Midnight Rambles David J. Goodwin,2023-11-07 A micro biography of horror fiction s most influential author and his love hate relationship with New York City By the end of his life and near financial ruin pulp horror writer Howard Phillips Lovecraft resigned himself to the likelihood that his writing would be forgotten Today Lovecraft stands alongside J R R Tolkien as the most influential genre writer of the twentieth century His reputation as an unreformed racist and bigot however leaves readers to grapple with his legacy *Midnight Rambles* explores Lovecraft s time in New York City a crucial yet often overlooked chapter in his life that shaped his literary career and the inextricable racism in his work Initially

New York stood as a place of liberation for Lovecraft During the brief period between 1924 and 1926 when he lived there Lovecraft joined a creative community and experimented with bohemian living in the publishing and cultural capital of the United States He also married fellow writer Sonia H Greene a Ukrainian Jewish migr in the fashion industry However cascading personal setbacks and his own professional ineptitude soured him on New York As Lovecraft became more frustrated his xenophobia and racism became more pronounced New York s large immigrant population and minority communities disgusted him and this mindset soon became evident in his writing Many of his stories from this era are infused with racial and ethnic stereotypes and nativist themes most notably his overtly racist short story The Horror at Red Hook set in Red Hook Brooklyn His personal letters reveal an even darker bigotry Author David J Goodwin presents a chronological micro biography of Lovecraft s New York years emphasizing Lovecraft s exploration of the city environment the greater metropolitan region and other locales and how they molded him as a writer and as an individual Drawing from primary sources letters memoirs and published personal reflections and secondary sources biographies and scholarship Midnight Rambles develops a portrait of a talented and troubled author and offers insights into his unsettling beliefs on race ethnicity and immigration

and Crag is unprecedented in American letters. It will become a classic in social, intellectual, and environmental history. Roderick Frazier Nash, author of *Wilderness and the American Mind* (Fifth Edition), *Forest and Crag* presents an incredible gift for today's hikers: the opportunity to take a thoughtful and vigorous ramble into the past and to explore the Northeastern mountains of yesteryear. What an adventure and what a better way to contemplate how we shape the region's future. Peter Crane, Mount Washington Observatory, *Forest and Crag* traces the Northeast's human and natural history by following the hiking experience from the early adventurers to the more recent development of an environmental ethic. The Watermans tell this story with clear respect and deep joy for the mountains that shaped the stories of the region's hikers and hiking clubs. Mary Margaret Sloan, Chief Operating Officer, Positive Tracks. The Watermans' true genius is their ability to string all the facts together in a narrative so lively that even the footnotes and endnotes are read as eagerly as one would devour dessert at the end of a good meal. Tony Goodwin, coeditor of *High Peaks Trails* (14th Edition). [The Essential Guide to Hiking in the United States](#) Charles Cook, 1992. Provides a wealth of information on the sport of hiking; lists 387 hiking areas, state by state, and rates the major trails according to terrain, visual beauty, and degree of difficulty.
