Minahan, 2016-08-01 This book addresses the numerous national movements of ethnic groups around the world seeking independence more self rule or autonomy movements that have proliferated exponentially in the 21st century In the last 15 years globalization religious radicalization economic changes endangered cultures and languages cultural suppression racial tensions and many other factors have stimulated the emergence of autonomy and independence movements in every corner of the world even in areas formerly considered immune to self government demands such as South America Researching the numerous ethnic groups seeking autonomy or independence worldwide previously required referencing many specialized publications This book makes this difficult to find information available in a single volume presented in a simple format accessible to everyone from high school readers to scholars in advanced studies programs The book provides an extensive update to Greenwood's Encyclopedia of the Stateless Nations Ethnic and National Groups around the World that was published more than a decade earlier Each ethnic group receives an alphabetically organized entry containing information such as alternate names population figures flag or flags geography history culture and languages All the information readers need to understand the motivating factors behind each movement and the current situation of each ethnic group is presented in a compact summary Fact boxes at the beginning of each entry enable students to quickly access key information and consistent entry structure makes for easy cross cultural comparisons      *The Massacre of the Jews of Lithuania* Karen Sutton, 2008 Reports on the Nazi genocide of Jews in Lithuania dwelling on Lithuanian collaboration in the Holocaust or passive response to it Describes the Holocaust in Vilnius Kaunas and some other places and Jewish reactions to it including attempts at resistance Dismisses theories that the cause of Lithuanian collaboration was the widespread linkage of Jews with communism and the real or exaggerated Jewish role in the Sovietization of Lithuania in 1940-41 Although the traumatic experience of Sovietization exacerbated the ethnic conflict in Lithuania those Lithuanians who murdered Jews in Kaunas Vilnius and elsewhere acted out of pre-existing hatred The root of this hatred which manifested itself in the prewar period as well was economic competition with the Jews and religious and cultural distance from them Argues that the Lithuanians showed an ability to resist Nazi policies in situations that were vital to them e.g. concerning mobilization for work in Germany They could have also resisted the Nazi genocide of Jews but it was not regarded as vital      *The Life and Death of Adolf Hitler* James Cross Giblin, 2002 Traces Hitler's life from his childhood in Austria to his final days in Berlin exploring how his promises of prosperity and power along with anti-Semitic rhetoric allowed him to lead the nation of Germany into World War II
