Mercurius The Marriage Of Heaven And Earth:

Mercurius, Or, the Marriage of Heaven & Earth Patrick Harpur, 2007 In 1952 a country clergyman called Smith begins his tortuous quest for the Holy Grail of alchemy the Philosophers Stone which transmutes base metal to gold and confers immortality As he pits himself against the bizarre perils of the Great Work it becomes clear that his arcane transformations are as much spiritual as chemical Gradually the shadow of alchemy falls over those around him a young girl whose sudden pregnancy is a local scandal Janet trapped in a barren marriage and Robert who pursues his own quest for the legendary blue glass of Chartres Thirty years later Eileen comes to live in Smith s vicarage In the medieval cellar she unearths a hidden manuscript and begins to read of secret fire and mysterious prime matter a green lion and a raven s head a fatal conjunction of king and queen a descent into Blackness and putrefaction As she penetrates farther into the alchemical labyrinth she is haunted both by her own history and by that of her neighbours the menacing Mrs Zetterberg and the disfigured Pluto and finally by the enigma of Smith himself In separate but interwoven accounts Smith and Eileen strive towards the one thing necessary for the Work s success the great Secret guarded by the paradoxical Mercurius who leads them to the zero point where Heaven is wedded to Earth and the miraculous Stone appears at the intersection of time and eternity By reconstructing a highly sophisticated but almost forgotten world view Mercurius restores to us our own spiritual heritage which rooted in the alchemists dark retorts will perhaps flower in the light of the future

The Marriage of Heaven and Earth Randall A. Clack, 2000-08-30 From the Middle Ages to the close of the 17th century alchemy was fundamental to Western culture as scores of experimenters sought to change lead into gold Though its significance declined with the rise of chemistry alchemy continued to captivate the imagination of writers and its images still appear in modern creative works This book examines the literary representation of alchemical theory and the metaphor of alchemical regeneration in the works of Edward Taylor Edgar Allan Poe Nathaniel Hawthorne and Margaret Fuller While Taylor used alchemical metaphors to illustrate the redeeming grace of God upon the soul these same metaphors were used by Poe Hawthorne and Fuller to depict a broader concept of redemption These later writers used alchemical imagery to describe both the regeneration of the individual and the possible transformation of society For Poe alchemy became a metaphor for the transforming power of imagination for Hawthorne it became a means of representing the redeeming power of love for Fuller it figured the reconciliation of gender opposites Thus these four American writers incorporated the idea of regeneration in their works and the tropes and metaphors of the medieval alchemists provided a fascinating way of imagining the transformative process

Lady of the Lamp Caiseal Mór, 2009 The noble quest for the Holy Grail lay at the very heart of the Order of the Knights Templar What could have inspired a brotherhood of warrior monks to search the four corners of the world for such a thing Forget for a moment all those clever Christianised diversions involving secret genealogies clandestine inter breeding and blood royal It s true all Grail romances speak of a woman who guards the sacred vessel Some claim the Grail preserves a

royal house a few hint that the vessel itself is a woman But the Grail has many other attributes If you read the tales carefully you ll find that whoever possesses it can scry the future It was explicitly spoken of as an actual artefact that can bestow limitless wealth and immortality If you dig deep enough you ll discover the Grail existed long before the Christians and their holy wars Alexander the Great conquered the East looking for it Indeed the Grail is a mystical object so ancient some stories claim it was uncovered when the Persians founded the great city of Persepolis That s the Holy Grail the Knights Templar travelled near and far to find On the borders of the Forest of Keak a mighty host of Templar warriors is assembling At their head is a ruthless warlord who has devoted his life to the Quest Garamond de Lusignion once had the Grail within his reach but it was snatched away from under his nose by a band of audacious thieves It s taken him twenty years to track them down and in all that time the fire of his rage has never diminished He knows exactly where it s concealed and who kept it from him Eager for revenge as much as to claim the Prize Garamond sends his lieutenant to the Castle of Montsalvasch He offers an ultimatum to the noblemen who rule the forest Surrender the Grail or suffer the consequences of a holy war Give up the Treasure or every living soul within the forest will be branded a heretic and put to the sword *Mythic Oracle* Carisa Mellado & Michele-lee Phelan, **A Jungian Circumambulation of Art and Therapy** Malcolm Learmonth, Karen Huckvale, 2010 Originator innovator activist and educator Emeritus Professor Michael Edwards was central to the international evolution of art therapy These previously unpublished papers are the most substantial written record of his thinking Highly praised by leading figures in art psychotherapy Professor Shaun McNiff wrote the ideas have wings that carry the reader inside to the marrow of art The book will appeal to artists looking for a threshold into the arts in therapy Rejection of reductionism and fundamentalism made Edwards a champion of soul a challenger of simple mindedness Widely honoured as an art therapist educator supervisor and Jungian analyst this book appropriately reflects Edwards achievements The humour wisdom and idiosyncrasy of the writer has been preserved in the careful editing by Learmonth Huckvale of these transcribed talks The book is beautifully illustrated with some of Edward s favourite artworks the Talepieces from Thomas Bewick s *Birds* [Earth Alchemy](#) Glennie Kindred, 2013-11-11 Fusing alchemical healing practices with the eight Celtic festivals this down to earth guide shows you how to deepen your connection to nature and discover your most authentic self In this updated edition of *The Alchemist s Journey* Glennie Kindred explores a powerful fusion between the ancient healing art of alchemy and the energy inherent in each of the eight Celtic festivals This practical guide written in Glennie s accessible style shows us how to work with each seasonal and alchemical shift and use the natural energy of transformation to experience ourselves in a new way It takes us on a journey of discovery to find our gold the source of our healing and happiness *Earth Alchemy* includes A key to the Earth Festivals and creating celebrations that encourage transformation and change Key alchemical concepts and how they are tied to eternal natural laws we can all harness How to recognize natural phenomenon and their subtle meanings for our personal healing How to experience the unity and interconnection of

Stableford,2006 Publisher description The A to Z of Fantasy Literature Brian Stableford,2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites *The Secret Tradition of the Soul* Patrick Harpur,2011-10-18 In *The Secret Tradition of the Soul* author Patrick Harpur argues that answers to life s most difficult questions the meaning of life the nature of self and the existence of an afterlife can be met by a visionary tradition that runs through Western culture from Greek philosophy and Renaissance alchemy to Romantic poetry and modern depth psychology This hidden tradition according to Harpur places our soul at the center of the universe and emphasizes imagination the collective unconscious and an otherworld or afterlife above

all it teaches us how to know ourselves and how to recover a sense of meaning largely lost today Harpur shows how this tradition drives the literature of otherworld journeys from the flights of shamans and the dreams of psychoanalysis to the mystic imagination of Romantic poets and the visions of those having near death experiences The Secret Tradition of the Soul is the first book to gather together all the threads of the soul tradition and weave them into a bigger clearer picture presenting a worldview at once ancient and revolutionary About the Imprint EVOLVER EDITIONS promotes a new counterculture that recognizes humanity's visionary potential and takes tangible pragmatic steps to realize it EVOLVER EDITIONS explores the dynamics of personal collective and global change from a wide range of perspectives EVOLVER EDITIONS is an imprint of North Atlantic Books and is produced in collaboration with Evolver LLC **Look at the Evidence** John Clute,2016-11-24 For more than 50 years John Clute has been reviewing science fiction and fantasy Look at the Evidence is a collection of reviews from a wide variety of sources including Interzone the New York Review of Science Fiction and Science Fiction Weekly about the most significant literatures of the twenty first century science fiction fantasy and horror the literatures Clute argues should be recognized as the central modes of fantastika in our times It covers the period between 1987 and 1992 *The Philosophers' Secret Fire* Patrick Harpur,2007 Is there any place for the ancient myths of our ancestors in modern times Could their shadowy presence in our common imagination be more influential than we realise Across the globe many societies still believe in an Otherworld of spirits gods and daimons which the West has banished to the unconscious mind and now only visits in dreams Yet this visionary tradition continues to subvert the rational universe erupting out of the shadows in times of intense religious and philosophical transition In his dazzling history of the imagination Patrick Harpur links together fields as far apart as Greek philosophy and depth psychology Renaissance magic and tribal ritual Romantic poetry and the ecstasy of the shaman to trace how myths have been used to make sense of the world He uncovers that tradition which alchemists imagined as a Golden Chain of initiates who passed their mysterious secret fire down through the ages As this inspiring book shows the secret of this perennial wisdom is of an imaginative insight a simple way of seeing that reenchants our existence and restores us to our own true selves Sophia Caitlin Matthews,2001-05-01 Anyone interested in the feminine face of God throughout the ages will find Sophia an illuminating experience Caitlin Matthews scholarship connects us to past present and future in the very depths of our femininity Marion Woodman Jungian analyst and author of Bone Dying into Life Sophia or wisdom in Greek has been revered in many forms throughout history from the Dark Goddess of ancient Anatolia to her Egyptian Greek Celtic and Cabalistic manifestations to her current forms as Mary and the orthodox St Sophia In the Gnostic Gospel of Thomas Sophia sits with God until the creation Then she falls into matter and becomes manifest in every atom permeating all things like the sparks that run through charcoal as Matthews says While God is out there the Goddess is in here the mother wit of practical inspiration and compassion at the heart's core This definitive work comprehensively establishes a realistic Goddess theology for Westerners

in the twenty first century grounding spirituality in daily life and the natural world learning to work playfully and play seriously ending the gender war to enjoy sacred marriage

The Encyclopedia of Fantasy John Clute, John Grant, 1999-03-15 Like its companion volume The Encyclopedia of Science Fiction this massive reference of 4 000 entries covers all aspects of fantasy from literature to art

Gist Lindsay Clarke, 2012-08-17 What do we mean by the word imagination Does it just refer to our powers of invention and ingenuity or might it have a larger visionary scope and purpose Might it be vital to a vital life What about the creative process itself how does it work in what circumstances does it flourish and what conditions hinder or repress its activity These and related themes are explored often in unexpected and provocative ways in this inspirational collection of essays poems and reflections The book takes its title from the opening essay The Gist of Arvon in which John Moat reflects with characteristic humanity vigour and wit on the wider implications of the original vision and sense of purpose which he shared with his close friend the late John Fairfax when they set up the Arvon Foundation together more than forty years ago John s piece is followed by those of the contributing authors who approach the issues from a stimulating variety of perspectives Thus amongst other lively contributions Seamus Heaney writes about the inspirational nature of haunting encounters Alice Oswald reveals a poet s imagination in full flight across pages from her work book Carol Ann Duffy contributes poems she wrote while tutoring at Arvon Centres and there are freshly written pieces by novelists such as Andrew Miller Adam Thorpe and Maggie Gee while Jules Cashford Linda Proud and Patrick Harpur offer mythological and philosophical insights on the book s themes The book has a Foreword by Andrew Motion and reprints a fascinating essay in which Ted Hughes gave thought to the important educational significance of the work done at Arvon s Centres Through its celebration of the imagination The Gist seeks to bring encouragement and inspiration to anyone whose pulses are quickened by the urge to live a creative life
