## **Ministry Of Defense executive Protection For The Ministry:**

*The Ministry of Defense* MR Pablo Birriel, 2007-12 This book is a guide into setting up security for places of worship It provides sound protection doctrine that is currently used by the elite security forces of this world while providing information specific to the protection of a ministry

*Close Protection* David J. Cox, 2000-10-30 The evolution of elite personal protection units also known as close protection units within the former Soviet Union is one of the least examined yet crucial political developments in this region Due to the often violent environment in which the political leaders of this region now operate the need for these special military units is obvious This study examines the similarities between these the current units and those of the Soviet past and finds that in spite of the highly unstable nature of politics in post communist Russia these elite units have not intervened to the degree that many might have expected They have however played a significant political role throughout the region These close protection forces may very well determine the success or failure of the democratization process now underway On the other hand establishing a Praetorian Guard within the very walls of the Kremlin may in itself portend an end to democracy Ultimately a complete understanding of future politics in the former Soviet Union is impossible without acknowledging the role that these modern Praetorians play in the civil military balance
