Morality And Beyond Library Of Theological Ethics:

Morality and Beyond Paul Tillich,1995-01-01 Paul Tillich's classic work confronts the age old question of how the moral is related to the religious. In particular Tillich addresses the conflict between reason determined ethics and faith determined ethics and shows that neither is dependent on the other but that each alone is inadequate. Instead Tillich reveals to us the gift that came with the arrival of Christ: a new reality that offers a power of being in which we can participate and out of which true thought and right action are possible. The Library of Theological Ethics series focuses on what it means to think theologically and ethically. It presents a selection of important and otherwise unavailable texts in easily accessible form. Volumes in this series will enable sustained dialogue with predecessors through reflection on classic works in the field.

T&T Clark Handbook of Christian Ethics Tobias Winright,2020-12-10 The T T Clark Handbook of Christian Ethics provides an ecumenical introduction to Christian ethics: its sources, methods, and applications. With contributions by theological ethicists known for their excellence in scholarship and teaching, the essays in this volume offer fresh purchase on and an agenda for the discipline of Christian ethics in the 21st century. The essays are organized in three sections following an introduction that presents the four font approach and elucidates why it is critically employed through these subsequent sections. The first section explores the sources of Christian ethics, including each of the four fonts: scripture, tradition, experience, and reason. The second section examines fundamental or basic elements of Christian ethics and covers different methods, approaches, and voices in doing Christian ethics, such as natural law, virtue ethics, conscience, responsibility, narrative, worship, and engagement with other religions. The third section addresses current moral issues in politics, medicine, economics, ecology, criminal justice, and other related spheres from the perspective of Christian ethics, including war, genetics, neuroethics, end of life decisions, marriage, family, work, sexuality, nonhuman animals, migration, aging, policing, incarceration, capital punishment, and more. *Writings in the Social Philosophy and Ethics / Sozialphilosophische und ethische Schriften*

Sharp,2015-08-24 Just as it is impossible to understand the American religious landscape without some familiarity with evangelicalism, one cannot grasp the shape of contemporary Christian ethics without knowing the contributions of evangelical Protestants. This newest addition to the Library of Theological Ethics series begins by examining the core

dynamic with which all evangelical ethics grapples belief in an authoritative inspired and unchanging biblical text on the one hand and engagement with a rapidly evolving and increasingly post Christian culture on the other It explores the different roles that scholars and popular figures have played in forming evangelicals understandings of Christian ethics And it draws together the contributions of both senior and emerging figures in painting a portrait of this diverse vibrant and challenging theological and ethical tradition This book represents the breadth of evangelical ethical voices demonstrating that evangelical ethics involves nuance and theological insight that far transcend any political agenda Contributors include David P Gushee Carl F H Henry Jennifer McBride Stephen Charles Mott William E Pannell John Perkins Soong Chan Rah Gabriel Salguero Francis Schaeffer Ron Sider Helene Slessarev Jamir Glen H Stassen Eldin Villafa e Allen Verhey Jim Wallis Nicholas Wolterstorff and John Howard Yoder The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts English language texts and translations that have fallen out of print new translations and collections of significant statements about problems and themes of special importance in an easily accessible form This series enables sustained dialogue on new and classic works in the field

[An Interpretation of Christian Ethics](#) Reinhold Niebuhr, 2012-12-04 This 1935 book answered some of the theological questions raised by Moral Man and Immoral Society 1932 and articulated for the first time Niebuhr s theological position on many issues

Moral Man and Immoral Society Reinhold Niebuhr, 2013-01-01 Arguably his most famous book Moral Man and Immoral Society is Reinhold Niebuhr s important early study 1932 in ethics and politics Widely read and continually relevant this book marked Niebuhr s decisive break from progressive religion and politics toward a more deeply tragic view of human nature and history Forthright and realistic Moral Man and Immoral Society argues that individual morality is intrinsically incompatible with collective life thus making social and political conflict inevitable Niebuhr further discusses our inability to imagine the realities of collective power the brutal behavior of human collectives of every sort and ultimately how individual morality can mitigate the persistence of social immorality This new edition includes a foreword by Cornel West that explores the continued interest in Niebuhr s thought and its contemporary relevance

The Responsible Self Helmut Richard Niebuhr, 1999-01-01 The Responsible Self was H Richard Niebuhr s most important work in Christian ethics In it he probes the most fundamental character of the moral life and it stands today as a landmark contribution to the field The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field

[Selections from Friedrich Schleiermacher's Christian Ethics](#) Friedrich Schleiermacher, 2011-01-01 Brandt presents important selections from German theologian Schleiermacher s Christian Ethics a work that moves beyond formal matters to offer a comprehensive analysis of ethical issues including what constitutes moral action for individuals in relation to the family the state the school the church and society This edition also includes James

Brandt's in depth introductory essay describing the role of Christian Ethics in Schleiermacher's overall corpus its place in the history of Christian ethical reflection and its structure and character A Theology for the Social Gospel Walter Rauschenbusch, 1997-01-01 A Theology for the Social Gospel is undoubtedly Walter Rauschenbusch's most enduring work It is here that Rauschenbusch the father of the social gospel in the United States articulates the theological roots of social activism that surged forth from mainline Protestant churches in the early part of the twentieth century Skillfully examining the great theological issues of the Christian faith sin evil salvation and the kingdom of God Rauschenbusch offers a powerful justification for the church to fully engage society The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors through reflection on classic works in the field

Sovereignty of Death Rob Weatherill, 1998 *The Structure of Christian Ethics* Joseph Sittler, 1998-01-01 Originally published in 1958 The Structure of Christian Ethics is Joseph Sittler's lucid interpretation of a truly Christological approach to moral behavior Recognizing the need for the church to engage society Sittler contends that Christian ethics is not situational as suggested by his contemporary Joseph Fletcher but rather conformation with Christ The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors through reflection on classic works in the field Paulus, Then and Now John Jesse Carey, 2002 Is The Courage to Be still a viable analysis of the human situation Does Tillich's positive sense of Eros illumine our intense discussions of human sexuality Does Postmodernism really dissolve Tillich's major assumptions Can Tillich contribute to the contemporary discussion of science and religion How does his work stand when compared to other writers on creation such as Langdon Gilkey and Sallie McFague Given the paradoxes of Tillich's life is his ethical theory still viable In Paulus Then and Now A Study of Paul Tillich's Theological World and the Continuing Relevance of his Work John J Carey clarifies previously neglected foundational aspects of Tillich's thought Carey places Tillich's theological work in political social economic and scholarly context He also explains Tillich's thinking on Luther Marx history and politics and his unique perspective on the Bible and on biblical authority Having accomplished these things Carey then moves to show how Tillich's thinking can be applied to contemporary problems

Beyond Four Walls Michael D. O'Neil, 2020-08-12 The church today is in many places on the nose For many people it stinks It has passed its use by date and should be relegated to the dustbins of history and the sooner the better Nevertheless the contributors to this volume believe that the church in spite of its somewhat checkered history and its many present failures remains an integral part of God's redemptive purposes being worked out in the world and that God's call to the church is now what it has always been to be the faithful people of God bearing joy filled witness to the resurrection of Jesus Christ in word worship and work in its corporate life and in the lives of each of its members Each chapter in this book

explores an aspect of what it means to be the church both with respect to its own life and with an eye to its presence and mission in the world **Economic Justice** John Augustine Ryan,1996-01-01 During the first half of the twentieth century John A Ryan advocated minimum wage legislation and child labor restrictions and was very much involved in Franklin D Roosevelt s New Deal More closely connected with the makers of national economic policy as a Catholic moral theologian than his better known Protestant contemporaries Walter Rauschenbusch and Reinhold Niebuhr his influence has been extensive in American public policy This volume brings to readers pertinent selections from Ryan s classic works It will be particularly relevant to today s readers concerned about the place of religious faith in economic policy **Georgia**

Harkness Rebekah Miles,2010-01-01 Georgia Harkness 1891 1974 was a Methodist theologian and the first American woman to teach theology at the seminary level A leader in the ecumenical movement Harkness strove to make theology accessible to the laity This book is a compilation of writing from early in her career that appeared in publications such as The Christian Century Religion in Life and Christendom Although her theology shifted somewhat during these years Harkness held fast to her belief that liberal theology would remain the basic American theology a prediction that was out of step in the 1930s but is growing more credible today The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors through reflection on classic works in the field

questions are asked Engages a range of positions exploring distinctively modern issues such as moral and cultural relativism globalization problems of consumption and violence and religious pluralism Addresses the complexity of certain ethical decisions which are difficult and far from clear cut and yet presents an ethical understanding which is both humane and deeply religious
