Monuments And Maidens The Allegory Of The Female Form:

Monuments and Maidens Marina Warner, 2000 A brilliant examination of the allegorical uses of the female form to be found in the sculpture ornamenting public buildings as well as throughout the history of western art

Monuments and Maidens Marina Warner, 2008-10-01 Feminist analysis has shown how female images in art and advertising reveal society's attitudes conscious and unconscious towards women This book provides a much needed historical context for today's debates It opens our eyes to the numbers of female figures that surround us on stamps on coins standing guard over banks and courts of justice Acclaimed historian Marina Warner's insights lead naturally into an exploration of the nature of the feminine itself Why should Truth be a woman or Nature or Justice or Liberty Warner sets out to breathe some life into the army of petrified personages that litters western cityscapes Her range of reference on female symbolism is enormous Illustrations

Monuments & Maidens, 1996

Fetishism and Curiosity Laura Mulvey, 2019-07-25 Writer and film maker Laura Mulvey is widely regarded as one of the most challenging and incisive contemporary cultural theorists credited for incorporating film theory psychoanalysis and feminism Part of the pathbreaking 1970s generation of British film theorists and independent film makers she came to prominence with her classic essay on the pleasures and displeasures of narrative cinema Visual Pleasure and Narrative Cinema She went on to make her own avant garde films co directed with Peter Wollen and to write further greatly influential works including this one Fetishism and Curiosity contains writings which range from analyses of Xela Citizen Kane and Blue Velvet to an extended engagement with the creations of Native American artist Jimmie Durham and the feminist photographer Cindy Sherman Essays explore the concept of fetishism as developed by Marx and Freud and how it relates to the ways in which artistic texts work Mulvey returns to some of the knottier issues in contemporary cultural theory especially the links between looking fantasy and theorisation on the one hand and the processes of historical change on the other What are the modes of address that characterise societies of the spectacle How might curiosity be directed towards deciphering the politics of popular culture These are just some of the questions raised in this brilliant and subtle collection Published as part of the BFI Silver series this new edition of Mulvey's classic work of feminist theory features a new specially commissioned introduction and stills from the films discussed

Elysium Edward Simon, 2023-10-17 Elysium A Visual History of Angelology is a gloriously illustrated overview of angels across art religion and literature from scholar Ed Simon writer for The Millions Ineffable invisible inscrutable angels are enduring creatures across Judaism Christianity and Islam and human experiences of the divine as mediated by spiritual emissaries are an aspect of almost every religious tradition In popular culture angels are often reduced to the most gauzy sentimental and saccharine of images fat babies with wings and guardians with robes halos and harps By contrast in scripture whenever one of the heavenly choirs appears before a prophet or patriarch they first declare Fear not for terror would be the most appropriate initial reaction to these otherworldly beings Angels are often not what we'd expect but it's precisely in that transcendent

encounter that something of the strangeness of existence can be conveyed Elysium A Visual History of Angelology is a follow up volume to Pandemonium A Visual History of Demonology offering an account of the angelic hierarchies as they've been understood across centuries and cultures and of the individual personages such as the archangels Michael Gabriel and Uriel who have marked the mythology of the West Includes Color Illustrations *Sensing the Nation's Law* Stefan Huygebaert, Angela Condello, Sarah Marusek, Mark Antaki, 2018-03-22 This book examines how the nation and its fundamental law are sensed by way of various aesthetic forms from the age of revolution up until our age of contested democratic legitimacy Contemporary democratic legitimacy is tied among other things to consent to representation to the identity of ruler and ruled and of course to legality and the legal forms through which democracy is structured This book expands the ways in which we can understand and appreciate democratic legitimacy If democratic communities are imagined this book suggests that their rightfulness must be sensed analogously to the need for justice not only to be done but to be seen to be done This book brings together legal historical and philosophical perspectives on the representation and iconography of the nation in the European North American and Australian contexts from contributors in law political science history art history and philosophy **English Women's Spiritual Utopias, 1400-1700** Alexandra Verini, 2022-06-06 English Women's Spiritual Utopias 1400 1700 New Kingdoms of Womanhood uncovers a tradition of women's utopianism that extends back to medieval women's monasticism overturning accounts of utopia that trace its origins solely to Thomas More As enclosed spaces in which women wielded authority that was unavailable to them in the outside world medieval and early modern convents were self consciously engaged in reworking pre existing cultural heritage to project desired proto feminist futures The utopianism developed within the English convent percolated outwards to unenclosed women's spiritual communities such as Mary Ward's Institute of the Blessed Virgin and the Ferrar family at Little Gidding Convent based utopianism further acted as an unrecognized influence on the first English women's literary utopias by authors such as Margaret Cavendish and Mary Astell Collectively these female communities forged a mode of utopia that drew on the past to imagine new possibilities for themselves as well as for their larger religious and political communities Tracking utopianism from the convent to the literary page over a period of 300 years New Kingdoms writes a new history of medieval and early modern women's intellectual work and expands the concept of utopia itself *The Mirror and the Palette* Jennifer Higgie, 2021-10-05 A dazzlingly original and ambitious book on the history of female self portraiture by one of today's most well respected art critics Her story weaves in and out of time and place She's Frida Kahlo Lo's Mailou Jones and Amrita Sher Gil en route to Mexico City Paris or Bombay She's Suzanne Valadon and Gwen John craving city lights the sea and solitude she's Artemisia Gentileschi striding through the streets of Naples and Paula Modersohn Becker in Worpswede She's haunting museums in her paint stained dress scrutinising how El Greco or Titian or Van Dyck or C zanne solved the problems that she too is facing She's railing against her corsets her chaperones her husband and her brothers she's hammering on doors dreaming in her

bedroom working day and night in her studio Despite the immense hurdles that have been placed in her way she sits at her easel picks up a mirror and paints a self portrait because as a subject she is always available Until the twentieth century art history was in the main written by white men who tended to write about other white men The idea that women in the West have always made art was rarely cited as a possibility Yet they have and of course continue to do so often against tremendous odds from laws and religion to the pressures of family and public disapproval In *The Mirror and the Palette* Jennifer Higgie introduces us to a cross section of women artists who embody the fact that there is more than one way to understand our planet more than one way to live in it and more than one way to make art about it Spanning 500 years biography and cultural history intertwine in a narrative packed with tales of rebellion adventure revolution travel and tragedy enacted by women who turned their back on convention and lived lives of great resilience creativity and bravery

Tennyson's Scepticism

Aidan Day,2005-09-20 Tennyson is not known for his scepticism This book argues that he should be It proposes a revaluation of the way in which his work is read Tennyson has always been understood as a poet who is committed primarily to endorsing spiritual values But this study argues that much of his poetry is driven by a metaphysical scepticism that is associated in part with rational perspectives deriving from Enlightenment thought The scepticism in Tennyson's poetry partakes in the complex generation of the modern that was taking place in his era One of the purposes of the study is to demonstrate that a cultural studies approach to Tennyson trivialises his intellectual subtlety and complexity Making extensive critical use of Tennyson's manuscript drafts this study provides close readings of Tennyson's earlier shorter poems together with the principal works of his maturity including *In Memoriam* *Maud* and *The Lover's Tale* and will be a valuable resource for Tennyson students and scholars worldwide

Domesticating Electricity

Graeme Gooday,2015-07-22 A socio cultural study of the history of electricity during the late Victorian and Edward periods It shows how technology authority and gender interacted in pre World War I Britain

Rule Britannia? Britain and Britishness 1707-1901

Peter Lindfield,Christie Margrave,2015-09-04 The concept of Britishness and its constituent facets has over the past decade come increasingly to the fore In particular this can be seen in the politically and socially engaging debates surrounding the Scottish Referendum in 2014 It is an idea manifested both physically and cognitively that every Briton is aware of and engages with to a greater or lesser extent Thus the concept of Britishness is extremely current and crosses cultural political and socio economic boundaries Nevertheless Britishness is a challenging term to define and explore given its tremendously wide ranging nature and dynamic personally shaped characteristics Considering historical ideas of Britishness however can enhance the understanding of national identity in the modern world This volume does just that by gathering together original academic essays that explore the expression and understanding of Britishness in literature philosophy music historical documents art and design Each contribution offers a detailed investigation of primary material including architecture furniture historical literature plays and sermons and marketing As a collection ideas are marshalled to reveal a rich tapestry of Britishness and

its forging **Unruly Women of Paris** Gay L. Gullickson,1996 The petroleuse is the most notorious figure to emerge from the Commune but the literature depicts the Communardes in other guises too the innocent victim the scandalous orator the amazon warrior and the ministering angel among others *Women Building History* Wanda Corn,2023-09-01 This handsomely illustrated book is a welcome addition to the history of women during America's Gilded Age Wanda M Corn takes as her topic the grand neo classical Woman's Building at the 1893 Columbian Exposition in Chicago a structure celebrating modern woman's progress in education arts and sciences Looking closely at the paintings and sculptures women artists made to decorate the structure including the murals by Mary Cassatt and Mary MacMonnies Corn uncovers an unspoken but consensual program to visualize a history of the female sex and promote an expansion of modern woman's opportunities Beautifully written with informative sidebars by Annelise K Madsen and artist biographies by Charlene G Garfinkle this volume illuminates the originality of the public images female artists created in 1893 and inserts them into the complex discourse of fin de siècle woman's politics The Woman's Building offered female artists an unprecedented opportunity to create public art and imagine an historical narrative that put women rather than men at its center *Gender in Twentieth-Century Eastern Europe and the USSR* Catherine Baker,2016-09-29 A concise and accessible introduction to the gender histories of eastern Europe and the Soviet Union in the 20th century These essays juxtapose established topics in gender history such as motherhood masculinities work and activism with newer areas such as the history of imprisonment and the transnational history of sexuality By collecting these essays in a single volume Catherine Baker encourages historians to look at gender history across borders and time periods emphasising that evidence and debates from Eastern Europe can inform broader approaches to contemporary gender history **Ancient Warfare, Volume II** Jared Kreiner,Graham Wrightson,2024-04-03 This volume demonstrates the wide array of topics in ancient warfare currently studied by researchers around the world Arranged chronologically in Greek and Roman history sections the book takes readers through all manner of current research topics on ancient warfare from traditional battle narratives or strategic analyses of campaigns through the logistical considerations of armies in the field to the ideology of women in war and mythology The study of ancient war deals with a myriad of different topics and deals with themes in all types of history social cultural economic religious literary numismatical epigraphical ethnographical topographical prosopographical and mythical as well as the usual political and military The study of ancient war is a field that is growing in popularity and continues to surprise us with many innovative new ideas as shown in this collection of papers by established academics and current graduate students **Thinking Men** Lin Foxhall,John Salmon,2013-04-15 Thinking Men explores artistic and intellectual expression in the classical world as the self representation of man It starts from the premise that the history of classical antiquity as the ancients tell it is a history of men However the focus of this volume is the creation re creation and iteration of that male self as presented in language poetry drama philosophical and scientific thought and art man constructing

himself as subject in classical antiquity and beyond This beautifully illustrated volume which contains a preface by Nathalie Kampen provides a thought provoking and stimulating insight into the representations of men in Classical culture

Oratory in Action Michael Edwards, Christopher Reid, 2004-07-23 This book examines the power and possibilities of public speaking ranging from the oratory of the Athenian law courts to the political oratory of New Labour A distinctive feature of the book is its conception of the orator as a performer and practitioner and of oratory itself as a form of action Historically the power of eloquence to rouse and influence an audience made the orator a controversial figure whose rhetorical skills provoked suspicion and awe in almost equal measure These essays show how orators exploit those skills in their attempts to shape the external world of opinion and fact They also show how the speech itself may be considered as a linguistic event or way of happening which seeks to bind the orator and the audience in prized moments of connection

The Unknown Relatives Monika Mazurek, 2017-05-25 The Unknown Relatives analyzes a large body of Victorian literary texts dealing with the topic of Catholicism and Catholics written from the non Catholic perspective The readings of these texts are inspired by psychoanalytic criticism primarily by the work of Freud and Kristeva and includes the readings of a number of Victorian authors both canonical like Charlotte Bront William Thackeray and Charles Dickens and lesser known ones such as George Borrow John Shorthouse and Mrs Humphry Ward

The Oxford Companion to Twentieth-Century Literature in English Jenny Stringer, 1996-09-26 This is a unique new reference book to English language writers and writing throughout the present century in all major genres and from all around the world from Joseph Conrad to Will Self Virginia Woolf to David Mamet Ezra Pound to Peter Carey James Joyce to Amy Tan The survivors of the Victorian age who feature in The Oxford Companion to Twentieth Century Literature in English writers such as Thomas Hardy Olive Schreiner Rabindranath Tagore Henry James could hardly have imagined how richly diverse Literature in English would become by the end of the century Fiction plays poetry and a whole range of non fictional writing are celebrated in this informative readable and catholic reference book which includes entries on literary movements periodicals and over 400 individual works as well as articles on some 2 400 authors All the great literary figures are included whether American or Australian British Irish or Indian African or Canadian or Caribbean among them Samuel Beckett Edith Wharton Patrick White T S Eliot Derek Walcott D H Lawrence Tennessee Williams Vladimir Nabokov Wole Soyinka Sylvia Plath as well as a wealth of less obviously canonical writers from Ana s Nin to L M Montgomery Bob Dylan to Terry Pratchett The book comes right up to date with contemporary figures such as Toni Morrison Ben Okri Salman Rushdie Carol Shields Tim Winton Nadine Gordimer Vikram Seth Don DeLillo and many others Title entries range from Aaron s Rod to The Zoo Story topics from Angry Young Men Bestsellers and Concrete Poetry to Soap Opera Vietnam Writing and Westerns A lively introduction by John Sutherland highlights the various and sometimes contradictory canons that have emerged over the century and the increasingly international sources of writing in English which the Companion records Catering for all literary tastes this is the most comprehensive single volume
