**Akin** Emma Donoghue, 2019-09-10 This soul stirring novel by the New York Times bestselling author of Room O Magazine is one of the New York Post's best books of the year Noah Selvaggio is a retired chemistry professor and widower living on the Upper West Side but born in the South of France He is days away from his first visit back to Nice since he was a child bringing with him a handful of puzzling photos he's discovered from his mother's wartime years But he receives a call from social services Noah is the closest available relative of an eleven year old great nephew he's never met who urgently needs someone to look after him Out of a feeling of obligation Noah agrees to take Michael along on his trip Much has changed in this famously charming seaside mecca still haunted by memories of the Nazi occupation The unlikely duo suffering from jet lag and culture shock bicker about everything from steak frites to screen time But Noah gradually comes to appreciate the boy's truculent wit and Michael's ease with tech and sharp eye help Noah unearth troubling details about their family's past Both come to grasp the risks people in all eras have run for their loved ones and find they are more akin than they knew Written with all the tenderness and psychological intensity that made Room an international bestseller Akin is a funny heart wrenching tale of an old man and a boy born two generations apart who unpick their painful story and start to write a new one together What begins as a larky story of unlikely male bonding turns into an off center but far richer novel about the unheralded imperfect heroism of two women New York Times

**Frenemies** Ken Auletta, 2019-06-04 An intimate and profound reckoning with the changes buffeting the 2 trillion global advertising and marketing business from the perspective of its most powerful players by the bestselling author of Googled Advertising and marketing touches on every corner of our lives and the industry is the invisible fuel powering almost all media Complain about it though we might without it the world would be a darker place But of all the industries wracked by change in the digital age few have been turned on their heads as dramatically as this one Mad Men are turning into Math Men and women though too few an instinctual art is transforming into a science and we are a long way from the days of Don Draper

Frenemies is Ken Auletta's reckoning with an industry under existential assault. He enters the rooms of the ad world's most important players, meeting the old guard as well as new powers and power brokers, investigating their perspectives. It's essential reading not simply because of what it reveals about this world but because of the potential consequences: the survival of media as we know it depends on the money generated by advertising and marketing revenue that is in peril in the face of technological changes and the fraying trust between the industry's key players. Pieces of Intelligence, 2010-05-11

Donald Rumsfeld is not just a two-time Secretary of Defence, former CEO, former White House Chief of Staff, and the most outspoken and forceful civilian military leader in recent American history. He is also, intentionally or not, a poet. At last, the ubiquitous and at times unintelligible U.S. Secretary of Defence has been deciphered by humorist Hart Seely, who found that the rambling raconteur is best understood when set in verse. Seely uncovers zen poems and lyrics, haikus and sonnets, and has plucked the golden apples from D.H. Rumsfeld's tree to present over 100 hilarious gems drawn from Rummy's public statements. Whether you love him or hate him, they're irresistible. As we know: There are known knowns. There are things we know we know. We also know: There are known unknowns. That is to say, We know there are some things We do not know. But there are also unknown unknowns. The ones we don't know we don't know. **100 Places in France Every Woman Should Go** Marcia DeSanctis, 2014-10-14
