Swetnam, Hans van den Broek, Asterisk*, 2001 PAIS International in Print Catherine Korvin, 2003-05 This book contains bibliographic references with abstracts and subject headings to public and social policy literature and to world politics published in print and electronic formats international focus **Usama Bin Laden's Al-Qaida** Yonah

Alexander, Michael S. Swetnam, 2002 **Osama bin Laden Files**, 2012-06-01 An intriguing glimpse into the aging al Qaeda leader's thoughts as his life neared its end Washington Post A sort of anthropology of a terror network The New York Times A rare often fascinating glimpse of al Qaeda and its leadership BBC News On May 2 2011 US Navy SEALs and CIA operatives raided the secret compound of Osama bin Laden killing the founder of the jihadist militant group al Qaeda which was responsible for the tragedies of September 11 2001 A year after his death documents and personal correspondence by bin Laden found in the compound have been made public for the first time offering a rare glimpse into the mind of one of the most infamous terrorists in world history A treasure trove of documents including correspondence between bin Laden and other al Qaeda leaders have been translated from Arabic accompanied by analysis and background information from members of the Combating Terrorism Center at West Point The Osama bin Laden Diaries details the decision making behind one of the most nefarious terrorist organizations of all time *In the Name of Osama Bin Laden* Roland Jacquard, 2002-04 Bin Laden's genesis and genius are all chronicled in Jacquard's sweeping account of the Saudi born terrorist and his brotherhood The book rightfully brings into focus the role of modern media especially satellite TV and the Internet in bin Laden's cunning wager that he could defeat the U S as a world power A chilling read a must read for all who continue to grapple with the twin legacy of hatred and hope from September 11 Bruce B Lawrence author of *Shattering the Myth Islam Beyond Violence* **The Secret History of Al Qaeda** Abdel Bari Atwan, 2008 Drawing on unparalleled access to Osama bin Laden and his key associates journalist Abdel Bari Atwan gives an incisive and timely account of the rise of the notorious terrorist organization al Qaeda **Osama's Wake** Blake D. Ward, 2005 The National Security Strategy NSS of the United States inadequately defines the threat which on September 11 2001 propelled the United States towards a Global War on Terrorism and redirected the nation's security efforts Most critics of the NSS point out the futility of waging war on terrorism since it is a time worn means to an end If the nation is to have a strategy to combat an enemy it has to define who or what the enemy is The War on Terrorism should not be an infinite struggle against any entity willing to use terrorist means and attempting to scope the threat to groups with global reach is not a discriminating factor in today's globalized and interconnected world The enemy must be defined not just by their methodology but also by their ideology and politics

After bin Laden Abdel Bari Atwan, 2011-05-10 An intelligent and fascinatingly readable examination of Al Qaeda after the death of its longtime leader by the renowned Arab world journalist Pat Lancaster editor in chief of Middle East Magazine Osama bin Laden is dead yet Al Qaeda remains the CIA's number one threat Since the 9 11 attacks on the United States and the US military's subsequent strikes the organization has evolved into a much more complex and far flung entity This richly documented account of Al Qaeda moves well beyond the headlines to offer readers a deeper understanding of the organization's aims strategies and fortunes in a new era of conflict with the United States and the Western powers Drawing on firsthand accounts and interviews with uniquely well placed sources within Al Qaeda noted journalist and expert Abdel

Bari Atwan investigates the movement's new internal dynamics how it survives financially and how its political appeal has changed dramatically following the Arab Spring Atwan profiles the next generation of leaders and explores both the new methods they embrace especially on the digital battlefield as well as the global range of their operations and local variations in Somalia Afghanistan Pakistan Libya Algeria Tunisia Morocco and elsewhere Abdel Bari Atwan has long been one of the sharpest commentators about Al Qaeda and the Middle East Peter Bergen author of *Manhunt The Ten Year Search for Osama bin Laden from 9 11 to Abbottabad* A sobering intensive report Kirkus Reviews *Capture or Kill* Nick Fielding, Yosri Fouda, 2012-01-12 Khalid Shaikh Mohammed and Ramzi Binalshibh two of bin Laden's key lieutenants the masterminds behind the attacks of September 11 Based on the only interview these masterminds of terror ever gave to the media as well as extensive follow up research *Capture or Kill* may be the closest we will get to the full inside story of the plot While Mohammed and Binalshibh were among the world's most wanted men and hiding in a safe house in Pakistan they summoned star al Jazeera TV reporter Yosri Fouda for a one of a kind exclusive Fouda knew he might well be walking into a trap as Wall Street Journal reporter Daniel Pearl had done only months before He took the risk and for forty eight hours Fouda listened as Mohammed head of al Qaeda's military committee and Binalshibh the link between Mohammed Atta and the senior al Qaeda leadership proudly claimed responsibility for the attacks on New York and the Pentagon the first time al Qaeda took direct responsibility and detailed for the first time exactly how the plot was conceived and executed The authors uniquely positioned because of their prior unprecedented access and research deliver a thrilling account of what has happened since What has changed in the intervening years to this insidious global network How does Osama bin Laden's capture and death affect its continuing operation This is a must read for anyone who wants to know not only the full truth behind September 11 but also the implications of recent events for the future of global security *Osama* Jonathan Randal, 2011-10-30 How was it possible for one middle aged Saudi millionaire to have threatened the world's only superpower How did he evade capture for so long And how was he eventually found and killed These are the questions at the centre of Jonathan Randal's riveting account of Osama bin Laden's role in the rise of terrorism in the Middle East Randal a journalist whose experience of the Middle East spans the past forty years makes clear how Osama's life epitomized the fatal collision between the twenty first century West and the Islamic world His investigations into the history of OCO produce all kinds of surprises such as the real sources of Osama's money and the possibility that Osama offered the Saudis his band of radical Islamist fighters to drive Saddam Hussein out of Kuwait in 1991 In this latest fully updated edition Randal explores the background and ideologies of Al Qaeda and its leader and his eventual death With his long maintained sources in the Middle East and his intimate understanding of the region Randal gives us a clearer explanation than any we have had of why where and how the world's most feared terrorist operated *Al Qaeda* Phillip Margulies, 2002-12-15 The images associated with the terrorist attacks of September 11 2001 will be forever seared in our memories the burning Pentagon the collapsing towers of the

World Trade Center the fleeing and terrified crowds But what about the people who masterminded and carried out these attacks To most of us Osama bin Laden and his terrorist group Al Qaeda remain shrouded in mystery Phillip Margulies lifts this veil to reveal the group's history methods structure and ideology while also offering a revealing portrait of its leader bin Laden **The Evolution of the Global Terrorist Threat** Bruce Hoffman, Fernando Reinares, 2014-10-28 Examining each major terrorist act and campaign of the decade following September 11 2001 internationally recognized scholars launch original studies of the involvement of global terrorist leaders and organizations in these incidents and the planning organization execution recruitment and training that went into them Their work relays the changing character of al Qaeda and its affiliates since the invasion of Afghanistan and Iraq and the sophisticated elements that despite the West's best counterterrorism efforts continue to exert substantial and sustained control over terrorist operations Through case studies of terrorist acts occurring both within and outside the West the volume's contributors investigate al Qaeda as it adapts to the strategies of Operation Enduring Freedom and subsequent U.S. led global counterterrorism campaigns They explore whether Osama bin Laden was indeed reduced to a mere figurehead before his death or whether he successfully exercised global command over al Qaeda's activities Did al Qaeda become a loose collection of individuals and ideas following its expulsion from Afghanistan or was it reborn as a transnational organization powered by a well articulated ideology What is the preeminent terrorist threat we face today and what will it look like in the future This anthology pinpoints the important patterns and strategies that will best inform counterterrorism in a new century **Through Our Enemies' Eyes** Michael Scheuer, 2006 This seminal work on modern terrorism is the one book to read in order to truly understand the reasons why radical Muslims such as Osama bin Laden and his followers have declared war on America and the West In order to win the war against terrorism argues Michael Scheuer former head of the CIA's Bin Laden Unit we must first stop dismissing militant Muslims as extremists or religious fanatics Formulating a successful military strategy requires that we see the enemy as they perceive themselves highly trained and motivated soldiers who believe their cause is righteous This revised paperback edition provides a more extensive study of Osama bin Laden and the sources of his thought Scheuer has added a good deal of bin Laden's words focusing on those issues that have been most misunderstood or ignored and therefore are most in need of exposition These include bin Laden's personality his early years as a nonviolent Saudi dissident and reformer the causes motivating al Qaeda and its allies especially their perception that U.S. foreign policy threatens Islam's survival bin Laden's long history of interest in and support for the Palestinian cause against Israel his evolutionary growth as an Islamic hero and leader between 1996 and 2001 and the profound impact the Afghan Soviet War had and continues to have on bin Laden al Qaeda and worldwide Sunni Islamic militancy Only by understanding these words can the West appreciate the threat it faces and formulate a strategy to defeat it **Usama Bin Laden's Al-Qaida** Yonah Alexander, 2001 **Bin Laden** Adam Robinson, 2002 Tracing his life from his birth in 1957 this biography of Osama Bin Laden places the development of his

beliefs and activities within the context of the vortex of politics swirling around Saudi Arabia Sudan Afghanistan and other areas of the Islamic world Journalist Robinson details his student days in Lebanon his relationship with his large family and the family business and his efforts to build a large organization capable of striking against his enemies Annotation copyrighted by Book News Inc Portland OR Usama bin Laden's Al-Qaida:Profile of a Terrorist Network Yonah Alexander,Michael Swetnam,2021-10-01 The al Qaida informal and loose international network in over 50 countries has been responsible for spectacular terrorist operations such as the 1993 World Trade Center bombing in New York the 1996 bombing of the Khobar Towers in Saudi Arabia the 1998 U S embassy bombings in East Africa and is apparently linked to the attack of the destroyer USS Cole in Aden Yemen in 2000 and the September 11th 2001 events in New York City and Washington DC The purpose of this book is not to glorify bin Laden and al Qaida Rather it is designed to provide an easily accessible reference for academics policymakers reporters and other interested individuals on one of the most notorious terrorist groups The volume exposes much of al Qaida s mystique and thereby places it in perspective as one of the many challenges facing the international community in the 21st Century Published under the Transnational Publishers imprint

The Globalization of Terror Shaul Shay,2017-07-05 The terrorist destruction of the World Trade Center on September 11 2001 was the climax of a course plotted by Osama Bin Laden to bring about his apocalyptic vision of a decisive clash between the Western and Moslem worlds This timely volume details the organizational workings and belief system of Bin Laden s brutal campaign The authors explore the background and objectives of the attacks the elaborate planning that went into them and the process of their practical execution In addition to its factual account The Globalization of Terror makes a significant contribution to scholarly and theoretical research dealing with international terror The book offers a unique analysis of the Afghan alumni who had previously fought the Soviets in the 1980s within the overall tapestry related to modern international terror The authors detail how their activities evolved from a movement of national self defense to the militant worldview identified with radical Islam The book reveals as well the organizational structure so carefully erected by Bin Laden and his associates in order to realize the vision of a worldwide Islamic Caliphate in practical terms The book is intended to work as a set of guidelines for newcomers to the world of international terrorism including anti terror task forces heads of security companies as well as professionals in the field The importance of The Globalization of Terror lies in its clear presentation and precise analysis regarding the dimensions of the danger international terror poses to the free world and in its recommendations for the necessary strategy to prevent the recurrence of acts of large scale terror
