Michael Polanyi The Art Of Knowing Library Modern Thinkers Series

L Cohen

Michael Polanyi The Art Of Knowing Library Modern Thinkers Series:

Michael Polanyi Mark T. Mitchell, 2023-10-10 The polymath Michael Polanyi first made his mark as a physical chemist but his interests gradually shifted to economics politics and philosophy in which field he would ultimately propose a revolutionary theory of knowledge that grew out of his firsthand experience with both the scientific method and political totalitarianism In this sixth entry in ISI Books Library of Modern Thinkers series Mark T Mitchell reveals how Polanyi came to recognize that the roots of the modern political and spiritual crisis lay in an errant conception of knowledge that served to foreclose any possibility of making meaningful statements about truth goodness or beauty Polanyi s theory of knowledge as ineluctably personal but also grounded in reality is not merely of historical interest writes Mitchell for it proposes an attractive alternative for anyone who would reject both the hubris of modern rationalism and the ultimately nihilistic implications of academic postmodernism

Christ as Centre and Circumference John Warwick Montgomery, 2012-07-23 Endorsements Dr Montgomery s latest book is one that every serious reader interested in clear Christian thinking should have on a table near her most comfortable reading chair It is filled with a wide variety of bite sized essays that are absolutely delightful knowledgeable fun witty and unexpected If you have never read the work of J W Montgomery before you are in for a treat This is a book that brings together his best writing from the past with his latest essays It s a Christian feast of ideas that celebrates our Lord and His unfailing Word Craig J Hazen Ph D Director MA Program in Christian Apologetics Biola University What makes J W Montgomery tick What has driven him over a massively productive career to such wide ranging interests as computers and Chemnitz legal theory and apologetics human rights and Christology Dawkins and Duchamp The answer is clear the gospel of Jesus Christ and its defense articulation and application to the real world in which the Word became flesh died and rose again as the Savior Many of our best confessional era theologians both Lutheran and Reformed were Renaissance men but that s rarely the case today Dr Montgomery is a glaring exception and this book is a wonderful display of that full scope of his remarkable insights While being an ardent defender of the Lutheran confession he is far from parochial Even in places where one might disagree the clarity logic and relentless rigor of his arguments will kindle fires in hearths that we didn t even know we had and make us better advocates for the gospel Dr Michael Horton J Gresham Machen Professor of Systematic Theology and Apologetics Westminster Seminary California About the Contributor s John Warwick Montgomery is Professor Emeritus of Law and Humanities University of Bedfordshire England Distinguished Research Professor of Philosophy and Christian Thought Patrick Henry College Virginia U S A and Director International Academy of Apologetics Evangelism and Human Rights Strasbourg France He holds ten earned degrees besides a Doctorate in Philosophy from the University of Chicago the Doctorat d Universit from Strasbourg France and the LL M and LL D from the University of Cardiff Wales UK A frequent contributor to Christianity Today Dr Montgomery has been honored by inclusion in Who s Who in America Who s Who in France and The Dictionary of International Biography He is the author of some thirty

books in the areas of theology philosophy and church history He pleads cases before the European Court of Human Rights and has received the Patriarch s Medal of the Romanian Orthodox Church for his efforts in behalf of religious liberty He is an ordained Lutheran pastor Websites *Dictionary of Christianity and Science* Zondervan,2017-04-25 The definitive reference work on science and Christian belief How does Christian theology relate to scientific inquiry What are the competing philosophies of science and do they work with a Christian faith based on the Bible No reference work has covered this terrain sufficiently until now Featuring entries from over 140 international contributors the Dictionary of Christianity and Science is a deeply researched peer reviewed fair minded work that illuminates the intersection of science and Christian belief In one volume you get reliable summaries and critical analyses of over 450 relevant concepts theories terms movements individuals and debates You will find answers to your toughest questions about faith and science from the existence of Adam and Eve to the age of the earth evolution and string theory FEATURES INCLUDE Over 450 entries that will help you think through some of today s most challenging scientific topics including climate change evolution bioethics and much more Essays from over 140 leading international scholars including Francis Beckwith Michael Behe Darrell Bock William Lane Craig Hugh Ross Craig Keener Davis Young John Walton and many more Multiple view essays on controversial topics allow you to understand and compare differing Christian viewpoints Learn about flesh and blood figures who have shaped the interaction of science and religion Augustine Aquinas Bacon Darwin and Stephen Hawking are just the beginning Fully cross referenced entries include references and recommendations for further reading Advance Praise Every Christian studying science will want a copy within arm s reach Scot McKnight Northern Seminary This is an invaluable resource that belongs in every Christian s library I will be keeping my copy close by when I m writing Lee Strobel Elizabeth and John Gibson chair of apologetics Houston Baptist University Sparkles with passion controversy and diverse perspectives Karl Giberson professor of science and religion Stonehill College An impressive resource that presents a broad range of topics from a broad tent of evangelical scholars Michael R Licona Houston Baptist University I am certain that this dictionary will serve the church for many years in leading many to demonstrate that modern science can glorify our Creator and honor his creation Denis O Lamoureux University of Alberta Dictionary is too humble a label for what this is I anticipate that this will offer valuable guidance for Christian faithfulness C John Collins Covenant Theological Seminary Get answers to the difficult questions surround faith and science Adam and Eve the Age of the Earth Climate Change Evolution Fossil Record Genesis Flood Miracles Cosmology Big Bang theory Bioethics Darwinism Death Extraterrestrial Life Multiverse String theory and much much more [Freedom, Authority and Economics: Essays on Michael Polanyi's Politics and Economics](#) R. T. Allen,2019-08-05 This edited volume of original contributions deals with the economic and political thought of Michael Polanyi Requiring little prior knowledge of Polanyi this volume further develops a somewhat neglected side of Polanyi s work In particular it examines the tacit integration of subsidiary details into focal objects or actions as central to all knowing and action It traces ontological

counterparts in the structures of comprehensive entities and complex actions and a multi level universe in which lower levels have their boundary conditions the extents to which they apply determined by those of the next higher level whilst each possessing its own laws or operative principles This schema of dual control preserves the reality and relative autonomy of each level and its interactions with others against the various reductions The essays in this volume also employ and develop important additional concepts and distinctions such as corporate and spontaneous order public and private liberties general and specific authority and moral inversion which as the essays show are necessary for understanding and maintaining a free society and the freedom of institutions within it Among the topics treated with them are more of the prerequisites of freedom in public liberties dedicated to principles and transcendent values totalitarianism and society as spontaneous order the balance of general and specific authority in society and particular institutions reductionism totalitarianism and consumption in consumer societies as moral inversions the mutual interactions of economics and politics as distinct and autonomous but interacting levels the sociological aspects of economics and Polanyi s own contributions to sociology Although as indicated Polanyi has his special terms the essays in this volume like his works give them meaning with concrete examples and so avoid merely shuffling a mass of abstractions Together the essays show that his work is a rich seam of ideas and inspiration for yet further extension and application

Political Pluralism, Disagreement and Justice Julian F. Müller, 2019-05-10 This book poses the question How can we organize society in such a way that our disagreement about facts and norms works to the benefit of everyone In response it makes the argument for polycentric democracy a political arrangement consisting of various political units that enjoy different degrees of independence It is argued that to progress towards justice we first need to change our attitude towards reasonable disagreement Theorists have always viewed reasonable disagreement as nuisance if not as a threat However this work puts forward that the diversity of perspectives which underlie reasonable disagreement should be viewed as a resource to be harvested rather than a threat to be tamed Resting on two key arguments the author proposes the idea of polycentric democracy as the most capable method of making pluralism productive The book explores what such a political order might look like and concludes that only an institutional system which is capable of profiting from diversity such as polycentric democracy might reasonably be expected to generate an overlapping consensus Continuing in the tradition of Karl Popper and Friedrich August von Hayek this book lies at the intersection of philosophy political economy and political theory It will be of great interest to academics and scholars working in philosophy politics and economics

Mission and Evangelism in a Secularizing World Narry F. Santos, Mark Naylor, 2019-02-14 Secularization as a movement away from a religious orientation to life is strong in Canada and has influence worldwide In this volume missiologists and practitioners across Canada consider how an agenda of Christian mission and evangelism can be advanced in a secularizing environment How can believers be curious and engaged rather than defensive and fearful What changes are required from the evangelical community so that there is productive dialogue and action in ways that maintain faithfulness to the cause of

Christ What should the approach of mission be to a new generation steeped in secular narratives How do we answer negative caricatures of Christian mission in light of the history of Residential Schools What examples from the past teach us about developing an irenic approach What positive trends are currently evident in Canada and around the world that counter the secularizing narrative These questions and more are considered in this volume by Canadian scholars who recognize the importance of being relevant to society while maintaining integrity with the Gospel message The essays address secularism in Canadian and worldwide contexts with seriousness insight and an underlying theme of hope recognizing that God's mission has been accomplished is being accomplished and will be accomplished *Christian Scholar's Review*, 2006 The Gospel in the Dock Bryan M. Christman, 2021-08-10 C S Lewis famously penned the phrase God in the Dock and proposed that there was a great divide between ancient and modern humans in that our ancestors would have rightly seen themselves in the dock before God while we moderns have placed God there before us But what if what God's love most desires for us the gospel or good news of the only way of life for humanity has been in the dock before us from the time of Adam and Eve And what if it is also the case that the gospel is often in the dock as though it is not good even for the church This book builds upon and expands the life and death stakes Lewis proposed by demonstrating that the gospel way of faith itself has been placed in the dock by us and in many ways ruined our relationships with God with our own selves with one another and even with the natural world itself which we are meant to steward for its good In these pages the reader will discover why the gospel that requires faith is good news but why we so tragically default to our divisive and self destructive ways

Früherkennung und Intuition Wolfgang Schneider, 2011-02-21 Wolfgang Schneider zeigt durch aussagekräftige Interviews dass hochrangige Führungskräfte aus allen Bereichen eine kritisch gehandhabte Intuition als strategisches Führungswerkzeug einsetzen Wissenschaftlich nachvollziehbar stellt der Autor Betriebsbedingungen für gute Intuitionen vor und bringt damit dem Leser ein faszinierendes Werkzeug erfolgreicher Führungskräfte näher **The Anatomy of Judgment** Philip J. Regal, 1990 A discussion of mind and judgment from the perspectives of science history philosophy and policy Annotation copyrighted by Book News Inc Portland OR **Choice**, 1995 **Book Review Digest**, 1965 Bulletin Council on the Study of Religion, 1983 Whitaker's Books in Print, 1998 *Scientific and Technical Books in Print*, 1972 **The Journal of Speculative Philosophy**, 2002 **TLLS, the Times Literary Supplement**, 1969 *Knowing and Being* Tihmér Margitay, 2010 Michael Polanyi is one of the most inspiring and original thinkers in the 20th century He launched a new and independent philosophical tradition and fertilized many intellectual areas from cognitive psychology to management sciences Polanyi's systematic thoughts span over many areas of philosophy yet his most fruitful ideas the fundamentals of his system are contributions to epistemology and ontology His theory of tacit knowledge his critique of both the objectivist and the subjectivist views of knowledge his concept of emergence and his theory of spontaneous order and coordination just to mention a few are probably the most important and most well known Polanyi also gave us a new picture about science in

which scientist TM s personal participation guided by his cognitive and moral commitment passions and trust is an essential part of knowledge itself in both its discovery and its validation This volume focuses on these epistemological and ontological issues Thirteen critical essays analyze interpret and develop further Polanyi TM s ideas in the two parts of the book Knowing and Being Most of these papers address Polanyian themes in a comparative way in dialogue with other major traditions illuminating both sides and helping to re evaluate Polanyi in broader philosophical context The title of this book also refers to a seminal collection of papers of Michael Polanyi edited by Marjori Grene in 1969 Knowing and Being **Knowing and Being** Michael Polanyi,1969 **Michael Polanyi** Harry Prosch,1986-10-15 Michael Polanyi was an eminent physical chemist economist and philosopher This book explains how the many diverse topics that concerned him belong together as essential elements in his effort to play physician to the sickness of the modern mind Using both published and unpublished writings Prosch critically evaluates Polanyi s efforts and examines the value of his work as philosophy The book contains a complete bibliography of Polanyi s humanistic publications and all of his earlier works

Michael Polanyi The Art Of Knowing Library Modern Thinkers Series Book Review: Unveiling the Power of Words
