Nietzsche And The Question Of Interpretation

Alan Schrift

Nietzsche And The Question Of Interpretation:

Nietzsche and the Question of Interpretation Alan D. Schrift, 1990 First Published in 1991 Routledge is an imprint of Taylor Francis an informa company **Nietzsche and the Question of Interpretation** Alan Douglas Schrift, 1983

Nietzsche's Meta-Existentialism Vinod Acharya, 2013-11-27 Vinod Acharya presents a new existential interpretation of Nietzsche's philosophy. He contends that Nietzsche's peculiar form of existentialism can be understood only by undertaking a thorough analysis of his characterization and critique of metaphysics. This reading remedies the shortcomings of previous existential interpretations of Nietzsche which typically view existentialism as concerned primarily with the meaning of individual existence and therefore necessarily at odds with the abstraction and objectivity of metaphysical thought. Acharya argues that the approach of Nietzsche's philosophy especially in his mature works is to make the typical existential position foundational and then to develop to the fullest the implications of this position. This meta-existential approach necessarily yields an ambiguous and open-ended critique of metaphysics. Taking issue with the Heideggerian, the poststructuralist and the naturalistic interpretations, this book contends that Nietzsche neither simply overcomes metaphysics nor remains trapped within its confines. Acharya argues that an ever-renewed encounter with and critique of metaphysics is an essential aspect of Nietzsche's meta-existentialism.

Understanding Nietzscheanism Ashley Woodward, 2014-09-03 Nietzsche's critiques of traditional modes of thinking, valuing and living as well as his radical proposals for new alternatives have been vastly influential in a wide variety of areas such that an understanding of his philosophy and its influence is important for grasping many aspects of contemporary thought and culture. However, Nietzsche's thought is complex and elusive and has been interpreted in many ways. Moreover, he has influenced starkly contrasting movements and schools of thought from atheism to theology, from existentialism to poststructuralism and from Nazism to feminism. This book charts Nietzsche's influence both historically and thematically across a variety of these contrasting disciplines and schools of interpretation. It provides both an accessible introduction to Nietzsche's thought and its impact and an overview of contemporary approaches to Nietzsche.

A Poetics of Homecoming Brendan O'Donoghue, 2011-05-25 This investigation addresses a pressing anxiety of our time: that of homelessness. Tersely stated, the philosophical significance of homelessness in its more modern context can be understood to emerge with Nietzsche and his discourse on nihilism, which signals the loss of the highest values hitherto. Diverging from Nietzsche, Heidegger interprets homelessness as a symptom of the oblivion of being. The purpose of the present enquiry is to rigorously confront humanity's state of homelessness and at the same time illumine the extent to which Heidegger's thought engages with this pervasive phenomenon. In questioning the nature of homelessness, Heidegger's preoccupations with nihilism and modern technology prove crucial. Moreover, his attempts to overcome or prepare for the overcoming of this state of homelessness are also of great import to the current investigation. Adorno and Levinas offer scathing critiques of Heidegger's thought as it relates to the motifs of homelessness, homecoming, *Heimkunft* and the German

Heimat for they associate it with provincialism paganism and a pernicious form of politics In providing these critiques they bring to light the risks involved in undertaking a homecoming venture and they also show how a great thinker can err greatly While acknowledging the importance of these criticisms the present study reveals how Heidegger s various discourses on homelessness and homecoming bear fruitful insights that can contribute not just to a Germanic sense of homecoming but to a sense of homecoming that humanity at large can relate to and be enriched by

The Birth of Intertextuality Scarlett Baron,2019-11-01 Why was the term intertextuality coined Why did its first theorists feel the need to replace or complement those terms of quotation allusion echo reference influence imitation parody pastiche among others which had previously seemed adequate and sufficient to the description of literary relations Why especially in view of the fact that it is still met with resistance did the new concept achieve such popularity so fast Why has it retained its currency in spite of its inherent paradoxes Since 1966 when Kristeva defined every text as a mosaic of quotations intertextuality has become an all pervasive catchword in literature and other humanities departments yet the notion as commonly used remains nebulous to the point of meaninglessness This book seeks to shed light on this thought provoking but treacherously polyvalent concept by tracing the theory s core ideas and emblematic images to paradigm shifts in the fields of science philosophy psychoanalysis and linguistics focusing on the shaping roles of Darwin Nietzsche Freud Saussure and Bakhtin In so doing it elucidates the meaning of one of the most frequently used terms in contemporary criticism thereby providing a much needed foundation for clearer discussions of literary relations across the discipline and beyond

Nietzsche's Voices John Sallis,2023-01-17 Nietzsche s Voices a much anticipated volume of the Collected Writings of John Sallis presents his two semester lecture course on Nietzsche offered in the Philosophy Department of Duquesne University during the school year 1971 72 Nietzsche is easy to read his is apparently the easiest of all the great philosophies Yet the easy intelligibility is deceptive Nietzsche s writings make us believe we have understood when in fact we have not His philosophy is actually the exact opposite of easy says Sallis With this warning always in mind Sallis first discusses Nietzsche s life and the relevance of the ancient Greeks to his thought and then analyzes Nietzsche s views on truth history morality and the death of God The entire second half of the book is devoted to Nietzsche s main work the tragic comedic poetic Thus Spoke Zarathustra Nietzsche s Voices offers a sensitive and brilliant introduction to the thought of Friedrich Nietzsche as presented by one of today s most significant philosophers

Nietzsche and the Question of Interpretation : Hermeneutics, Deconstruction, Pluralism ,1987

Nietzsche's Life Sentence Lawrence Hatab,2013-05-13 In this book Lawrence Hatab provides an accessible and provocative exploration of one of the best known and still most puzzling aspects of Nietzsche s thought eternal recurrence the claim that life endlessly repeats itself identically in every detail Hatab argues that eternal recurrence can and should be read literally in just the way Nietzsche described it in the texts The book offers a readable treatment of most of the core topics in Nietzsche s philosophy all discussed in the light of the consummating effect of eternal recurrence Although

Nietzsche called eternal recurrence his most fundamental idea most interpreters have found it problematic or needful of redescription in other terms For this reason Hatab's book is an important and challenging contribution to Nietzsche scholarship

Nietzsche's French Legacy Alan Schrift, 2014-03-18 First published in 1996 Routledge is an imprint of Taylor Francis an informa company

Heidegger's Concept of Philosophical Method Vincent Blok, 2019-10-08 This book provides new interpretations of Heidegger's philosophical method in light of 20th century postmodernism and 21st century speculative realism In doing so it raises important questions about philosophical method in the age of global warming and climate change Vincent Blok addresses topics that have yet to be extensively discussed in Heidegger scholarship including Heidegger's method of questioning the religious character of Heidegger's philosophical method and Heidegger's conceptualization of philosophical method as explorative confrontation He is also critical of Heidegger's conceptuality and develops a post Heideggerian concept of philosophical method which provides a new perspective on the role of willing poetry and earth interest in contemporary philosophy This earth interest turns out to be particularly important to consider and leads to critical reflections on Heidegger's concept of Earth the necessity of Earth interest in contemporary philosophy and a post Heideggerian concept of the Earth Heidegger's Concept of Philosophical Method will be of interest primarily to Heidegger scholars and graduate students but its discussion of philosophical method and environmental philosophy will also appeal to scholars in other disciplines and areas of philosophy

Nietzsche's Theory of Knowledge Rüdiger Hermann Grimm, 2013-03-12 Friedrich Nietzsche has emerged as one of the most important and influential modern philosophers For several decades the book series Monographien und Texte zur Nietzsche Forschung MTNF has set the agenda in a rapidly growing and changing field of Nietzsche scholarship The scope of the series is interdisciplinary and international in orientation reflects the entire spectrum of research on Nietzsche from philosophy to literary studies and political theory The series publishes monographs and edited volumes that undergo a strict peer review process The book series is led by an international team of editors whose work represents the full range of current Nietzsche scholarship

Nietzsche's Anthropic Circle George J. Stack, 2005 Nietzsche's Anthropic Circle is an internal analysis and interpretation of Nietzsche's critical uncovering of anthropomorphic truth in language and science as well as his later use of anthropic analogies and transferences in his imaginative perspectival interpretation a hybrid of art and science of a universal immanent will to power in nature Both the relationship of Nietzsche to Kant's analysis of knowledge in the Critique of Pure Reason and his absorption of a dynamic theory of nature are explored in some detail A crucial distinction between Nietzsche's perspectival concept of knowledge and perspectival interpretation is thoroughly discussed against the background of recurring analyses of his critique of knowledge and truth It is shown that instrumental fictionalism was adopted by Nietzsche in order to put in question the pure objectivism of science This links an aspect of his thought to the domain of recent American philosophy of science The anticipatory relationship between Nietzsche's proto structuralist analysis of language and recent linguistic

structuralism as well as his affiliation with evolutionary epistemology is explored In the concluding portion of this inquiry it is contended that Nietzsche's psychology of a will to power in human drives thought and behavior is at least theoretically defensible However it must be segregated from the extension of a will to power to the cosmos There is a strong concluding argument offered that seeks to demonstrate that the so called metaphysics of the will to power is an artfully constructed exoteric fable designed to retrieve a sense of the humanization of the world in face of a de anthropomorphic world picture George Stack is Professor Emeritus of Philosophy at the State University College of New York at Brockport and the author of several books dealing with the philosophy of Friedrich Nietzsche *Nietzsche's Mirror* Linda L. Williams, 2002-07-15 Nietzsche's Mirror introduces the reader to one of the most central and pervasive themes in Friedrich Nietzsche's works will to power The book traces Nietzsche's use of the terms power will and will to power as they are presented in both the works he authorized for publication and his literary remains called the Nachlass The author demonstrates that will to power as it is presented in the Nachlass differs from the way it is presented in the works Nietzsche authorized for publication before his collapse in 1889 Then it is argued that the problems that the Nachlass poses for scholars suggests that the Nachlass material should not be held in the same regard as the works Nietzsche authorized for publication Because of the discrepancy between the published and unpublished writings will to power should not be interpreted as a metaphysical principle operating behind the world since the metaphysical sounding passages are located in the Nachlass but rather as a tool for interpreting relations especially human relations within the world The final chapter examines Nietzsche's unique style of writing which the author calls mirror writing Mirror writing is a technique Nietzsche deliberately employs in order to have such visionary themes as will to power master morality and eternal recurrence reflect the reader's values back to himself Since this book is meant to be an introduction to will to power at the end of each chapter is a list of additional books so that the reader can delve further into the themes presented in the chapter such as Nietzsche's biography ethics writings on truth and eternal recurrence

The Routledge Companion to Hermeneutics Jeff Malpas, Hans-Helmuth Gander, 2014-11-20 Hermeneutics is a major theoretical and practical form of intellectual enquiry central not only to philosophy but many other disciplines in the humanities and social sciences With phenomenology and existentialism it is also one of the twentieth century's most important philosophical movements and includes major thinkers such as Heidegger Gadamer and Ricoeur The Routledge Companion to Hermeneutics is an outstanding guide and reference source to the key philosophers topics and themes in this exciting subject and is the first volume of its kind Comprising over fifty chapters by a team of international contributors the Companion is divided into five parts main figures in the hermeneutical tradition movement including Heidegger Gadamer and Ricoeur main topics in hermeneutics such as language truth relativism and history the engagement of hermeneutics with central disciplines such as literature religion race and gender and art hermeneutics and world philosophies including Asian Islamic and Judaic thought hermeneutic challenges and debates such as critical theory structuralism and phenomenology

Adorno's Nietzschean Narratives Karin Bauer, 1999-09-09 Investigates the intellectual affinities of Adorno and Nietzsche culminating in a discussion of their readings of Wagner who serves as a medium and supplement for their critiques of modern culture

Nietzsche, Genealogy, Morality Richard Schacht, 2023-04-28 Written at the height of the philosopher's intellectual powers Friedrich Nietzsche's *On the Genealogy of Morals* has become one of the key texts of recent Western philosophy Its essayistic style affords a unique opportunity to observe many of Nietzsche's persisting concerns coming together in an illuminating constellation A profound influence on psychoanalysis antihistoricism and poststructuralism and an abiding challenge to ethical theory Nietzsche's book addresses many of the major philosophical problems and possibilities of modernity In this unique collection focusing on the *Genealogy* twenty five notable philosophers offer diverse discussions of the book's central themes and concepts They explore such notions as ressentiment asceticism slave and master moralities and what Nietzsche calls genealogy and its relation to other forms of inquiry in his work The book presents a cross section of contemporary Nietzsche scholarship and philosophical investigation that is certain to interest philosophers intellectual and cultural historians and anyone concerned with one of the master thinkers of the modern age This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994

Written at the height of the philosopher's intellectual powers Friedrich Nietzsche's *On the Genealogy of Morals* has become one of the key texts of recent Western philosophy Its essayistic style affords a unique opportunity to observe many of Niet

Thinking the Impossible Gary Gutting, 2013-03-07 The late 20th century saw a remarkable flourishing of philosophy in France The work of French philosophers is wide ranging historically informed often reaching out beyond the boundaries of philosophy they are public intellectuals taken seriously as contributors to debates outside the academy Gary Gutting tells the story of the development of a distinctively French philosophy in the last four decades of the 20th century His aim is to arrive at an account of what it was to do philosophy in France what this sort of philosophizing was able to achieve and how it differs from the analytic philosophy dominant in Anglophone countries His initial focus is on the three most important philosophers who came to prominence in the 1960s Michel Foucault Gilles Deleuze and Jacques Derrida He sets out the educational and cultural context of their work as a basis for a detailed treatment of how they formulated and began to carry out their philosophical projects in the 1960s and 1970s He gives a fresh assessment of their responses to the key influences of Hegel and Heidegger and the fraught relationship of the new generation to their father figure Sartre He concludes that Foucault Derrida and Deleuze can all be seen as developing their fundamental philosophical stances out of distinctive readings of Nietzsche The second part of the book considers topics and philosophers that became prominent in the 1980s and 1990s such as the revival of ethics in Levinas Derrida and Foucault the return to phenomenology and its use to revive religious

experience as a philosophical topic and Alain Badiou's new ontology of the event. Finally Gutting brings to the fore the meta-philosophical theme of the book that French philosophy since the 1960s has been primarily concerned with thinking the impossible.

Questions of Character Iskra Fileva, 2017 This collection features 26 new essays on character from first-rate scholars in philosophy, psychology, economics, and law. The essays are elegantly written and combine forceful argumentation with original ideas on a wide range of questions such as: Is Aristotle's theory of character a moral theory? Are character traits in tension with personal autonomy? How do traits differ from mental disorders? What is the role of gossip in character attribution? and Can businessmen be virtuous? The chapters are organized thematically into 5 sections, each prefaced by its own special introduction. In the introductions, the editor brings out often unexpected connections among different lines of argument pursued by the authors and raises important questions for further discussion. The collection as a whole offers students of character a unique opportunity to engage with some of the best contemporary work on the topic.

Nietzsche's On the Genealogy of Morals Christa Davis Acampora, 2006-09-08 In this astonishingly rich volume, experts in ethics, epistemology, philosophy of mind, political theory, aesthetics, history, critical theory, and hermeneutics bring to light the best philosophical scholarship on what is arguably Nietzsche's most rewarding but most challengin

Thank you very much for downloading **Nietzsche And The Question Of Interpretation**. As you may know, people have look numerous times for their favorite novels like this Nietzsche And The Question Of Interpretation, but end up in malicious downloads.
