

The background of the cover is a photograph of a garden. A brick path, made of reddish-brown bricks, curves from the bottom right towards the center of the image. The garden is filled with various plants and flowers. On the left side, there are several bright red flowers, possibly geraniums. In the center and right, there are yellow and orange flowers, along with green foliage. The overall scene is vibrant and peaceful, suggesting a natural and serene environment.

Post,2022-07-18 Journeys of Faith: Religion, Spirituality, & Humanistic Psychology Mike Brock PhD LPC,2020 Journeys of Faith Religion Spirituality and Humanistic Psychology is about the intersection of a now hallowed approach to psychotherapy today referred to as humanistic or person centered counseling and the broad religious spiritual world that its first practitioners found themselves engaging often much to their surprise What is humanistic psychology Where did it come from How did it replace the two storied therapies Sigmund Freud s psychoanalysis and B F Skinner s behaviorism that had previously dominated counseling And why and how did the practitioners of humanistic psychology find themselves engaging spiritual and religious questions which hitherto had been understood by most psychologists as foreign to their field of interest These are the questions Journeys of Faith Religion Spirituality and Humanistic Psychology addresses Rising to prominence in America during the post World War II years humanistic psychology reached its zenith in the 1950s and 1960s and continued to influence the national conversation psychologically spiritually politically and culturally throughout the remaining decades of the 20th century During those years it attracted a wide and diverse following becoming a cultural phenomenon that affected everything from

counseling and education to parenting religion and business management Its influence continues to be felt today though often unrecognized and uncredited The key players in the humanistic psychology movement Abraham Maslow Carl Rogers Erich Fromm and Rollo May hailed from different sociocultural and religious backgrounds and followed dissimilar though interconnecting professional paths While they were confronting the world's problems through the lens of psychology and psychotherapy other thinkers were approaching them from different perspectives though equally humanistic Among those others the evolutionary biologist Julian Huxley receives special attention as one with particularly useful insights into the intersection of science and spirituality At a time when society is desperate for a sense of centeredness Dr Michael Brock produces for us a comprehensive address to just those factors which make life worth living In *Journeys of Faith Religion Spirituality and Humanistic Psychology* he demonstrates humanity's yearning for the experiential encounter with awe wonder and mystery and provides an assessment of the leading systems of psychological analysis in the modern world that offers scholars practitioners and students insight into the way forward in these times of anxiety and uncertainty A more cogent integration of psychology and spirituality is not presently available Dr John Henry Morgan Ph D Th D D Sc London Psy D FH Oxford Research Professor of Clinical Psychopathology Graduate Theological Foundation Oklahoma Harvard University Postdoctoral Visiting Scholar Mike Brock is a counselor in private practice in Dallas and Carl Ransom Rogers Professor of Counseling Psychology at the Graduate Theological Foundation In addition he teaches in the pastoral ministry program at the University of Dallas His academic background includes degrees in philosophy history counseling and psychology

Wisdom From the Margins William G. Britton, 2018-05-16 Henri Nouwen wisely said The great illusion of leadership is to think that man can be led out of the desert by someone who has never been there Jesus has been there and knows how to lead us out but first he just may lead us in He meets us in the desert and does his best work in us there We look for an easier way in vain I myself reluctantly entered the desert and eventually received unimagined gifts there gifts I didn't ask for deserve or want gifts hidden in such painful loss that I despaired and yet looking back now these desert gifts were the best thing that ever happened to me I entered the desert and years later found my way out It's not a new way it was just new to me Jewish and Christian sages had been living it for thousands of years Somehow in recent generations we managed to forget it In this collection I mean to begin to make those riches available to you I'm hoping that like me you'll discover something that you didn't know you wanted or needed and something now you wouldn't give up at any price

Neo-humanist Ecology Acarya Prasiidananda Avadhuta, 1990

The American Pietism of Cotton Mather Richard F. Lovelace, 2007-09-01 Cotton Mather is probably best known for his contributions to the Puritanism of colonial America Yet the subject of this book is Mather's theology of Christian experience usually associated with continental Pietism a dynamic movement of reform and renewal in the Lutheran church Richard Lovelace summarizes the basic thrust of Mather's treatment of spiritual rebirth sanctification pastoral and social ministry the need for spiritual awakening and the effects he believed this awakening should

produce in Christianity and the mission of the church In Mather the two great strains of American Evangelical Protestantism Puritanism and Pietism were combined influencing Jonathan Edwards and American religion in general throughout the Great Awakening and subsequent revivals Thus the book is unique in tracing the roots of modern Evangelicalism beyond nineteenth century Arminianism to the seventeenth and eighteenth century blend of Puritan Pietist thought **Bonhoeffer's**

Religionless Christianity in Its Christological Context Peter Hooton,2020-02-06 The German theologian Dietrich Bonhoeffer understood Western civilization to be approaching a completely religionless age to which Christians must respond and adapt This book explores Bonhoeffer s own response to this challenge his concept of a religionless Christianity and its place in his broader theology It does this first by situating the concept in a present day Western socio historical context It then considers Bonhoeffer s understanding and critique of religion before examining the religionless Christianity of his final months in the light of his earlier Christ centred theology The place of mystery paradox and wholeness in Bonhoeffer s thinking is also given careful attention and non religious interpretation is taken seriously as an ongoing task The book aspires to present religionless Christianity as a lucid and persuasive contemporary theology and does this always in the presence of the question which inspired Bonhoeffer s theological journey from its academic beginnings to its very deliberately lived end the question Who is Jesus Christ Studies on Humanistic Buddhism III: Glocalization of Buddhism ,2020-09-01

Studies on Humanistic Buddhism III: Glocalization of Buddhism contains articles on the glocalization of Buddhism Glocalization here refers to the spread of Buddhism globally as it situates itself locally Buddhism has spread across the world Concomitant with Buddhism s globalization is its localization As Buddhists settle into new environments there is an acculturation process Those who bring Buddhist teachings to a new area must adapt to the local society in order to come up with skillful means to impart Buddhist teachings in a manner that is appropriate to the dominant culture and that empowers locals to carry on the teachings themselves Journeys of Faith Mike Brock,2023-06-20 Journeys of Faith examines the contributions of the leading figures of the humanistic psychology movement with particular attention to their spiritual journeys Rising to prominence in America during the post World War II years humanistic psychology is experiencing a resurgence in the present day in response to the need for a psychological approach that addresses meaning and purpose in life The key players Abraham Maslow Carl Rogers Erich Fromm and Rollo May all rejected the orthodoxy of their religious inheritance in favor of a more humanistic approach and in the process discovered a renewed spirituality that they hoped would address the concerns of a world yearning for something to believe in While the humanistic psychologists confronted the world s problems through the lens of psychology other thinkers such as the evolutionary biologist Julian Huxley approached them through different though equally humanistic perspectives Others still such as Paul Tillich Martin Buber and Pierre Teilhard de Chardin confronted the times through a religious lens The influence of the centuries long Jewish tradition of scholarship and social justice and the frequent examples of friendship and professional cooperation between the secular and the religious
