Jung,2014-12-18 As a young man growing up near Basel Jung was fascinated and disturbed by tales of Nietzsche s brilliance eccentricity and eventual decline into permanent psychosis These volumes the transcript of a previously unpublished private seminar reveal the fruits of his initial curiosity Nietzsche s works which he read as a student at the University of Basel had moved him profoundly and had a life long influence on his thought During the sessions the mature Jung spoke informally to members of his inner circle about a thinker whose works had not only overwhelmed him with the depth of their understanding of human nature but also provided the philosophical sources of many of his own psychological and metapsychological ideas Above all he demonstrated how the remarkable book Thus Spake Zarathustra illustrates both Nietzsche s genius and his neurotic and prepsychotic tendencies Since there was at that time no thought of the seminar notes being published Jung felt free to joke to lash out at people and events that irritated or angered him and to comment unreservedly on political economic and other public concerns of the time This seminar and others including the one recorded in *Dream Analysis* were given in English in Zurich during the 1920s and 1930s *Nietzsche's Zarathustra* Carl Gustav Jung,1988 **Nietzsche's Zarathustra** C. G. Jung,1988 **Soul-Violence** Wolfgang Giegerich,2020-04-17 All steps forward in the improvement of the human psyche have been paid for by blood Further to this statement from C G Jung Wolfgang Giegerich s third volume of *Collected English Papers* shows that the soul is not merely the innocent recipient or victim of violence it also produces itself through violent deeds and expresses itself through violent acts Beginning in primordial times with the ritual spilling of blood in animal and human sacrifice a light was kindled within the darkness of what would otherwise have been mere biological existence the light of consciousness mindedness and the soul And following upon this in the clearance thus created the soul attained new statuses of itself on the historic battlefields of war and revolution First order killings gave way to second order killings the killings of metaphysics and philosophy Turning around upon itself even as it violently engaged those adversarial others through whom its self relation was mediated the soul learned to self critically cut into itself It was in this way as the inwardness of the blood that was paid out for it that psychology emerged Topics include ritual slaughter as primordial soul making shadow integration and the rise of psychology blood brotherhood and blood revenge the alchemy of history Kafka s In the Penal Colony child sacrifice Islamic terrorism and the

animus as negation with special reference to Bluebeard *The Jung-Kirsch Letters* Ann Conrad Lammers, 2016-02-22 This book charts Carl Gustav Jung's 33 year 1928-61 correspondence with James Kirsch adding depth and complexity to the previously published record of the early Jungian movement Kirsch was a German Jewish psychiatrist a first generation follower of Jung who founded Jungian communities in Berlin Tel Aviv London and Los Angeles Their letters tell of heroic survival brilliant creativity and the building of generative institutions but these themes are darkened by personal and collective shadows The Nazi era looms over the first half of the book shaping the story in ways that were fateful not only for Kirsch and his career but also for Jung and his Kirsch trained with Jung and acted as a tutor in Jewish psychology and culture to him In 1934 fearing that anti-Semitism had seized his teacher Kirsch challenged Jung to explain some of his publications for the Nazi dominated Medical Society for Psychotherapy Jung's answer convinced Kirsch of his sincerity and from then on Kirsch defended him fiercely against any allegation of anti-Semitism We also witness Kirsch's lifelong struggle with states of archetypal possession his identification with the interior God image on the one hand and with unconscious feminine aspects of his psyche on the other These complexes were expressed for Kirsch in physical symptoms and emotional dilemmas and they led him into clinical boundary violations which were costly to his analyses his family and himself The text of these historical documents is translated with great attention to style and accuracy and generous editorial scaffolding gives glimpses into the writer's world Four appendices are included two essays by Kirsch a series of letters between Hilde Kirsch and Jung and a brief incisive essay on the Medical Society for Psychotherapy This revised edition includes primary material that was unavailable when the book was first published as well as updated footnotes and minor corrections to the translated letters **Grounding the Nietzsche Rhetoric of Earth** Adrian Del Caro, 2004 This treatment is the first to

comprehensively address the issue of where Nietzsche stands in relation to environment and it will contribute to the greening of Nietzsche Using a philological method Del Caro reveals the ecumenical Nietzsche whose doctrines are strategies for responsible and creative partnership between humans and earth The major doctrines are shown to be organically related to early writings linked to paganism the quotidian and the closest things of Human All Too Human Perspective is shifted from time to place in the eternal recurrence of the same and from power to empowerment in *The Will to Power* American Book Publishing Record, 1988 Nietzsche's Zarathustra : Notes of the Seminar Given in 1934-1939 Carl Gustav Jung, 1988

The Snake and the Rope Elder, 2012-04 While there are many psychological monographs on Hinduism no work has surveyed the history of that tradition in a sustained way Thus *The Snake and the Rope* A Jungian View of Hinduism breaks new ground both for religious studies and for psychology Trained on both sides of the argument the author of this work is uniquely qualified to elucidate what for example the Vedic hymns meant to the people who composed them and what they might mean for us today He shows us what karma means for Hindus and what Jung says it can mean for us We learn how Jungians use the term Self that Jung borrowed from the Upanishads and how it is the same and different in its new modern

context The reader will witness a red thread of goddess worship from earliest India to Classical Hinduism Jung says the modern equivalent is devotion to the collective unconscious deep within ourselves Having served as a Peace Corps Volunteer in a Thai village in the late 1960 s George R Elder returned to the States to earn a Ph D in Buddhist Studies from Columbia University He subsequently taught Comparative Religions at Hunter College City University of New York and would co chair the Religion Program for several years In 1989 Dr Elder and his family relocated to Florida He trained to become a Jungian analyst and maintains a professional relationship with the C G Jung Study Center of Southern California His works include *The Body An Encyclopedia of Archetypal Symbolism* in collaboration with ARAS Shambhala 1996 He recently co edited *An American Jungian In Honor of Edward F Edinger* Inner City 2009
