Oss Guide:

The Official (ISC)2 Guide to the CISSP CBK Reference John Warsinske, Mark Graff, Kevin Henry, Christopher Hoover, Ben Malisow, Sean Murphy, C. Paul Oakes, George Pajari, Jeff T. Parker, David Seidl, Mike Vasquez, 2019-04-04 The only official comprehensive reference guide to the CISSP All new for 2019 and beyond this is the authoritative common body of knowledge CBK from ISC 2 for information security professionals charged with designing engineering implementing and managing the overall information security program to protect organizations from increasingly sophisticated attacks Vendor neutral and backed by ISC 2 the CISSP credential meets the stringent requirements of ISO IEC Standard 17024 This CBK covers the new eight domains of CISSP with the necessary depth to apply them to the daily practice of information security Written by a team of subject matter experts this comprehensive reference covers all of the more than 300 CISSP objectives and sub objectives in a structured format with Common and good practices for each objective Common vocabulary and definitions References to widely accepted computing standards Highlights of successful approaches through case studies Whether you ve earned your CISSP credential or are looking for a valuable resource to help advance your security career this comprehensive guide offers everything you need to apply the knowledge of the most recognized body of influence in information security

Guide to Security for Full Virtualization Technologies Karen Scarfone, 2011 The purpose of SP 800 125 is to discuss the security concerns associated with full virtualization technologies for server and desktop virtualization and to provide recommendations for addressing these concerns Full virtualization technologies run one or more operating systems and their applications on top of virtual hardware Full virtualization is used for operational efficiency such as in cloud computing and for allowing users to run applications for multiple operating systems on a single computer

Japanese War Crimes and Related Topics: A Guide to Records at the National Archives United States. National Archives and Records Administration, 200? This finding aid will help researchers interested in Japanese war crimes war criminals and war crimes trials to navigate the vast holdings of the U S National Archives and Records Administration at College Park NARA It will also be useful to anyone interested in military intelligence political diplomatic economic financial social and cultural activities in the Far East during 1931 1951 as well as to those searching for information regarding Allied prisoners of war the organization functions and activities of American and Allied agencies and the Japanese occupation of countries and the American occupation of Japan While not aimed at researchers interested in the strategic and tactical military and naval history of the war in the Far East this finding aid may nevertheless be useful to those with such interests if only to identify record groups and series of records that may bear on those topics This finding aid covers records from over twenty record groups and includes materials declassified under the Japanese Imperial Government Disclosure Act of 2000 P L 106 567 as well as records that were never classified and those declassified before the passage of the Disclosure Act Because the process of identifying declassifying accessioning and processing of records under the Act is taking place as this

finding is being compiled late arriving records may not be identified in this finding aid Researchers should consult the IAWG Web site <http://www.archives.gov/iawg> for a complete and up to date list of records declassified under the Japanese Imperial Government Disclosure Act Federal agencies involved in the identification and declassification of relevant classified records ascertained that there were relatively few pertinent records that were still classified Most relevant records were either never classified or were declassified decades before the Act and were already in NARA's custody While this finding aid's coverage is broad it is not comprehensive Researchers may find other relevant series of records within the record groups mentioned or not mentioned Researchers are encouraged to use other finding aids and consult with NARA staff to locate records of interest In addition the National Archives at College Park holds nontextual records such as still photographs and motion pictures that researchers may want to examine Other NARA facilities hold many records and donated material related to World War II including records related to the subjects covered in this finding aid This is particularly true of the Franklin D Roosevelt the Harry S Truman and the Dwight D Eisenhower archives Think of archives as vast mountain ranges of records with the archivists guiding the expeditions Explorations on familiar well trodden paths produce new perspectives when examined with fresh eyes and imagination

Guide to General Server Security Karen Scarfone, 2009-05 Servers are frequently targeted by attackers because of the value of their data and services For example a server might contain personally identifiable info that could be used to perform identity theft This document is intended to assist organizations in installing configuring and maintaining secure servers More specifically it describes in detail the following practices to apply 1 Securing installing and configuring the underlying operating system 2 Securing installing and configuring server software 3 Maintaining the secure configuration through application of appropriate patches and upgrades security testing monitoring of logs and backups of data and operating system files
