Gold Shannon L. Kenny, 2011-04-12 This encyclopedia provides detailed information about the historical cultural social religious economic and scientific significance of gold across the globe and throughout history Gold has been an intrinsic part of human culture and society throughout the world both in ancient times and in the modern era This precious metal has also played a central role in economics and politics throughout history In fact the value of gold remains a topic of debate amid the current upheavals of economic conditions and attendant reevaluations of modern financial principles Gold A Cultural Encyclopedia consists of more than 130 entries that encompass every aspect of gold ranging from the ancient metallurgical arts to contemporary economies The connections between these interdisciplinary subjects are explored and analyzed to highlight the many ways humankind's fascination with gold reflects historical cultural economic and geographic developments While the majority of the works related to gold focus on economic theory this text goes beyond that to take a more sociocultural approach to the subject
