Gray who left his life to search for him we will learn about what happens when someone goes missing Braided around the core will be the stories of the characters who fill the vacuum created by a vanished human being We ll meet eccentric bloodhound handler Duff and R C his flagship purebred who began trailing with the family dog after his brother vanished in the San Gabriel Mountains And there s Michael Neiger North America s foremost backcountry Search Rescue expert and self described bushman obsessed with missing persons And top researcher of persons missing on public wildlands Ex San Jose California detective David Paulides who is also one of the world s foremost Bigfoot researchers It s a tricky thing to write about missing persons because the story is the absence of someone A void The person at the heart of the story is thinner than a smoke ring invisible as someone else s memory The bones you dig up are most often metaphorical While much of the book will embrace memory and faulty memory history The Cold Vanish is at its core a story of now and tomorrow Someone will vanish in the wild tomorrow These are the people who will go looking

Missing Arlyn Atadero,2017-02-07 Discover the bombshell cold case that rocked the state of Colorado for five years and changed the way many viewed their world forever On October 2nd 1999 3 year old Jaryd Atadero vanished on a group hike in the Comanche Peak Wilderness As hours turned into days and days into months Jaryd s father Allyn goes through hell and high water to combat nightmarish circumstances hindering the search threatening the very core of his existence circumstances which would bring most ordinary people to the breaking point and beyond Sound like fiction It isn t And it s only the very tip of the iceberg But underlying the tragedy is an insurmountable hope that can only come from above and a sustaining love that redefines what it means to be a follower of Christ in the throes of losing the most precious thing on earth to a parent Missing When the Son Sets lets you step into the heart and soul of Allyn and his family as they struggle to come to grips with a mystery that remains unsolved to this day Including the real police reports and letters from those involved in the search You get an unfiltered look at how emotionally exhausting it is to lose a child How did Jaryd vanish Who or what took him The book will leave you with more questions than answers but with a heightened sense of the reality we live in This is the most emotionally challenging book I have ever read There were parts that left me feeling drained and others that left me downright angry If I had been in Allyn s shoes when he had to confront some of the situations he was faced with I d still be on probation Do yourself a favor and pick up this book Despite the tragic nature of the story the grating frustrations faced by the Atadero family and those who fought for them there is a strong inspirational foundation that will leave you strengthened in the end Zebulon Rogers

Missing Persons -2- Leonard Lowe,2024-08-10 These cases leave you speechless The 411 cases truly give you goosebumps and leave the reader bewildered shaking their head and stunned Exciting I devoured the books everything very exciting eerie and creepy Not just for X Files fans Highly recommended Very exciting I read both the 1st and 2nd parts in one go Some cases read as creepy Why do people always get tired just before they disappear and why do they always take off their shoes Most are found dead miles away Or never again Interesting exciting eerie I stumbled upon the topic Missing 411 rather by chance This book is

very interesting exciting eerie and when you see the cases side by side commonalities patterns emerge What could be going on there I have read volumes 1 and 2 and both are fantastic More cases More details Creepier than ever The list of missing people continues And the eeriest cases are yet to come A common feature among many is that the victims behave inexplicably as if something or someone has stolen their sanity They walk flee stumble and run as if in a dream straight into the wilderness and to their doom Who or what could cause this Why do the victims in these cases seemingly lose their minds before they disappear Some of the victims remain missing forever never to be found And this despite extensive search efforts the use of the latest technology helicopters infrared heat sensing cameras drones specialized search dog teams thousands of searchers and weeks of searching with almost every meter being combed step by step in search of the missing or any tiny traces indicating their whereabouts Those who are found again are either so far from where they disappeared that it is not only questionable how they got there but also why they would have traveled such a distance voluntarily or fleeing from what Many however remain missing forever They never reappear Search dogs find no trace as if these people had never existed as if they had been swallowed by the proverbial earth These are their stories **The New York Times Index** ,1999
