Outpost Progress Joseph Conrad:

Joseph Conrad Robert D. Hamner, 1990 Issues of racial discrimination imperialist exploitation and accuracy of observation have long interested Conrad's critics As a European writing about imperialism in exotic lands Conrad offered a vivid but subjective account of the confrontations between the cultures and peoples of East and West Though some in Africa have condemned his novels as racist the books have been used as models for the work of recent generations of native writers This collection of essays places Conrad's work under the scrutiny of an international array of scholars who explore the response to Conrad in contemporary times as well as during his own era Joseph Conrad and the Fictions of Skepticism Mark Wollaeger, 1990-11-01 You want more scepticism at the very foundation of your work Scepticism the tonic of minds the tonic of life the agent of truth the way of art and salvation Joseph Conrad wrote these words to John Galsworthy in 1901 and this study argues that Conrad's skepticism forms the basis of his most important works participating in a tradition of philosophical skepticism that extends from Descartes to the present Conrad's epistemological and moral skepticism expressed forestalled mitigated and suppressed provides the terms for the author's rethinking of the peculiar relation between philosophy and literary form in Conrad's writing and more broadly for reconsidering what it means to call any novel philosophical Among the issues freshly argued are Conrad's thematics of coercion isolation and betrayal the complicated relations among author narrator and character and the logic of Conradian romance comedy and tragedy The author also offers a new way of conceptualizing the shape of Conrad's career especially the decline evidenced in the later fiction The uniqueness of Conrad's multifarious literary and cultural inheritance makes it difficult to locate him securely in the dominant tradition of the British novel A philosophical approach to Conrad however reveals links to other novelists notably Hardy Forster and Woolf all of whom share in the increasing philosophical burden of the modern novel by enacting the very philosophical issues that are discussed within their pages Conrad's interest as a skeptic is heightened by the degree to which he resists the insights proffered by his own skepticism The first chapter introduces the idea of the Conradian shelter and the next two use Schopenhauer to show how the language of metaphysical speculation in *Tales of Unrest* and *Heart of Darkness* spills over into a religious impulse that resists the disintegrating effect of Conrad's skepticism The author then turns to Hume to model the authorial skepticism that in *Lord Jim* contests the continuing visionary strain of the earlier fiction and Descartes to analyze the ways in which Romantic vision is more stringently chastened by irony in *Nostromo* and *The Secret Agent* The concluding chapter touches on several late novels before examining how competing models of political agency in Conrad's last great fiction of skepticism *Under Western Eyes* situate it somewhere between ideology critique and a mystified account of the exigencies of individual consciousness *Studying Fiction* Roy Johnson, 1992 This guide offers an introduction to the basic skills and intellectual tools required for making a study of fiction It presents an explanation of the most common features of prose using practical examples drawn from six short stories which are included as part of the study programme

The book is carefully structured in logical steps intended to lead the reader from attentive reading to help produce a description of the piece through analysis inspecting comparing and evaluating writing to interpretation making judgements on pieces of work and adopting different points of view The overlapping of certain points and techniques is also explained and the book offers advice on spotting and analyzing specific writing techniques gives practical advice on how to set about studying keeping notes organizing the page of work drafting answers and so on and offers self assessment exercises and a detailed glossary Under Course Work the book also suggests topics for discussion and essay topics for those using the book in a tutor led setting

The Reception of Joseph Conrad in Europe Robert Hampson, Véronique Pauly, 2022-05-05 Born and brought up in Poland bilingually in French and Polish but living for most of his professional life in England and writing in English Joseph Conrad was from the start as much a European writer as he was a British one and his work from his earliest fictions through Heart of Darkness Nostromo and The Secret Agent to his later novels has repeatedly been the focal point of discussions about key issues of the modern age With chapters written by leading international scholars this book provides a wide ranging survey of the reception translation and publication history of Conrad's works across Europe Covering reviews and critical discussion and with some attention to adaptations in other media these chapters situate Conrad's works in their social and political context The book also includes bibliographies of key translations in each of the European countries covered and a timeline of Conrad's reception throughout the continent

Joseph Conrad and the Swan Song of Romance Dr Katherine Isobel Baxter, 2013-04-28 In the first critical study wholly devoted to Joseph Conrad's use of techniques associated with the literary tradition of romance Katherine Isobel Baxter argues that Conrad's engagement with the genre invigorated his work throughout his career Exploring the ways in which Conrad borrows from alludes to and subverts the tropes of romance Baxter suggests that Conrad's ambivalent relationship with popular forms like the adventure novel is revealed in the way he uses romance conventions to disrupt narrative expectations and make visible ethical problems with Europe's colonial project Baxter examines not only familiar novels like Lord Jim but also less studied works such as Romance and The Rover using Robert Miles's model of the philosophical romance to show that for Conrad romance is also philosophically engaged with issues of ideology Her study enables a new appreciation of the ways in which Conrad continued to experiment even in his later fiction and of the ethical import of that aesthetic experimentation

Conrad's Narratives of Difference Lissa Schneider-Rebozo, 2013-12-16 In Joseph Conrad's tales representations of women and of feminine generic forms like the romance are often present in fugitive ways Conrad's use of allegorical feminine imagery fleet or deferred introductions of female characters and hybrid generic

structures that combine features of masculine tales of adventure and intrigue and feminine dramas of love or domesticity are among the subjects of this literary study. Many of Conrad's critics have argued that Conrad's fictions are aesthetically flawed by the inclusion of women and love plots; thus Thomas Moser has questioned why Conrad did not cut them out altogether. Yet a thematics of gender suffuses Conrad's narrative strategies. Even in tales that contain no significant female characters or obvious love plots, Conrad introduces elusive feminine presences in relationships between men as well as in men's relationships to their ship, the sea, a shore breeze, or even in the gendered embrace of death. This book investigates an identifiably feminine point of view which is present in fugitive ways throughout Conrad's canon. Conrad's narrative strategies are articulated through a language of sexual difference that provides the vocabulary and grammar for tales examining European class, racial, and gender paradigms to provide acute and at times equivocal investigations of femininity and difference.
