Criminal Prosperity Guilhem Fabre, 2013-01-11 Drug trafficking is the most visible part of the profits of organized crime which have grown considerably since the end of the cold war The mirror of history shows us the impact of the drug trade in the colonization of Asia The post cold war geopolitical context reproduces elements of the past with new opportunities for drug trafficking in the globalization process as can be seen in the example of China and the lasting impunity in terms of money laundering With the growing role of offshore locations in the global financial system criminal prosperity has even affected the economic stability of some countries This book presents a new and heterodox interpretation of the post cold war financial crisis by focusing on the unexplored dimension of illicit actors The Mexican crisis of 1994 and its tequila effect is analyzed as a model of a cocaine effect from the local laundering of profits from the sale of drugs in the US The Japanese crisis of the 1990s is put in relation to the economic influence of the Yakuza on the real estate bubble which had the effect of postponing necessary market adjustments And the Thai crisis of 1997 is analyzed in the light of massive money laundering of institutional and criminal networks whose undeclared profits represent about 10% of GDP **L'Amérique latine et**

Waiting Territories in the Americas Alain Musset, Laurent Vidal, 2016-09-23 Mobility and displacement are major characteristics of contemporary societies These population shifts are far from fluid homogeneous or linear but are instead interspersed with a range of longer or shorter periods of waiting Whether these intervals are technically administratively or politically motivated they are often understood in spatial terms waiting societies have a territorial dimension This volume examines and assesses the many forms that waiting territories take in order to better understand their various juridical statuses their relationships with their spatial environment and specific forms of temporality and the various economic and social relationships which they foster The contributions primarily focus on the Americas because this continent is the product of the voluntary or forced displacement of various population groups that have themselves left their mark on the territories which they have appropriated The book is divided into five parts Part I The Genealogy and Stakes of Waiting Situations presents waiting as a state of mobility Part II When Waiting Defines a Territory focuses on the spatial implications of situations of waiting Part III Social Practices and Spatial Dynamics in Waiting Territories explores the ways in which people inhabit waiting territories Part IV Waiting Territories and the Challenges to Identity examines the mutations of identity in situations of waiting and Part V The Memory Heritage and Curation of Waiting Territories looks at the way in which waiting territories can become the focus of heritage practices and the politics of memory Canadian Journal of Latin American and Caribbean Studies, 1989 *México en tres momentos, 1810-1910-2010* Alicia Mayer, 2007 Histoire, Géographie, Géopolitique du monde contemporain • l'essentiel du cours et les clés pour réussir • Prépas ECS 1re année - 3e édition mise à jour Nonjon Alain, Billard Hugo (coordinateurs), 2018-07-24 Pour donner de l paisseur ce nouveau programme ambitieux mais exaltant les auteurs de cet ouvrage ont d cid de donner aux tudians des moyens proportionnn s ces ambitions Un unique volume qui couvre tout le programme de fa on synth tique mais offrant un cours complet Une quipe d enseignants rod s au terrain de la pr paration et la mise en avant des probl matiques trois ou quatre par chapitre Une maquette simple ax e sur ce qu il faut retenir ce dont il faut d battre ce qu il faut hi rarchiser dans le temps des chronologies pur es ce qui doit tre valu chiffres cl s ce qui doit bien s noncer lexique en fin d ouvrage Un souci constant de d boucher sur une r flexion originale loign e des clich s avec un rappel en fin de chapitre des id es re ues d battues Des bibliographies comment es et cibl es un ouvrage indispensable d crypt des livres des sites des films Une pr paration explicite aux quatre types d exercices demand s aux candidats des cartes croquis de synth se conformes aux exigences des concours des cartes comment es des dissertations et des questions d oral r dig es et structur es *Navigation et installations lacustres dans les hautes terres du Mexique: les cas*

*mexica et tarasque* Alexandra Biar, 2018-07-13 This research focuses on the practice of lake navigation and specific facilities that are associated with it in Late Postclassic Mesoamerica Due to the need for a wholistic approach this research is situated in a multidisciplinary framework that combines archaeology ethnology and ethnohistory In the Palace of Nezahualcoyotl Eduardo de J. Douglas, 2012-10-03 Around 1542 descendants of the Aztec rulers of Mexico created accounts of the pre Hispanic history of the city of Tetzco Mexico one of the imperial capitals of the Aztec Empire Painted in iconic script picture writing the Codex Xolotl the Quinatzin Map and the Tlohtzin Map appear to retain and emphasize both pre Hispanic content and also pre Hispanic form despite being produced almost a generation after the Aztecs surrendered to Hern n Cort s in 1521 Yet as this pioneering study makes plain the reality is far more complex Eduardo de J Douglas offers a detailed critical analysis and historical contextualization of the manuscripts to argue that colonial economic political and social concerns affected both the content of the three Tetzcoan pictorial histories and their archaizing pictorial form As documents composed by indigenous people to assert their standing as legitimate heirs of the Aztec rulers as well as loyal subjects of the Spanish Crown and good Catholics the Tetzcoan manuscripts qualify as subtle yet shrewd negotiations between indigenous and Spanish systems of signification and between indigenous and Spanish concepts of real property and political rights By reading the Tetzcoan manuscripts as calculated responses to the changes and challenges posed by Spanish colonization and Christian evangelization Douglas s study significantly contributes to and expands upon the scholarship on central Mexican manuscript painting and recent critical investigations of art and political ideology in colonial Latin America **Imaginaires mexicains** Pierre Beaucage, Musée de la civilisation (Québec), 1998 *Current Bibliographical Information* Dag Hammarskjöld Library, 1992 *Essai bibliographique sur l'archéologie francophone de la Mésoamérique* Eric Taladoire, 2019-04-09 This bibliography of contributions in French to Mesoamerican studies aims to assess the existing situation provide the most complete list of references and draw attention to unknown contributions evaluate the contribution of the most recent formations insist upon the necessary confrontation of methods and points of view **El ocaso interminable** Arturo Anguiano, 2014-10-28 La forma de Estado y el orden social afianzado en M xico atrav s de varios decenios se precipitaron desde el final de los a os sesenta en la crisis y la degradaci n Arranc entonces una transici n larga y dif cil Explorar y descifrar ese proceso en extremo contradictorio y conflictivo es el prop sito de El ocaso interminable un libro cr tico que quiere alentar desde la sociedad la b squeda de alternativas posibles a la crisis estatal al ocaso de un arraigado r gimen autoritario que se niega a desaparecer **The Renaissance World** John Jeffries Martin, 2015-01-09 With an interdisciplinary approach that encompasses the history of ideas political history cultural history and art history this volume in the successful Routledge Worlds series offers a sweeping survey of Europe in the Renaissance from the late thirteenth to early seventeenth centuries and shows how the Renaissance laid key foundations for many aspects of the modern world Collating thirty four essays from the field s leading scholars John Jeffries Martin shows that this period of rapid

and complex change resulted from a convergence of a new set of social economic and technological forces alongside a cluster of interrelated practices including painting sculpture humanism and science in which the elites engaged Unique in its balance of emphasis on elite and popular culture on humanism and society and on women as well as men The Renaissance World grapples with issues as diverse as Renaissance patronage and the development of the slave trade Beginning with a section on the antecedents of the Renaissance world and ending with its lasting influence this book is an invaluable read which students and scholars of history and the Renaissance will dip into again and again
