**Defining Orphism** Anthi Chrysanthou, 2020-04-20 The complex matter of Orphism has so far been addressed by scholars through studies focusing on one of its components each time primarily the *Derveni Papyrus* and the *Gold Tablets* while the text of the *Orphic Rhapsodies* has remained under examined mostly due to its fragmentary nature and the lack of a reconstruction This book brings all of the major components of Orphism together in one study in this way highlighting both parallels and divergences between them and a wide range of non Orphic sources referring to Orphic practices beliefs and texts For the complete analysis of the *Orphic Rhapsodies* a reconstruction of the text was necessary which is included in this book along with a commentary and translation This work proposes a new definition of Orphism and it can constitute a whole encompassing and concise guide for scholars and students interested in Orphism The reconstruction of the *Orphic Rhapsodies* could also contribute on shifting the understanding of this work to new perspectives as it demonstrates that the *Orphic Rhapsodies* was a more complex text rather than a single continuous theogonic narrative as has been approached up to this date
