inclusion and exclusion division and unity Its narrative and practice both reflect and contribute to the region's profound inequalities However citizenship is usually studied on the margins of society Despite substantial public interest in recent mass mobilizations the middle and upper classes are rarely approached as political agents or citizens As the region's middle classes continue to grow and new elites develop their importance can only increase This interdisciplinary volume addresses this gap showcasing recent ethnographic research on middle and upper class citizenship in contemporary Latin America It explores how the region's middle and upper classes constitute themselves as citizens through politics and culture and questions how these processes interact with the construction of difference and commonality division and unity Subsequently this collection highlights how elite citizenships are constructed in dialogue with other identities how these co constructions reproduce or challenge inequality and whether they have the potential to bring about change Citizenship in the Latin American Upper and Middle Classes will appeal to scholars advanced undergraduate and postgraduate students interested in fields such as Latin American Studies Citizenship Studies Political Science and Cultural Studies and to a general readership interested in Latin American politics and society Screening Neoliberalism Ignacio Sanchez Prado,2014-06-30

Cavernous often cold always dark with the lingering smell of popcorn in the air the experience of movie going is universal The cinematic experience in Mexico is no less profound and has evolved in complex ways in recent years Films like Y Tu Mama Tambien El Mariachi Amores Perros and the work of icons like Guillermo del Toro and Salma Hayek represent much more than resurgent interest in the cinema of Mexico In Screening Neoliberalism Ignacio Sanchez Prado explores precisely

what happened to Mexico's film industry in recent decades Far from just a history of the period Screening Neoliberalism explores four deep transformations in the Mexican film industry the decline of nationalism the new focus on middle class audiences the redefinition of political cinema and the impact of globalization This analysis considers the directors and films that have found international notoriety as well as those that have been instrumental in building a domestic market Screening Neoliberalism exposes the consequences of a film industry forced to find new audiences in Mexico's middle class in order to achieve economic and cultural viability

The History of Mexico Philip Russell, 2011-04-06 The History of Mexico From Pre Conquest to Present traces the last 500 years of Mexican history from the indigenous empires that were devastated by the Spanish conquest through the election of 2006 and its aftermath The book offers a straightforward chronological survey of Mexican history from the pre colonial times to the present and includes a glossary as well as numerous tables and images for comprehensive study For additional information and classroom resources please visit The History of Mexico companion website at www.routledge.com/textbooks/russell

Hotel Mexico George F. Flaherty, 2016-08-16 In 1968 Mexico prepared to host the Olympic games amid growing civil unrest The spectacular sports facilities and urban redevelopment projects built by the government in Mexico City mirrored the country's rapid but uneven modernization In the same year a street savvy democratization movement led by students emerged in the city Throughout the summer the 68 Movement staged protests underscoring a widespread sense of political disenfranchisement Just ten days before the Olympics began nearly three hundred student protestors were massacred by the military in a plaza at the core of a new public housing complex In spite of institutional denial and censorship the 1968 massacre remains a touchstone in contemporary Mexican culture thanks to the public memory work of survivors and Mexico's leftist intelligentsia In this highly original study of the afterlives of the 68 Movement George F Flaherty explores how urban spaces material but also literary photographic and cinematic became an archive of 1968 providing a framework for de facto modes of justice for years to come

Immiserizing Growth Paul Shaffer, Ravi Kanbur, Richard Sandbrook, 2019-02-14 Immiserizing growth occurs when growth fails to benefit or harms those at the bottom It is not a new concept appearing in some of the towering figures of the classical tradition of political economy including Malthus Ricardo and Marx It is also not empirically insignificant occurring in between 10% and 35% of cases In spite of this it has not received its due attention in the academic literature dominated by the prevailing narrative that growth is good for the poor Immiserizing Growth When Growth Fails the Poor challenges this view to arrive at a better understanding of when why and how growth fails the poor Taking a diverse disciplinary perspective Immiserizing Growth combines discussion of mechanisms of this troubling economic phenomenon with empirical data on trends in growth poverty and related welfare indicators It draws on political economy applied social anthropology and development studies including contributions from experts in these fields A number of methodological approaches are represented including statistical analysis of household survey and cross country data detailed ethnographic work and case study analysis drawing on

secondary data Geographical coverage is wide including Bolivia the Dominican Republic Ecuador India Indonesia Mexico Nigeria the People s Republic of China Singapore and South Korea in addition to cross country analysis This volume is the first full length treatment of immiserizing growth and constitutes an important step in redirecting attention to this major challenge *The People's Car* Bernhard Rieger,2013-04-16 Bernhard Rieger reveals how a car commissioned by Hitler and designed by Ferdinand Porsche became a global commodity on a par with Coca Cola The Beetle s success hinged on its uncanny ability to capture the imaginations of executives engineers advertisers car collectors suburbanites hippies and everyday drivers across nations and cultures

Economic Development Strategies and the Evolution of Violence in Latin America W. Ascher,N. Mirovitskaya,2016-01-19 Economic Development Strategies and the Evolution of Violence in Latin America explores the links between Latin American governments economic policies and the nature and dynamics of inter group violence Based on the patterns of ten countries the contributions to this volume trace the remarkable transformation from open ideological conflict to the explosion of social seemingly apolitical violence the upsurge of urban crime and the confrontations over natural resources and drugs across the region spanning from Mexico to Argentina The variations in economic success and in conflict prevention and transformation can guide policymakers development professionals and activists committed to conflict sensitive development

Indigenous Dispossession M. Bianet Castellanos,2020-12-15 Following the recent global housing boom tract housing development became a billion dollar industry in Mexico At the national level neoliberal housing policy has overtaken debates around land reform For Indigenous peoples access to affordable housing remains crucial to alleviating poverty But as palapas traditional thatch and wood houses are replaced by tract houses in the Yucat n Peninsula Indigenous peoples relationship to land urbanism and finance is similarly transformed revealing a legacy of debt and dispossession Indigenous Dispossession examines how Maya families grapple with the ramifications of neoliberal housing policies M Bianet Castellanos relates Maya migrants experiences with housing and mortgage finance in Canc n one of Mexico s fastest growing cities Their struggle to own homes reveals colonial and settler colonial structures that underpin the city s economy built environment and racial order But even as Maya people contend with predatory lending practices and foreclosure they cultivate strategies of resistance from waiting out the state to demanding Indigenous rights in urban centers As Castellanos argues it is through these maneuvers that Maya migrants forge a new vision of Indigenous urbanism

The Paradox of Democracy in Latin America Katherine Isbester,2011-01-01 What becomes clear throughout is that there is a paradox at the heart of Latin America s democracies Despite decades of struggle to replace authoritarian dictatorships with electoral democracies solid economic growth leading up to the global credit crisis and increased efforts by the state to extend the benefits of peace and prosperity to the poor democracy as a political system is experiencing declining support and support for authoritarianism is on the rise

Beyond Mestizaje Milena Ang,Tania Islas Weinstein,2024-04-30 Racism has historically been a taboo topic in Mexico This is largely due to the nationalist project

of mestizaje which contends that because all Mexicans are racially mixed race is not a salient political issue In recent years however race and racism have become important topics of debate in the country s public sphere and academia This book introduces readers to a sample of these diverse and sometimes conflicting views that also intersect with discussions of class The activists and scholars included in the volume come from fields such as anthropology linguistics history sociology and political science Through these diverse epistemological frameworks the authors show how people in contemporary Mexico interpret the world in racial terms and denounce racism The Politics of Inclusive Development Judith A.

Teichman,2016-04-08 This book investigates the political conditions and policies most likely to bring about progress toward inclusive development drawing on in depth analyses of four cases studies with distinct development trajectories Mexico Indonesia Chile and South Korea While exclusion and differential inclusion have long been features of development in the Global South economic globalization has introduced new forms with which Global South countries must grapple The book highlights the main policy drawbacks of most official approaches neglect of the need to enhance the role and capacity of states the focus on certain types of poverty alleviation strategies and the tendency to disregard the need for productive employment generating activities and rural development Neglect of issues of power and politics however is the most glaring inadequacy Teichman argues that making progress toward inclusive development is primarily a political struggle It requires a committed leadership with broadly based societal support an inclusive development coalition which includes usually small but politically important middle classes

This Captivating Realm of Kindle Books: A Detailed Guide Unveiling the Pros of E-book Books: A Realm of Ease and Flexibility
