**The Encyclopedia of Vampires, Werewolves, and Other Monsters** Rosemary Guiley, 2004. Monsters and shape shifters have always held a special fascination in mythologies, legends and folklore the world over. From ancient customs to famous cases of beasts and vampires and their reflections in popular culture, 600 entries provide definitions, explanations and lists of suggested further reading.

**Monsters** John Michael Greer, 2011-09-08. Of course that monster hiding under your bed when you were little didn't really exist. Vampires, werewolves, zombies, demons, they're simply figments of our imagination, right? After all, their existence has never been scientifically proven. But there is one giant problem with such an easy dismissal of these creepy creatures: people keep encountering them. Join occult scholar John Michael Greer for a harrowing journey into the reality of the impossible. Combining folklore, Western magical philosophy and actual field experience, *Monsters: An Investigator's Guide to Magical Beings* is required reading for both active and armchair monster hunters. Between these covers, you'll find a chilling collection of fiendish facts and folklore, including: Why true vampires are the least attractive and most destructive of all monsters. The five different kinds of ghosts. Magical origins of the werewolf legends. How to survive a chimera encounter. Jersey Devil. Chupacabra. Mothman. The hidden connections between faery lore and UFOs. Where dragons are found today. How to investigate a monster sighting. Natural and ritual magic techniques for dealing with hostile monsters. This 10th anniversary edition of the quintessential guide to magical beings features a new preface, new chapters on chimeras and zombies, and updates on werewolves, dragons, and the fae.

**Monsters** John Michael Greer, 2021-10-31. *An Investigator's Guide to Magical Beings* that takes you on a harrowing journey into the realm of monsters and the reality of the impossible. *Monsters* brings together folklore, Western magical philosophy and field experience. This book is required reading for both active and armchair monster hunters. Between these covers, you will find a chilling collection of fiendish facts and folklore, such as why true vampires are the least attractive, five different kinds of ghosts, the magical origins of the werewolf legends, hidden connections between faery lore and UFOs, and where dragons are found today. This is an essential field guide to monsters, from angels to zombies, with advice on monster investigation and magical self-defence. This latest edition not only has a new chapter on tulpas, but the chapters on vampires and chimeras are significantly expanded with new material. Plus, the section on monster investigation has been thoroughly updated with details on new technology and the approach of the media to monster hunting.
