and intriguing than the Hollywood clichés we know today. We may think for example of a ninja as being always garbed in black and fighting with throwing stars but in fact a ninja had clothes in different colours to serve as disguises for different times of day and their arsenal of weaponry could include anything from poison, poison gas, pepper spray and fire creating tools to swords, spears and knives but no throwing stars. The 150 lessons in this book cover all the basics of ninja warfare including clever ideas for infiltrating an enemy compound from wearing silent sandals to faking passes and passwords, tactics for hiding and retreat. In the raccoon dog retreat a ninja will crouch low and halt allowing the pursuer to collide with him at speed whereupon the agent kills his enemy and ways of crossing marshes and water for example with special shoes made of boards or using a foldaway floating seat. The description is made all the more vivid by step by step photographs of the fighting techniques, diagrams outlining military tactics and beautiful samples of Japanese calligraphy.
