Enloe, 2010 Nimo's War Emma's War is unique in examining the gendered dimension of the Iraq war particularly its impact on ordinary Iraqi and American women thereby revealing an important long term cost of the conflict Cynthia Enloe's approach and analysis are extremely original and innovative Nadje Al Ali author of *What Kind of Liberation Women and the Occupation of Iraq* Nimo's War Emma's War is Cynthia Enloe's darkest and most strikingly conceived text to date War is not in Iraq and Afghanistan where foreign militaries confront local people rather it is everywhere most particularly in peacetime domestic spaces civilian employment marital bedrooms and high schools Terrell Carver author of *Politics Language and Metaphor* Cynthia Enloe has pioneered the subject of women militarism and war in a series of revelatory books including *Bananas Beaches and Bases* *The Morning After Sexual Politics at the End of the Cold War* and *Maneuvers The International Politics of Militarizing Women's Lives* Nimo's War Emma's War is her best one yet Chalmers Johnson author of *The Blowback Trilogy* Brilliantly researched vividly written Cynthia Enloe has gifted us with a new and different story of modern warfare Entirely gripping and profoundly humane every page raises new issues To factor in Nimo and Emma all the women and families touched by the carnage and agony of war is to see the bitter range of tragedy community by community To read this book is to ask What are we doing to our children all our children combatants and civilians How do women cope with post war wounds and violence agony wreckage displacement Cynthia Enloe's book is essential reading for all students and journalists public citizens and peace activists who seek women's dignity healthy societies humane alternatives to the insanity of careless military destruction Blanche Wiesen Cook author of *The Declassified Eisenhower Eleanor Roosevelt* vols I II III forthcoming

**Nimo's War, Emma's War** Cynthia Enloe, 2010-06-02 Nimo Maha Safah Shatha Emma Danielle Kim Charlene In a book that once again blends her distinctive flair for capturing the texture of everyday life with shrewd political insights Cynthia Enloe looks closely at the lives of eight ordinary women four Iraqis and four Americans during the Iraq War Among others Enloe profiles a Baghdad beauty parlor owner a teenage girl who survived a massacre an elected member of Parliament the young wife of an Army sergeant and an African American woman soldier Each chapter begins with a close up look at one woman's experiences and widens into a dazzling examination of the larger canvas of war's gendered dimensions Bringing to light hidden and unexpected theaters of operation prostitution sexual assault marriage ethnic politics sexist economies these stories are a brilliant entryway into an eye opening exploration of the actual causes costs and long range consequences of war This unique comparison of American and Iraqi women's diverse and complex experiences sheds a powerful light on the different realities that together we call perhaps too easily the Iraq war

**Nimo's War, E's War: Making Feminist Sense of the Iraq War** Cynthia Enloe, 2010 *Gender, Justice, and the Wars in Iraq* Laura Sjoberg, 2006-01-01 *Gender Justice and the Wars in Iraq* offers a feminist critique and reconstruction of just war theory It points out gender biases in the just war tradition and suggests alternative jus ad bellum and jus in bello

standards that emphasize women political marginality and empathy Laura Sjoberg applies this feminist just war theory to analyze the wars in Iraq since the end of the Cold War the First Gulf War the war of sanctions and the Second Gulf War By examining international political discourse from and about Iraq it shows where war generally and just war specifically are gendered Through the stories of key just war characters like Jessica Lynch this book reveals where women are omitted and subordinated in global politics Sjoberg suggests that dialogue and empathy replace righteousness in just war thinking for the good of human safety everywhere and concludes with alternative visions of Gulf War policies inspired by feminist just war theory

**Twelve Feminist Lessons of War** Cynthia Enloe, 2023-09-19 Renowned scholar activist Cynthia Enloe lays out the lessons that women activists have drawn from their immediate experiences of war Twelve Feminist Lessons of War draws on firsthand experiences of war from women in places as diverse as Ukraine Myanmar Somalia Vietnam Rwanda Algeria Syria and Northern Ireland to show how women's wars are not men's wars With her engaging trademark style Cynthia Enloe demonstrates how patriarchy and militarism have embedded themselves in our institutions and our personal lives Enloe reveals how the social and political influences that shape war from military recruitment and economic collapse to sexual assault and reproductive rights and their denial are deeply gendered and pervade women's lives before during and in the aftermath of war Her razor sharp analysis at once accessible and provocative highlights how women's emotional and physical labor is used to support government policies and how women's rights activists against all odds remain committed in the midst of armed violence Twelve Feminist Lessons of War is the gritty and grounded book we need to understand what is happening to our world

Postfeminist War Mary Douglas Vavrus, 2018-12-10 By examining news and documentary media produced since September 11 2001 Vavrus demonstrates that news narratives that include women use feminism selectively in gender equality narratives She ultimately asserts that such reporting advances post feminism which in tandem with banal militarism subtly pushes military solutions for an array of problems women and girls face

What Kind of Liberation? Nadjie Sadig Al-Ali, Nicola Christine Pratt, 2009 There is something to learn literally on every page here Cynthia Enloe from the foreword This is a fluent and highly informed account of the women of Iraq during a time of ever increasing political turmoil economic disaster and foreign invasion It gives a fascinating insight into the way Iraqi society really works and is far superior in quality to most of what has been written about Iraq in war and peace Patrick Cockburn author of Muqtada Muqtada al Sadr the Shia Revival and the Struggle for Iraq

**Iraqi Women** Nadjie Sadig Al-Ali, 2008-02-29 The war in Iraq has put the condition of Iraqi women firmly on the global agenda For years their lives have been framed by state oppression economic sanctions and three wars Now they must play a seminal role in reshaping their country's future for the twenty first century Nadjie Al Ali challenges the myths and misconceptions which have dominated debates about Iraqi women bringing a much needed gender perspective to bear on the central political issue of our time Based on life stories and oral histories of Iraqi women she traces the history of Iraq from post colonial independence to the emergence of a women's movement in the 1950s

Saddam Hussein's early policy of state feminism to the turn towards greater social conservatism triggered by war and sanctions. Yet the book also shows that far from being passive victims, Iraqi women have been and continue to be key social and political actors. Following the invasion, Al Ali analyses the impact of occupation and Islamist movements on women's lives and argues that US-led calls for liberation have led to a greater backlash against Iraqi women.

**Women and the War Story** Miriam Cooke, 2023-09-01 In a book that radically and fundamentally revises the way we think about war, Miriam Cooke charts the emerging tradition of women's contributions to what she calls the War Story, a genre formerly reserved for men. Concentrating on the contemporary literature of the Arab world, Cooke looks at how alternatives to the master narrative challenge the authority of experience and the permission to write. She shows how women who write themselves and their experiences into the War Story undo the masculine contract with violence, sexuality, and glory. There is no single War Story, Cooke concludes; the standard narrative and with it the way we think about and conduct war can be changed. As the traditional time-space organization and representation of war have shifted, so have ways of describing it. As drug wars, civil wars, gang wars, and ideological wars have moved into neighborhoods and homes, the line between combat zones and safe zones has blurred. Cooke shows how women's stories contest the acceptance of a dyadically structured world and break down the easy oppositions: home vs. front, civilian vs. combatant, war vs. peace, victory vs. defeat, that have framed and ultimately promoted war. In a book that radically and fundamentally revises the way we think about war, Miriam Cooke charts the emerging tradition of women's contributions to what she calls the War Story, a genre formerly reserved for men.

Concentrating on the contemporary literature, Women as Weapons of War Kelly Oliver, 2007 Ever since Eve tempted Adam with her apple, women have been regarded as a corrupting and destructive force. The very idea that women can be used as interrogation tools, as evidenced in the infamous Abu Ghraib torture photos, plays on age-old fears of women as sexually threatening weapons, and therefore the literal explosion of women onto the war scene should come as no surprise. From the female soldiers involved in Abu Ghraib to Palestinian women suicide bombers, women and their bodies have become powerful weapons in the Afghanistan and Iraq wars. In Women as Weapons of War, Kelly Oliver reveals how the media and the administration frequently use metaphors of weaponry to describe women and female sexuality and forge a deliberate link between notions of vulnerability and images of violence. Focusing specifically on the US campaigns in Afghanistan and Iraq, Oliver analyzes contemporary discourse surrounding women, sex, and gender, and the use of women to justify America's decision to go to war. For example, the administration's call to liberate women of cover, suggesting a woman's right to bare arms is a sign of freedom and progress. Oliver also considers what forms of cultural meaning or lack of meaning could cause both the guiltlessness demonstrated by female soldiers at Abu Ghraib and the profound commitment to death made by suicide bombers. She examines the pleasure taken in violence and the passion for death exhibited by these women and what kind of contexts created them. In conclusion, Oliver diagnoses our cultural fascination with sex, violence, and death and its

relationship with live news coverage and embedded reporting which naturalizes horrific events and stymies critical reflection This process she argues further compromises the borders between fantasy and reality fueling a kind of paranoid patriotism that results in extreme forms of violence

**The Lonely Soldier** Helen Benedict, 2010-04-01 The Lonely Soldier the inspiration for the documentary The Invisible War vividly tells the stories of five women who fought in Iraq between 2003 and 2006 and of the challenges they faced while fighting a war painfully alone More American women have fought and died in Iraq than in any war since World War Two yet as soldiers they are still painfully alone In Iraq only one in ten troops is a woman and she often serves in a unit with few other women or none at all This isolation along with the military's deep seated hostility toward women causes problems that many female soldiers find as hard to cope with as war itself degradation sexual persecution by their comrades and loneliness instead of the camaraderie that every soldier depends on for comfort and survival As one female soldier said I ended up waging my own war against an enemy dressed in the same uniform as mine In The Lonely Soldier Benedict tells the stories of five women who fought in Iraq between 2003 and 2006 She follows them from their childhoods to their enlistments then takes them through their training to war and home again all the while setting the war's events in context We meet Jen white and from a working class town in the heartland who still shakes from her wartime traumas Abbie who rebelled against a household of liberal Democrats by enlisting in the National Guard Mickiela a Mexican American who grew up with a family entangled in L A gangs Terris an African American mother from D C whose childhood was torn by violence and Eli PaintedCrow who joined the military to follow Native American tradition and to escape a life of Faulknerian hardship Between these stories Benedict weaves those of the forty other Iraq War veterans she interviewed illuminating the complex issues of war and misogyny class race homophobia and post traumatic stress disorder Each of these stories is unique yet collectively they add up to a heartbreaking picture of the sacrifices women soldiers are making for this country Benedict ends by showing how these women came to face the truth of war and by offering suggestions for how the military can improve conditions for female soldiers including distributing women more evenly throughout units and rejecting male recruits with records of violence against women Humanizing urgent and powerful The Lonely Soldier is a clarion call for change
