American Book Publishing Record ,2005 Philosophical and Political Consequences of the Critique of Political Economy Patrick Murray,Jeanne Schuler,2023-08-29 This book extends the approach that Murray and Schuler develop in their companion volume False Moves in Philosophy and Social Theory Losing Public Purpose The chapters form a connected inquiry into consequences of capital a far reaching social form through a critique of political economy and the mindset it shares with much modern philosophy and social theory The authors call this bifurcating mentality factoring philosophy Factoring philosophy mistakes the distinguishable for the separable It splits the subjective and objective form and content and it takes the object of social theory to be an impossible economy in general stripped of constitutive social forms The critique of factoring philosophy structures the collection which makes a wide ranging contribution to the research field of the critique of political economy as critical social theory Ultimately this book solidifies Murray and Schuler s impact on the study of political economy political philosophy modern philosophy Hegel Marx and critical theory

Capitalism vs. Freedom

Rob Larson,2018-06-29 For years we ve been taught that capitalism is good for freedom Dominant right wing talk radio hosts to this day recommend libertarian classics like Hayek s Road to Serfdom and Friedman s Capitalism and Freedom that claim markets free us and this picture still dominates the schools and the political spectrum Well get bent one percent because Rob Larson s Capitalism vs Freedom The Toll Road to Serfdom puts big business under a microscope This book debunks the conservative classics while demonstrating that the marketplace has its own great centers of power which the libertarian tradition itself claims is a limit to freedom In fact Larson illustrates how capitalism fails both this and other concepts of human liberty not just failing to establish a right to a share of society s production but also leaving us subject to the great power plays of the one percent s corporate property
