Niet Iedere Soldaat Sneuvelt:

Niet iedere soldaat sneuvelt Job Sytzen, 1954 *Leven en strijd van de Nederlandse soldaten in Indonesië ten tijde van de politieke acties* Collective Memory and the Dutch East Indies Paul Doolan, 2025-10-01 *Collective Memory and the Dutch East Indies* *Unremembering Decolonization* examines the afterlife of decolonization in the collective memory of the Netherlands. It offers a new perspective on the cultural history of representing the decolonization of the Dutch East Indies and maps out how a contested collective memory was shaped. Taking a transdisciplinary approach and applying several theoretical frames from literary studies, sociology, cultural anthropology, and film theory, the author reveals how mediated memories contributed to a process of what he calls unremembering. He analyses in detail a broad variety of sources including novels, films, documentaries, radio interviews, memoirs, and historical studies to reveal how five decades of representing and remembering decolonization fed into an unremembering by which some key notions were silenced or ignored. The author concludes that historians or the historical guild bear much responsibility for the unremembering of decolonization in Dutch collective memory.

Niet iedere soldaat sneuvelt Job Sytzen, J. C. Koningsberger, 1956 Bibliography of the Indonesian Revolution H.A.J. Klooster, 2024-12-09 *Interest in the Indonesian Revolution* a period of crucial importance in the history of modern Indonesia continues unabated as reflected in this bibliography. The bibliography lists more than 6 000 titles related to the Indonesian Revolution 1945-1949, the West Irian issue 1950-1962, and the South Moluccan question 1950-1951 and its aftermath. It is the first bibliography of such depth and scope and purports to offer a complete listing of scholarly works including unpublished theses as well as journalistic accounts, pamphlets, memoirs, and fictional works. Most of the works listed are in Indonesian, Dutch, or English, but relevant works in French, German, Russian, Japanese, and other languages have also been included. An introduction allows a first acquaintance with the mass of publications listed. The titles are arranged by period and subdivided by language. Indexes of authors, subjects, persons, and of geographical names make it possible to access the titles in more detail.

De Kampioen, 1961-01 *De Kampioen* is the magazine of The Royal Dutch Touring Club ANWB in The Netherlands. It is published 10 times a year with a circulation of approximately 3.5 million copies.

Mirror of the Indies Robert Nieuwenhuys, 1982 This book is the definitive literary history of the colonial Dutch East Indies and is partially distinguished from its predecessors by its discussion of materials ranging from natural history and religious sermons to pamphlets and the accounts of travelers from the seventeenth through the twentieth centuries. What emerges from this comprehensive approach is an unusually thorough and sensitive account of the manifold encounters of the Dutch with the East Indian societies that they conquered, tried to understand, and finally had to relinquish under the inevitable pressures of change and the desire for independence. This history records how a hybrid literature emerges from that of the colonial culture to become a distinct literature of its own, and why the concepts derived from European cultural history such as baroque or neoclassicism are totally inapplicable to the works discussed here.
