when it's not switched on. It's not quite as small as a mirrorless camera but it's light fast enough and cheap enough to prove that there's life in the DSLR design yet. This camera is designed specifically for beginners with simplified controls and a built-in Guide Mode to help new users learn the basics. A user guide is very important since it will give you all information and also guideline to use any device and this Nikon D3500 user manual has been specifically designed to help you understand the functions and features of your camera.
