Industrial Colonies and Village Settlements for the Consumptive (Classic Reprint) German Woodhead, 2018-01-19 Excerpt from Industrial Colonies and

Village Settlements for the Consumptive Symonds and we together examined the patients sampled the climate and other conditions and argued with Unger and Ruedi Then for the second time came Hope more solid Hope Given a fairly early case and three years and recovery was in the offing And so we went on cheerfully with Davos But Davos was not for every one nor was every case an early one Then came the discovery that lower altitudes would do if certain conditions were obtained and so arose the great sanatorium movement But slowly we found that patients could not spend their lives in sanatoriums and one day on making my way up to one of them in England I met on the way patient after patient slouching along bored to death with themselves and with each other and even worse in morale than in body Better discipline and better notions of thera

peutics mended some of that still I could not forget those listless saunterers and it became evident to some of us however unwillingly that Hope was drooping again The sanatorium was doing a great educative work no doubt but at the end of its four or six months what then To send the patient away with recommendations about light jobs and a regime was almost a mockery or quite What about the wage and the family to be supported The next lesson was brought home to me by a visit with other commissioners to certain cities concerning some such problems Before me now I see a gaunt hollow eyed man coughing and leaning against the wall as he tried to talk to us saying that his mates when he came out of the sanatorium good fellows as they were had bought him a milk that he might creep round and earn a bit The brave wife shawl on head and mill apron on had just come from the factory and apologised for the dirty house as well she might The poor thing was working all day at the factory to keep the wolf from the door All being dragged down together into the pit What is the value of a good house or a clean house if no wages What is there for the children And what is to stop the infection Who then would have the imagination the initiative the business capacity to lift this burden like lifting a world About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Guide to Reprints ,2008 Evolution and the Need of Atonement (Classic Reprint) Stewart Andrew

McDowall,2017-07-16 Excerpt from Evolution and the Need of Atonement As the title indicates the main object of this book is not to offer a new theory of the Atonement Rather it is intended to Show that when the origin and history of man are studied from the scientific and especially the biological side the spiritual life its partial failure and the need for Atonement far from receding into vagueness and unreality are thrown into strong relief About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **A Book of Cambridge**

Verse (Classic Reprint) Ernest Edward Kellett,2018-02-02 Excerpt from A Book of Cambridge Verse Nevertheless after all deductions have been made how much true poetry is yet left He must be hard to please who cannot find intense enjoyment in the Eclogues of Phineas Fletcher in Cowley s epitaph on Harvey in the Miltonic stanzas of Gray s Installation Ode in a score of other pieces grave quaint or classical in their allusive ness of phrasing Especially grateful must we be to the number of

poets of exquisite feeling and easy mastery of form who during the last fifty or sixty years have enriched the language with delicate and elegant verse from which it has been only too difficult to choose because its quantity is so great and its merit so even Of this we trust we have given a tolerably adequate selection but it would have been easy to multiply it fourfold About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Hard Questions, Heart Answers Bernice A. King, 1999-03-23 Bernice King the youngest daughter of Martin Luther King Jr and Coretta Scott King is an ordained minister an attorney and one of this country's most admired speakers As this remarkable collection of her sermons and speeches makes clear she shares with her father a rare gift for oratory and the wisdom and compassion to inspire others The collection begins with words designed to disturb the comfortable Tackling such controversial subjects as our disaffected youth gun control and the death penalty King paints a compelling picture of the spiritual decay and deep seated racism that infects our society In the second part of the book a selection of sermons focusing on comforting the disturbed King's belief in the power of faith to restore our communities morally and spiritually rings forth The church she asserts must return to its helping and healing mission and each of us looking into our hearts must put aside our differences and remember that each human life is precious **Political**

McVeigh, Loreen Therese Wolfer, 2004 In this book Frank McVeigh and Loreen Wolfer take an historical approach to examine the causes and conflicts behind ten major social problems that have existed for nearly 230 years Using a critical thinking perspective of the history sociology politics and economics of the period the authors analyze social problems as a series of conflicts between those with power and those who were at one time virtually powerless Embedded in this analysis is a discussion of how the shift from a Gemeinschaft to Gesellschaft society has influenced how we address these problems Using these themes McVeigh and Wolfer provide thought

provoking insight into the ways individuals groups and social institutions change over time gaining or losing power The book contains a preface by Arthur Shostak Drexel University *Achieving Our Humanity* Emmanuel C. Eze,2013-02-01 *Achieving Our Humanity* explores a postracial future through a philosophical analysis of the social cultural economic and political experiences of race in the past and what this might mean for our present and most importantly our future *The Invention of Racism in Classical Antiquity* Benjamin Isaac,2013-10-31 There was racism in the ancient world after all This groundbreaking book refutes the common belief that the ancient Greeks and Romans harbored ethnic and cultural but not racial prejudice It does so by comprehensively tracing the intellectual origins of racism back to classical antiquity Benjamin Isaac s systematic analysis of ancient social prejudices and stereotypes reveals that some of those represent prototypes of racism or proto racism which in turn inspired the early modern authors who developed the more familiar racist ideas He considers the literature from classical Greece to late antiquity in a quest for the various forms of the discriminatory stereotypes and social hatred that have played such an important role in recent history and continue to do so in modern society Magisterial in scope and scholarship and engagingly written *The Invention of Racism in Classical Antiquity* further suggests that an understanding of ancient attitudes toward other peoples sheds light not only on Greco Roman imperialism and the ideology of enslavement and the concomitant integration or non integration of foreigners in those societies but also on the disintegration of the Roman Empire and on more recent imperialism as well The first part considers general themes in the history of discrimination the second provides a detailed analysis of proto racism and prejudices toward particular groups of foreigners in the Greco Roman world The last chapter concerns Jews in the ancient world thus placing anti Semitism in a broader context **Eight Propositions** Joe L. Rempson,2020-11-19 Rempson takes issue with those who lay the plight of African Americans on racism not seeing it today as a major obstacle to black progress Rather he traces the origin back to what he terms the African American Garden of Eden In it W E B Dubois outlasted Booker T Washington and fathered a tradition which Rempson argues has produced a victim identity and an emphasis on the system rather than the self Only black males offer a way out he declares because it is entirely our black males who are keeping us down and curtailing our progress in contrast to black females who are doing OK They are plagued by what Rempson calls the African American Male School Adaptability Crisis AMSAC Their academic performance ranks at the bottom alone below black female students and below white Asian and Hispanic male students In large urban areas their high school dropout rate is 59 percent and nationally they lag behind in college attendance and graduation rates The outcome Rempson argues is dysfunctionality and the existence of hedonistic norms which hinder family and community stability But while black males are the problem Rempson contends it is nevertheless only they who can solve it because research and experience show that it takes males to bring up and change other males Though intended for everyone he therefore writes his book to his fellow advantaged black males and makes a passionate plea for them to step up and with the help of black females and of the nation take the lead As

their guide he has formulated eight propositions Arrived at through an examination of impressively extensive data from numerous sources and disciplines they are a marked departure from the customary Most strikingly delicate matters such as those which pertain to intelligence quotient IQ and culture are openly confronted and dealt with But Rempson writes unless confronted we will not solve our problems Nor he continues can we solve them unless we cut the umbilical cord to white America We have no right to expect it to be our savior nor are we justified in perceiving it as our oppressor Forcefully and finely written Rempson s book is a singular and courageous contribution Alone his eight propositions make it a worthy read

Elizabeth Gilmore,2019-01-09 This classic work helps recover the central role of black women in the political history of the Jim Crow era Glenda Elizabeth Gilmore explores the pivotal and interconnected roles played by gender and race in North Carolina politics from the period immediately preceding the disfranchisement of black men in 1900 to the time black and white women gained the vote in 1920 Gilmore argues that while the ideology of white supremacy reordered Jim Crow society a generation of educated black women nevertheless crafted an enduring tradition of political activism In effect these women

served as diplomats to the white community after the disfranchisement of their husbands brothers and fathers Gilmore also reveals how black women s feminism created opportunities to forge political ties with white women helping to create a foundation for the emergence of southern progressivism In addition Gender and Jim Crow illuminates the manipulation of concepts of gender by white supremacists and shows how this rhetoric changed once women black and white gained the vote
