Out Of Uniform Humiliated Wives:

Nimitz at War Craig L. Symonds, 2022 From one of our most distinguished naval historians the first wartime biography in a half century of the man who guided America to victory in the Pacific in World War Two The most cataclysmic and consequential war in history produced more than its share of fascinating characters and great leaders Some have hardened into legend others fallen below the radar Somewhere in between sits Chester W Nimitz Commander in Chief of both the Pacific Fleet and the Pacific Ocean Area from 1941 to 1945 Nimitz demanded and received less attention than his Army counterpart Douglas MacArthur whose self promotion was prodigious He seemed less colorful than some of his subordinates such as Admiral Bill Bull Halsey and General Holland Howlin Mad Smith Yet Nimitz s was the guiding hand of Allied forces in the Pacific War and the central figure in the victory against Japan Craig L Symonds s full length portrait of Nimitz from the precarious early months following Pearl Harbor when Nimitz assumed command of the Pacific Fleet to the surrender ceremony in Tokyo Bay is the first in more than fifty years Using Nimitz s headquarters the eye of the hurricane as the vantage point Symonds covers the major campaigns from Guadalcanal to Okinawa He captures Nimitz s calm discipline homespun wisdom and uncanny sense of when to project authority and when to pull back illuminating how this helped him direct one of the largest and most complex campaigns in military history fought against an implacable foe The pressures Nimitz faced were crushing involving tactical and strategic decision making visualizing success while mindful of the welfare of those who served under him soldiers sailors and Marines He had to corral assertive subordinates and keep them focused on the larger objectives and maintain a strong working relationship with his own superiors including the equally formidable Admiral Ernest J King and President Franklin D Roosevelt In addition Nimitz had to deal with the public spectacle of war managing the expectations of a nation both expecting victory and longing for the carnage to end In retrospect it seems impossible to imagine anyone else could have accomplished all this As Symonds absorbing dynamic and authoritative portrait reveals it took leadership asked of and exhibited by few others Behind Nimitz s unflappable professionalism and reservoirs of charm were a resolve and audacity that became evident when most needed [The Oxford Handbook of Gender, War, and the Western World Since 1600](#) Karen Hagemann, Stefan Dudink, Sonya O. Rose, 2020 To date war history has focused predominantly on the efforts of and impact of war on male participants However this limited focus disregards the complexity of gendered experiences with war and the military The Oxford Handbook of Gender War and the Western World since 1600 investigates how conceptions of gender have contributed to the shaping of military culture examining the varied ideals and practices that have socially differentiated men and women s wartime experiences Covering the major periods in warfare since the seventeenth century The Handbook explores cultural representations of war and the interconnectedness of the military with civil society and its transformations **Guardians of Empire** Brian McAllister Linn, 2000-11-09 In a comprehensive study of four decades of military policy Brian McAllister Linn offers the first detailed history of the U S Army

in Hawaii and the Philippines between 1902 and 1940 Most accounts focus on the months preceding the Japanese attack on Pearl Harbor By examining the years prior to the outbreak of war Linn provides a new perspective on the complex evolution of events in the Pacific Exhaustively researched *Guardians of Empire* traces the development of U S defense policy in the region concentrating on strategy tactics internal security relations with local communities and military technology Linn challenges earlier studies which argue that army officers either ignored or denigrated the Japanese threat and remained unprepared for war He demonstrates instead that from 1907 onward military commanders in both Washington and the Pacific were vividly aware of the danger that they developed a series of plans to avert it and that they in fact identified even if they could not solve many of the problems that would become tragically apparent on 7 December 1941 *Las Soldaderas* Elena Poniatowska, 2014-01-01 The photographs of *Las Soldaderas* and Elena Poniatowska's remarkable commentary rescue the women of the Mexican Revolution from the dust and oblivion of history These are the Adelitas and Valentinas celebrated in famous corridos mexicanos but whose destiny was much more profound and tragic than the idealistic words of ballads The photographs remind Poniatowska of the trail of women warriors that begins with the Spanish conquest and continues to Mexico's violent revolution These women are valiant furious loyal maternal and hardworking they wear a mask that is part immaculate virgin part mother and wife and part savage warrior and they are joined together in the cruel hymn of blood and death from which they built their own history of the Revolution The photographs are culled from the vast Casasola Collection in the Fototeca Nacional of the National Institute of Anthropology and History in Pachuca Hidalgo Mexico *Driven to Their Knees* Roxanne L. Euben, 2025-09-02 How the rhetoric of humiliation defines the powerful and the powerless in modern politics Humiliation pervades our politics from images of stripped Palestinian men in Gaza to mocking chants at MAGA rallies It suffuses pictures and videos speaks through bodies as well as words and is expressed by those with too much power as well as by those with too little In *Driven to Their Knees* Roxanne Euben takes readers from conflicts in the Arabic speaking world to America's divided public square advancing a theory of humiliation rooted in the ways people articulate and enact it Euben analyzes some of the most conspicuous yet least studied Arabic expressions of humiliation drawing on sources ranging from Qur'anic commentary by Islamists to videos poetry songs and tweets from the 2011 Egyptian revolution *Driven to Their Knees* reveals what the language of humiliation says and also how it works This groundbreaking book shows how humiliation expresses the imposition of impotence by those with undeserved power and the way it converts relations of power into crises of virility Humiliation rhetoric defines both the humiliated and the humiliator and issues an urgent call for a remedy in the viscerally charged language of emasculation For Donald Trump and Usama bin Laden alike this means driving their enemy to his knees for all to see and then boasting about it to compound the degradation But for others humiliation galvanizes their struggle to stand erect uniting them in a refusal to be bowed low Humiliation is not just about power but is itself a powerful language that does far more than reflect contemporary politics The language of humiliation remakes the very world in which

we live **Women and Sport** Ellen J. Staurowsky, 2016-07-07 *Women and Sport Continuing a Journey of Liberation and Celebration* focuses on women winning access to the playing field as well as the front office in sport. Readers will gain an understanding of how women have been involved in sport and physical activity, how they have struggled for widespread recognition and legitimacy in the eyes of many, and how they continue to carve out their role in shaping sport as we know it today and as it will be in the future. Edited by renowned expert Ellen J. Staurowsky, widely accepted as an authority on college athlete rights and Title IX and gender equity, *Women and Sport* facilitates interdisciplinary research-based discussion by providing a detailed account of contributions from women in sport. The text features a foreword by sport executive Donna Orender and 15 chapters written by leading authorities in women and gender studies in sport that are grouped into four parts: *Women's Sport in Context*, *Connecting Past and Present*, *Strong Girls, Strong Women*, and *Recognizing Gender Differences*. *Strong Girls, Strong Women* recognizes gender differences and what it means to create equitable access to sport opportunities. *Women, Sport, and Social Location* explores how various characteristics and qualities may affect sport participation and opportunities. *Women in the Sport Industry* offers a rare and contemporary approach to examining women in sport leadership, management, and media. *Women and Sport* was developed with the intent of filling a need by serving as a primary textbook and separates itself from other titles by providing an abundance of instructor ancillary materials that assist in class preparations. Pedagogical aids such as objectives, glossary, terms, discussion questions, and learning activities in each chapter facilitate student understanding of the material covered. Sidebars throughout the text enable the contributors to provide thought-provoking content on topics such as media coverage of female athletes, how female athletes are used in marketing campaigns, and whether athletic competitions should continue to be segregated by sex. Readers will discover the impact of these topics in many areas of society, from biomedical to psychosocial and historical. Through its engaging content, *Women and Sport Continuing a Journey of Liberation and Celebration* serves as a launching pad for discussions that will shape society's ongoing conversation about what it means to be a female athlete or a woman working in sport. It is an ideal textbook for adoption in interdisciplinary courses that focus on women and gender studies in sport.

Maternal Desire Teresa L. Picarazzi, 2002 She argues that Ginzburg adopted a distinct aesthetic by allowing her family stories to be narrated through a female narrating I. This volume focuses on the broad theme of the maternal by tracing the development of the voices of Ginzburg's narrating daughters, mothers, and sisters. Their texts read as autobiographies that is, they are narratives about both the self and the other. **BOOK JACKET** [Laboring Mothers](#) Ellen Malenas Ledoux, 2023-11-10 Motherhood inherently involves labor. The seemingly perennial notion that paid work outside the home and motherhood are incompatible, however, grows out of specific cultural conditions established in Britain and her colonies during the long eighteenth century. With *Laboring Mothers*, Ellen Malenas Ledoux synthesizes and expands on two feminist dialogues to deliver an innovative transatlantic cultural history of working motherhood. Addressing both actual historical

women and fabricated representations of a type Ledoux demonstrates how contingent ideas about the public sphere and maternity functioned together to create systems of power and privilege among working mothers Popular culture has long thrown doubt on the idea that women can be both productive and reproductive at the same time Although the critical task of raising and providing for a family should in theory foster solidarity this has not historically proven the case Laboring Mothers demonstrates how contemporary associations surrounding economic status race and working motherhood have their roots in an antiquated and rigid system of inequality among women that dates back to the Enlightenment **The National Review**

Abousnnouga,2013-10-10 This book analyses war monuments by developing a multimodal social semiotic approach to understand how they communicate as three dimensional objects The book provides a practical tool kit approach to how critical multimodal social semiotics should be done through visual textual and material analysis It ties this material analysis into the social and political contexts of production Using examples across the 20th and 21st century the book's chapters offer a way of analysing the way that monument designers have used specific semiotic choices in terms of things like iconography objects shape form angularity height materials and surface realisation to place representations of war in public places across Britain This social semiotic approach to the study of war monuments serves three innovative purposes First it provides a contribution to the work on the ideological representations of war in Media and Cultural Studies and in Critical Discourse Analysis applied specifically to more banal realisations of discourse Second it responds to calls by historians for innovative ways to study war commemoration by providing an approach that offers both specific analysis of the objects and attends to

matters of design Thirdly following in the relatively recent tradition of multimodal analysis the arguments draw on the ideas of Kress and van Leeuwen 1996 2001 adapting and extending their theories and models to the analysis of British commemorative war monuments in order to develop a multimodal framework for the analysis of three dimensional objects
