Heretics G. K. Chesterton, 2007. *Heretics* is the companion volume to the previously published *Orthodoxy* in Hendrickson's Christian Classics series. In *Heretics* G. K. Chesterton unmasks the heresies of contemporary thinking by exposing the faulty thinking of popular notions especially apparent in the arts. An often overlooked book that contains some of Chesterton's strongest writing, the author takes on the heresies of modern thought such as negativism, relativism, neo-paganism, puritanism, aestheticism, and individualism. The book includes one of his best essays, "On Certain Modern Writers and the Institution of Family." This 1905 collection of articles focuses on the era's heretics: those who pride themselves on their superiority to conservative views. Chesterton's companion volume to *Orthodoxy* assesses such artists and writers as Kipling, Shaw, Wells, and Whistler with the author's characteristic wisdom and good humor. Chesterton was one of the spiritual influences on C. S. Lewis. Readers who appreciate the writings of Lewis will want to explore the writings of those who influenced him, including Chesterton. *Heretics* is now available from Hendrickson in a re-typeset and redesigned version as a welcome addition to the successful Christian Classics series. Hendrickson Christian Classics. Every Christian library needs the classics: the timeless books that have spoken powerfully to generations of believers. Hendrickson Christian Classics allows readers to build an essential classics library in affordable modern editions. [The Kneeling Christian](#) Anonymous, 2006. Realizing that prayer remains mysterious and foreign to many Christians, the unknown Christian sets out to familiarize believers with the source of power available to them through prayer.

E. M. Bounds on Prayer E. M. Bounds, 2006. Methodist minister and Civil War chaplain Edward McKendree Bounds (1835-1913) considered conversation with God as fundamentally vital to the Christian's life as physical breath. He devoted the last 17 years of his life to intense intercession and to penning some of the most perennially popular works about prayer. This attractive volume features the very best of his beloved writings: God shapes the world by prayer. Prayers are deathless. The lips that uttered them may be closed in death; the heart that felt them may have ceased to beat, but the prayers live before God, and God's heart is set on them, and prayers outlive the lives of those who uttered them; they outlive a generation, outlive an age, outlive a world.

Chesterton, 2006 One of the top 10 Christian books of the twentieth century Christianity Today Gilbert Keith Chesterton 1874-1936 has been called the ablest and most exuberant proponent of orthodox Christianity of his time One of the twentieth century's most thoughtful authors he greatly influenced countless Christian writers including C S Lewis and others Described as one of 10 indispensable spiritual classics of the past 1500 years by Publishers Weekly Chesterton's Orthodoxy offers a unique explanation of the essentials of the Christian faith and of his own journey from skepticism to belief It is constantly assumed especially in our Tolstoian tendencies that when the lion lies down with the lamb the lion becomes lamb like That is simply the lamb absorbing the lion instead of the lion eating the lamb The real problem is can the lion lie down with the lamb and still retain his royal ferocity That is the problem the Church attempted that is the miracle she achieved from Orthodoxy Every Christian library needs the classics the timeless books that have spoken powerfully to generations of believers Hendrickson Christian Classics allow readers to build an essential classics library in affordable modern editions Each volume is freshly retypeset for reading comfort while thoughtful new introductions place each in historical and spiritual context Attractive classically bound covers look great together on the shelf Best of all value pricing makes this series easy to own Planned to span the spectrum of Christian wisdom through the ages Hendrickson Christian Classics set a new standard for quality and value

Foxe's Book of Martyrs John Foxe, 2003-06 I picked up this book soon after making a commitment to Christ At first I was shocked by the images of Christians suffering and dying for their faith But soon I was drawn into the

the lack of critical thinking but also multiple other dimensions of the problematic situation of Christian education in the Presbyterian Church in Egypt are illuminated Lack of democracy lack of the use of experience lack of creative pedagogies lack of practical reason and lack of theology from the process are some of these dimensions Adapting Osmer s comprehensive approach to Christian education as practical theology Samy Estafanos proposes a holistic approach towards Christian education that aims at transforming education into a reconciling process
