Summary, Analysis, and Review of Malcolm Gladwell's Outliers Start Publishing Notes, 2017-09-08 PLEASE NOTE This is a key takeaways and analysis of the book and NOT the original book Start Publishing Notes Summary Analysis and Review of Malcolm Gladwell's *Outliers: The Story of Success* includes a summary of the book review analysis key takeaways and detailed About the Author section PREVIEW Malcolm Gladwell's *Outliers: The Story of Success* argues that success is not solely the result of merit and hard work Rather Gladwell says extremely successful people are successful because they were in the right place at the right time or because they received crucial help In order to understand success it is important to look not at the characteristics of the individual but at the social and cultural factors that enable success Sports are often seen as a uniquely meritocratic endeavor People believe that the most physically talented athletes are the most successful However this is not true In fact in Canada children whose birthdays fall just before the cut off date for participation in youth leagues have a huge advantage These children are the oldest ones in their leagues and so are most developed and are stronger and faster than their peers In Canada this means that they are chosen to move into more advanced teams and leagues and so get more practice and training As a result almost all professional hockey players in Canada have birthdays clustered around the dates just before the youth league cut offs The professional players all have great talent and all work hard However what truly made them outliers was not work or skill but the accident of their birthdays

SUMMARY - Outliers: the Story of Success by Malcolm Gladwell Shortcut Edition, 2020-11-04 Our summary is short simple and pragmatic It allows you to have the essential ideas of a big book in less than 30 minutes As you read this summary you will discover that successful men and women are not only talented but also greatly helped by fate They have taken every opportunity to stand out from the crowd Malcolm Gladwell has analyzed many atypical paths to show what the real keys to success are You too have the power to be a winner You will also discover that work is an essential prerequisite for acquiring the ability to succeed in any field the family environment origins date of birth are parameters that can be favorable to success having a high IQ is not always a guarantee of success in many countries the education system

favors only a small proportion of students leaving others by the wayside The self made man is a myth The self made man is a myth So don't worry If you're not a Nobel Prize winner a famous lawyer a professional basketball player it's not your fault You were probably born at the wrong time Your parents may not be making clothes You may not be of Asian descent But you can be just as successful as Bill Gates Mozart or Robert Oppenheimer in their day You'll realize that work is the key The rest is a matter of circumstance Buy now the summary of this book for the modest price of a cup of coffee **Summary Analysis**
