

PRAYER FOR FLAG RAISING CEREMONY

January 20, 2020

Legislative Department

Our Gracious Heavenly Father. We praise and thank You for calling us to be Your people. We thank You for the times of triumph despite the ongoing challenges, knowing You have been with us always.

Have mercy for our failures, Lord, and make us into a people who will not forget You. Give us the grace to grow in love, service and obedience to Your laws.

We pray for our province - strengthen and defend us in our daily battles. Help us to fight for our province by being good citizens and being part of the solution. Keep safe our families and the Godly values we hold dear.

We pray for our people - that we may grow united in love and appreciation.

May we extend a hand to each other in selfless giving even when we feel we are the ones in need.

We pray for our leaders - give them Your heart and wisdom to govern humbly and justly. Make them worthy examples of righteousness for the whole citizenry to emulate.

We pray that You bless and prosper the fruits of our land and the works of our hands, that all of these may benefit your people in the province.

We claim Your victory in Our land and declare You as God of our province for blessed is the one who calls upon Your name. All of these things we ask, In the mighty name of Your Son, Jesus Christ. Amen.

Morning Prayers During Flag Raising Ceremony:

Strangers in a Stranger Land John B. Simon, 2019-08-27 What did it feel like to be an openly Jewish soldier fighting alongside German troops in WWII Could a Jewish nurse work safely in a field hospital operating theater under the supervision of German army doctors Several hundred members of Finland's tiny Jewish community found themselves in absurd situations like this yet not a single one was harmed by the Germans or deported to concentration or extermination camps In fact Finland was the only European country fighting on either side in WWII that lost not a single Jewish citizen to the Nazis Final Solution *Strangers in a Stranger Land* explores the unique dilemma of Finland's Jews in the form of a meticulously researched novel Where did these immigrant Jews the last in Europe to achieve citizenship status come from What was life like from their arrival in Finland in the early nineteenth century to the time when their grandchildren perversely found themselves on the wrong side of WWII And how could young lovers plan for the future when not only their enemies but also their country's allies threatened their very existence Seven years researching Finland's National Archives plus numerous in depth interviews with surviving Finnish Jewish war veterans provide the background for a narrative exploration of love friendship and commitment but also uncertainty and terror under circumstances that were unique in the annals of The Good War The novel's protagonists Benjamin David and Rachel adopt varying survival strategies as they struggle with involvement in a brutal conflict and questions posed by their dual loyalty as Finnish citizens and Zionists committed to the creation of a Jewish homeland Tensions mount as the three young adults painfully work through a relationship love triangle and try to fulfill their commitments as both Jews and Finns while their country desperately seeks to extricate itself from an unwinnable war

Memory, Place and Identity Danielle Drozdowski, Sarah De Nardi, Emma Waterton, 2016-05-20 This book bridges theoretical gaps that exist between the meta concepts of memory place and identity by positioning its lens on the emplaced practices of commemoration and the remembrance of war and conflict This book examines how diverse publics relate to their wartime histories through engagements with everyday collective memories in differing places Specifically addressing questions of place making displacement and identity contributions shed new light on the processes of commemoration of war in everyday urban spaces and within generations of families and national communities Contributions seek to clarify how we connect with memories and places of war and conflict The spatial and narrative manifestations of attempts to contextualise wartime memories of loss trauma conflict victory and suffering are refracted through the roles played by emotion and identity construction in the shaping of post war remembrances This book offers a multidisciplinary perspective with insights from history memory studies social psychology cultural and urban geography to contextualise memories of war and their use by national governments perpetrators victims and in family histories
