*The Black Box Society* Frank Pasquale, 2015-01-05 Every day corporations are connecting the dots about our personal behavior silently scrutinizing clues left behind by our work habits and Internet use The data compiled and portraits created are incredibly detailed to the point of being invasive But who connects the dots about what firms are doing with this information The Black Box Society argues that we all need to be able to do so and to set limits on how big data affects our lives Hidden algorithms can make or ruin reputations decide the destiny of entrepreneurs or even devastate an entire economy Shrouded in secrecy and complexity decisions at major Silicon Valley and Wall Street firms were long assumed to be neutral and technical But leaks whistleblowers and legal disputes have shed new light on automated judgment Self serving and reckless behavior is surprisingly common and easy to hide in code protected by legal and real secrecy Even after billions of dollars of fines have been levied underfunded regulators may have only scratched the surface of this troubling behavior Frank Pasquale exposes how powerful interests abuse secrecy for profit and explains ways to rein them in Demanding transparency is only the first step An intelligible society would assure that key decisions of its most important firms are fair nondiscriminatory and open to criticism Silicon Valley and Wall Street need to accept as much accountability as they impose on others

**Human Rights and the Dark Side of Globalisation** Thomas Gammeltoft-Hansen, Jens Vedsted-Hansen, 2016-12-08 This book examines the continued viability of international human rights law in the context of extraterritorialisation outsourcing and privatisation of law enforcement tasks New forms of state cooperation raise difficult questions about divided shared and joint responsibility under international human rights law This book brings together some of the most authoritative legal voices to provide an introduction to core issues such as state responsibility attribution and

extraterritorial jurisdiction as well as up to date case studies of different transnational law enforcement issues It will interest students scholars and practitioners of IR human rights and public international law      Administrative Law and Politics Christine B. Harrington,Lief H. Carter,2014-09-02 In the Fifth Edition of Administrative Law and Politics authors Christine B Harrington and Leif H Carter show the scope and power of administrative government and demonstrate how the legal system shapes administrative procedure and practice Using accessible language and examples the casebook provides the foundation that students public administrators and policy analysts need to interpret the rules and regulations that support our legal system      **Pragmatism, Politics, and Perversity** Joseph L. Esposito,2012-06-14 The political project of pragmatism has focused primarily on its defense of democracy as the best political system to maintain and improve human well being over lifetimes and generations Pragmatism Politics and Perversity Democracy and the American Party Battle describes this project of Peirce Dewey Hook and Rorty and combines it with Charles Beard s study of the party battle as the most determinative influence upon American democracy The book updates and confirms Beard s hypothesis that the history of the party battle is a chronicle of perverse schemes and self inflicted wounds the most salient to date being the American Civil War because it reflects a ceaselessly disruptive contest over the creation of two largely incompatible political states nation state and market state The book supports its thesis with detailed historical accounts of the formation of the Constitution and early federal judiciary the sedition trials and political schemes of the 1790s the frustration of market state Whigs to attract white working class voters by exploiting their religious identities the reckless machinations of Whig Republicans in precipitating a national crisis over a contrived threat of oligarchy and white slavery and the ideological oscillations of the Supreme Court from market state to nation state jurisprudence and back again To reduce perversity in political rhetoric and free up pragmatic democratic practices the book proposes a robust neo Madisonian view of free speech where political actors and their surrogates are not only free to speak and write but are also obligated to explain retract and revise what they have said and written      *Boundaries of State, Boundaries of Rights* Tsvi Kahana,Anat Scolnicov,2016-10-20 This collection of essays draws together innovative scholars to examine the relationship between two legal and political phenomena the shrinking of the state as a monopoly of power in favour of the expansion of power over individuals in private hands and the change in the nature of rights The authors expertly discuss the implications of the changing boundaries of state power the legal responses to this development its application to human rights and re conceptualizations of public life as obligations are handed over to private hands This innovative book deals with an important set of problems and offers a fresh perspective of different legal themes in an integrated fashion      **Yale Law Journal: Volume 123, Number 3 - December 2013** Yale Law Journal,2013-12-18 The December issue of The Yale Law Journal the third of Volume 123 academic year 2013 2014 features new articles and essays on law and legal theory by internationally recognized scholars Contents include Article The Interpretation Construction Distinction in Patent Law by Tun Jen Chiang Lawrence B Solum Article Agencies as Litigation

**The Return of the State** Graeme Garrard, 2022-06-14 A vigorous and timely defense of the state as a force for good For decades now wealth and power have been shifting from states to markets This experiment has been a failure for all but a privileged few But this trend is beginning to reverse accelerated by the COVID 19 pandemic which has seen the state play the most direct and positive role in citizens everyday lives in living memory Graeme Garrard makes a powerful case for the state as our only realistic hope of countering the rising power of multinational corporations organized crime and international organizations that will always put their own interests first Today the state is essential to the health and welfare of everyone except the rich and powerful Yet it is being rolled back and whittled away leaving the well being of most of us at the mercy of unaccountable private powers that are increasingly free from external control As Garrard shows the state is the only realistic way of promoting the public good in our time

**Access to Asylum** Thomas Gammeltoft-Hansen, 2011-03-17 Is there still a right to seek asylum in a globalised world Migration control has increasingly moved to the high seas or the territory of transit and origin countries and is now commonly outsourced to private actors Under threat of financial penalties airlines today reject any passenger not in possession of a valid visa and private contractors are used to run detention centres and man border crossings In this volume Thomas Gammeltoft Hansen examines the impact of these new practices for refugees access to asylum A systematic analysis is provided of the reach and limits of international refugee law when migration control is carried out extraterritorially or by non state actors State practice from around the globe and case law from all the major human rights institutions is discussed The arguments are further linked to wider debates in human rights general international law and political science

**After Public Law** Cormac Mac Amhlaigh, Claudio Michelon, Neil Walker, 2013-05-09 Public law has been conceived in many different ways sometimes overlapping often conflicting However in recent years a common theme running through the discussions of public law is one of loss What function and future can public law have in this rapidly transforming landscape where globalized states and supranational institutions have ever increasing importance The contributions to this volume take stock of the idea concepts and values of public law as it has developed alongside the growth of the modern state and assess its continued usefulness as a distinct area of legal inquiry and normativity in light of various historical trends and contemporary pressures affecting the global configuration of law in general Divided into three parts the first provides a conceptual philosophical and historical understanding of the nature of public law the nature of private law and the relationship between the public the private and the concept of law The second part focuses on the domains values and

functions of public law in contemporary state legal practice as seen in part through its relationship with private domains values and functions The final part engages with the new legal scholarship on global transformation analysing the changes in public law at the national level including the new forms of interpenetration of public and private in the market state as well as exploring the ubiquitous use of public law values and concepts beyond the state     *Privatising Border Control*

,2022-11-07 In recent years many breaches of immigration law have been criminalised Foreign nationals are now routinely identified in court and in prison as subjects for deportation Police at the border and within the territory refer foreign suspects to immigration authorities for expulsion Within the immigration system new institutions and practices rely on criminal justice logic and methods In these examples it is not the state that controls the national border instead it is often privately contracted companies This collection of essays explores the growing use of the private sector and private actors in border control and its implications for our understanding of state sovereignty and citizenship *Privatising Border Control* is an important empirical and theoretical contribution to the growing interdisciplinary body of scholarship on border control It also contributes to the academic inquiry into the growing privatisation of policing and punishment These domains once regarded as central to the state's police power and its monopoly on violence are increasingly outsourced to private providers With contributions from scholars across a range of jurisdictions and disciplines including Criminology Law and Political Science *Privatising Border Control* provides a novel and comparative account of contemporary border control policy and practice This is a must read for academics practitioners and policymakers interested in immigration law and the growing use of the private sector and private actors in border control     *Risk Governance of Offshore Oil and Gas Operations* Preben Hempel

Lindøe,Michael Baram,Ortwin Renn,2014 This book evaluates and compares risk regulation and safety management for offshore oil and gas operations in the United States United Kingdom Norway and Australia It provides an interdisciplinary approach with legal technological and sociological perspectives on their efforts to assess and prevent major accidents and improve safety performance offshore Presented in three parts the volume begins with a review of the technical legal behavioral and sociological factors involved in designing implementing and enforcing a regulatory regime for industrial safety It then evaluates the four regulatory regimes that encompass the cultural legal and other contextual factors that influence their design and implementation along with their reliance on industrial expertise and standards and the use of performance indicators The final section presents an assessment of the resilience of the Norwegian regime and its capacity to keep pace with new technologies and emerging risks respond to near miss incidents encourage safety culture incorporate vested rights of labor and perform inspection and self audit functions This book is highly relevant for those in government business academia and elsewhere in civil society who are involved in offshore safety issues including regulatory authorities and industrial safety professionals     **Changing of the Guards** Alex Luscombe,Kevin Walby,Derek Silva,2022-06-15

Although service outsourcing has spread throughout Canada's prisons and jails into its police courts and national security

institutions and along the border in recent decades the expanding scope and pace of corporate involvement in criminal justice functions has not been closely investigated Changing of the Guards provides a comprehensive assessment of privatization and private influence across the twenty first century Canadian criminal justice system It illuminates the many consequences of public private arrangements for law and policy transparency accountability the administration of justice equity and public debate Within the contexts of policing sentencing imprisonment border control and national security the contributors explore crucial questions about legitimacy policy diffusion racism inequality corruption and democracy itself Changing of the Guards is a long overdue account of the social political and historical uniqueness of the Canadian criminal justice field and the key issues raised by this trenchant analysis are relevant both within and beyond Canada

**Business and Global Governance** Morten Ougaard, Anna Leander, 2012-09-10 Over the past two decades the role of business in global governance has become increasingly topical Transnational business associations are progressively more visible in international policy debates and in intergovernmental institutions and there is a heightened attention given to global policy making in national and international business communities This text examines and explains the multiple modes of engagement between business and global governance it presents a variety of theoretical approaches which can be used to analyse them along with empirical illustrations Featuring a range of leading US and European scholars it is divided into three parts that summarize different modes of engagement Each section is illustrated by two or three studies that represent a distinct theoretical take on the issue with empirical illustrations The book examines Business as master and purpose of global governance Business as subject and opponent to global governance Business as partner and facilitator of global governance This book will be of interest to students and scholars of Business Studies International Relations International Politics and International Political Economy as well as for practitioners in the public and private sector

Public Service and Good Governance for the Twenty-First Century James L. Perry, 2020-05-01 Expert analysis of American governance challenges and recommendations for reform Two big ideas serve as the catalyst for the essays collected in this book The first is the state of governance in the United States which Americans variously perceive as broken frustrating and unresponsive Editor James Perry observes in his Introduction that this perception is rooted in three simultaneous developments government's failure to perform basic tasks that once were taken for granted an accelerating pace of change that quickly makes past standards of performance antiquated and a dearth of intellectual capital that generate the capacity to bridge the gulf between expectations and performance The second idea harkens back to the Progressive era when Americans revealed themselves to be committed to better administration of their government at all levels federal state and local These two ideas the diminishing capacity for effective governance and Americans expectations for reform are veering in opposite directions Contributors to Public Service and Good Governance for the Twenty First Century explore these central ideas by addressing such questions as what is the state of government today Can future disruptions of governance and public service be

anticipated What forms of government will emerge from the past and what institutions and structures will be needed to meet future challenges And lastly and perhaps most importantly what knowledge skills and abilities will need to be fostered for tomorrow s civil servants to lead and execute effectively Public Service and Good Governance for the Twenty First Century offers recommendations for bending the trajectories of governance capacity and reform expectations toward convergence including reversing the trend of administrative disinvestment developing talent for public leadership through higher education creating a federal civil service to meet future needs and rebuilding bipartisanship so that the sweeping changes needed to restore good government become possible Contributors Sheila Bair William W Bradley John J DiIulio Jr Angela Evans Francis Fukuyama Donald F Kettl Ramayya Krishnan Paul C Light Shelley Metzenbaum Norman J Ornstein James L Perry Norma M Riccucci Paul R Verkuil Paul A Volcker

**The Public Economy in Crisis** June A. Sekera,2016-07-04 This Brief proposes a new theory of public economics which deemphasizes reliance on the free market and affirms the importance of public goods and services within the context of the democratic process and constitutional governance Public non market production makes up from a quarter to more than half of all economic activity in advanced democratic nation states Yet by imposing market precepts on the public domain as mainstream economics political science and public administration do public governing capacity is weakened and the democratic system suffers Agencies originally created to meet public needs are being warped into entities whose purpose is to generate revenue and in some cases deliver private profits at public expense Drawing on classic public finance literature this book illustrates the differences between public economy and the market model and why those differences matter Building on this the Brief sketches the elements of a new theory of the public non market and illuminates its connections to the delegation of power and collective provision of resources from the polity This book will be useful to scholars of public economics political science and public administration as well as policy makers and those working in the public sector

**Shareholders' Claims for Reflective Loss in International Investment Law** Lukas Vanhonnaeker,2020-07-16 This book studies shareholders claims for reflective loss and explains why they are justified in international investment law

**The Politics of Foster Care Administration in the United States** Rebecca H. Padot,2014-10-10 Government by proxy and intergovernmental relations profoundly affect the public administration of foster care Using examples from foster care systems in the states of Delaware Michigan New York and Rhode Island Rebecca Padot eloquently combines a rigorous methodology and theory work to expose the conditions under which foster care outcomes can be improved The cases selected suggest that the federal government has increased its focus on measuring the performance of state programs while simultaneously decreasing its funding of state foster care programs and offering the states very little management or mentorship Padot turns the page and recommends administrators place a greater priority on building community partners integrating the advice of mentors providing leadership from public managers and cultivating relationships with the federal government An original and timely resource for scholars and practitioners this book represents

a significant contribution to our understanding of how leadership and management variables may be associated with more positive foster care practices and performance in the United States

**Judicial Review of Administrative Discretion in the Administrative State** Jurgen de Poorter, Ernst Hirsch Ballin, Saskia Lavrijssen, 2019-06-07 This book deals with one of the greatest challenges for the judiciary in the 21st century It reflects on the judiciary's role in reviewing administrative discretion in the administrative state a role that can no longer solely be understood from the traditional doctrine of the *Trias Politica* Traditionally courts review acts of administrative bodies implying a degree of discretion with quite some restraint Typically it is reviewed whether the decision is non arbitrary or whether there is no manifest error of assessment The question arises though as to whether the concern regarding ensuring the non arbitrary character of the exercise of administrative power which is frequently performed at a distance from political bodies goes far enough to guarantee that the administration exercises its powers in a legitimate way This publication searches for new modes of judicial review of administrative discretion exercised in the administrative state It links state of the art academic research on the role of courts in the administrative state with the daily practice of the higher and lower administrative courts struggling with their position in the evolving administrative state The book concludes that with the changing role and forms of the administrative state administrative courts across the world and across sectors are in the process of reconsidering their roles and the appropriate models of judicial review Learning from the experiences in different sectors and jurisdictions it provides theoretical and empirical foundations for reflecting on the advantages and disadvantages of different models of review the constitutional consequences and the main questions that deserve further research and debate Jurgen de Poorter is professor of administrative law at Tilburg University and deputy judge in the District Court of The Hague Ernst Hirsch Ballin is distinguished university professor at Tilburg University professor in human rights law at the University of Amsterdam and president of the T M C Asser Institute for International and European Law He is also a member of the Scientific Council for Government policy WRR Saskia Lavrijssen is professor of Economic Regulation and Market Governance of Network Industries at Tilburg University
