Origins Dr Hutan Ashrafian, 2014-07-07 Warrior Origins is an account of the history and legends of the world's prominent martial arts and how they share a common heritage. It chronicles the origins of the Shaolin warrior monks, Shaolin Kung Fu, and their celebrated founder Bodhidharma, who is also considered the first patriarch of Zen Chan Buddhism. The book considers Bodhidharma's origins in the context of ancient Persia and its royal houses and continues with the rise of Karate from ancient Okinawan roots to Japan and then into a global sport. It connects the record of Ninja and Ninjutsu and the influence of some of its latter luminaries including Seiko Fujita, whilst also revealing new evidence on renowned martial artists such as Bruce Lee. This work takes a dramatically original approach to the heart of the martial arts and their founders. Author Dr Hutan Ashrafian, who holds black belt grades in several martial art styles including a 5th Dan in Okinawan Goju Ryu Karate and championship medals in Karate and Judo at World and European Masters level, delineates the inheritance of these arts using innovative evolutionary approaches to find previously unidentified links between them. Warrior Origins traces the pattern from Bodhidharma to the remarkable diversity of modern martial arts.

Secrets of the Ninja Sean Michael Wilson, Antony Cummins, 2015-07-07 Bronze Medal Winner 10th International Manga Awards. This historically grounded manga follows the ninja Nagata Saburo as he teaches his son Hisaaki the weapons, secret tactics, and values of the ninja. Based on the real-life writings of the famous ninja Hattori Hanzo, Secrets of the Ninja combines a familiar coming-of-age story with a historically accurate background of political intrigue and Sengoku period Japanese culture. As Hisaaki grows from boy to man, Wilson skillfully interweaves real lessons, weapons, and skills used by ninja in feudal Japan, depicted with detail by artist Akiko Shimojima. All of the tactics Saburo teaches to his son are drawn from the Shinobi Hiden, the most famous of the ninja scrolls written by Hattori Hanzo, general to the warlord Tokugawa Ieyasu, and one of the most famous warriors in Japan. These scrolls provided practical instruction for professional ninja, but they also provide insightful theories of social relationships and human interaction, studying the nature of deception, falsehood, and self-protection. An extensive supplementary section written by Antony Cummins provides fascinating details on these scrolls and their practical lessons. Accessible, insightful, and exciting, Secrets of the Ninja is the perfect introduction to the world of samurai and shinobi warfare.
