Welcome to the Neighborhood Sarah Green, 2019-12-10 How to live with difference not necessarily in peace but with resilience engagement and a lack of vitriol is a defining worry in America at this moment The poets fiction writers and essayists plus one graphic novelist who contributed to Welcome to the Neighborhood don t necessarily offer roadmaps to harmonious neighboring Some of their narrators don t even want to be neighbors Maybe they grieve or rage Maybe they briefly find resolution or community But they do approach the question of what it means to be neighbors and how we should do it with open minds and nuance The many diverse contributors give this collection a depth beyond easy answers Their attentions to the theme of neighborliness as an ongoing evolution offer hope to readers possible pathways for rediscovering community even just by way of a shared wish for it The result is an enormously rich resource for the classroom and for anyone interested in reflecting on what it means to be American today and how place and community play a part Contributors include Leila Chatti Rita Dove Jonathan Escoffery Rebecca Morgan Frank Amina Gautier Ross Gay Mark Halliday Joy Harjo Edward Hirsch Marie Howe Sonya Larson Dinty W Moore Robert Pinsky Christine Schutt and many more

Bodies Built for Game Natalie Diaz, Hannah Ensor, 2019-10-01 Sport has always been central to the movements of both the nation state and the people who resist that nation state Think of the Roman Colosseum Jesse Owens s four gold medal victories in the 1936 Nazi Olympics Kareem Abdul Jabbar s protest at the 1968 Olympics and the fallout Colin Kaepernick suffered as a result of his recent protest on the sidelines of an NFL game Sport is a place where the body and the mind are the most dangerous because they are allowed to be unified as one energy Bodies Built for Game brings together poems essays and stories that challenge our traditional ideas of sport and question the power structures that athletics enforce What is it that drives us to athletics What is it that makes us break our own bodies or the bodies of others as we root for these unnatural and performed victories Featuring contributions from a diverse group of writers including Hanif Abdurraqib Fatimah Asghar Reginald Dwayne Betts Louise Erdrich Toni Jensen Ada Lim n Tommy Orange Claudia Rankine Danez Smith and Maya Washington this book challenges America by questioning its games

Mixed-Race Superheroes Sika A. Dagbovie-Mullins, Eric L. Berlatsky, 2021-04-16 American culture has long represented mixed race identity in paradoxical terms. On the one hand it has been associated with weakness, abnormality, impurity, transgression, shame, and various pathologies; however, it can also connote genetic superiority, exceptional beauty, and special potentiality. This ambivalence has found its way into superhero media, which runs the gamut from Ant-Man and the Wasp's tragic mulatta villain Ghost to the cinematic depiction of Aquaman as a heroic half-breed. The essays in this collection contend with the multitude of ways that racial mixedness has been presented in superhero comics, films, television, and literature. They explore how superhero media positions mixed race characters within a genre that has historically privileged racial purity and propagated images of white supremacy. The book considers such iconic heroes as Superman, Spider-Man, and The Hulk alongside such lesser studied characters as Valkyrie, Dr. Fate, and Steven Universe. Examining both literal and symbolic representations of racial mixing, this study interrogates how we might challenge and rewrite stereotypical narratives about mixed race identity both in superhero media and beyond.

Tin House Special 50th Issue: Beauty Win McCormack, Rob Spillman, Lee Montgomery, Holly MacArthur, 2011-12-13 Tin House is a beautifully designed periodical that features the best writers of our time alongside a new generation of talent poised to become the most important voices of the future. For the special 50th issue, Tin House has some fun with the idea of beauty, providing personal takes on what is beautiful. The issue showcases fiction, poetry, and nonfiction that confront the notions of beauty across cultures, economic strata, genders, and races. What is beauty? What is art? Think of Francis Bacon: "There is no excellent beauty that hath not some strangeness in the proportion." This new issue also includes pieces that look into the marketing of beauty and how notions of beauty are used to create celebrity and at the same time to marginalize and exclude. Content includes unique departments such as Lost and Found, in which writers review overlooked or underrated books, and Blithe Spirits and Readable Feast, which present tales and recipes for drinks and food in a literary way.

The Oxford Handbook of British Romantic Prose Robert Morrison, 2024 The Oxford Handbook of British Romantic Prose is a full length essay collection devoted entirely to British Romantic nonfiction prose Organized into eight parts each containing between five and nine chapters arranged alphabetically the Handbook weaves together familiar and unfamiliar texts events and authors and invites readers to draw comparisons reimagine connections and disconnections and confront frequently stark contradictions within British Romantic nonfiction prose but also in its relationship to British Romanticism more generally and to the literary practices and cultural contexts of other periods and countries The Handbook builds on previous scholarship in the field considers emerging trends and evolving methodologies and suggests future areas of study Throughout the emphasis is on lucid expression rather than gnomic declaration and on chapters that offer not a dutiful survey but evaluative assessments that keep an eye on the bigger picture yet also dwell meaningfully on specific paradoxes and the most telling examples Taken as a whole the volume demonstrates the energy originality and diversity at the crux of British Romantic nonfiction prose It vigorously challenges the traditional construction of the British Romantic movement as focused too exclusively on the accomplishments of its poets and it reveals the many ways in which scholars of the period are steadily broadening out and opening up delineations of British

Romanticism in order to encompass and thoroughly evaluate the achievements of its nonfiction prose writers Ezra Pound: Poet A. David Moody, 2007-10-11 This first volume of what will be a full scale portrait presents Ezra Pound as a very determined and energetic young genius setting out to make his way both as a poet and as a force for civilization in England and America in the years before during and just after the 1914 18 war In a clear and lively narrative A David Moody weaves a story of Pound s early life and loves of his education in America of his apprentice years in London devoted to training himself to be as a good and powerful a poet as he had it in him to become of his learning there from W B Yeats and Ford Madox Hueffer then forming his own Imagiste group and going on from that to join with Wyndham Lewis in his Vorticism and to link up also with James Joyce and T S Eliot to create the modernist vortex in the midst of the 1914 18 war We see Pound scraping a living by writing prose for individualist and socialist periodicals and emerging as not only an inspired literary critic but as a critic of music and society as well Above all Moody shows Pound s evolution as a poet from the derivative idealism and aestheticism of his precocious youth into the truly original author of *Homage to Sextus Propertius* and *Hugh Selwyn Mauberley* We find Pound established by 1920 as a force for revolution in poetry as a force for the liberation of the individual from stifling conventions and as a force for renaissance in America We find him becoming committed moreover to the reform of the capitalist system in the name of economic justice for all This is the first biography to put Pound s poetry at the heart of his existence where he himself placed it and to view his extraordinarily active life his loves and his creative effort as a single complex drama The altogether new and comprehensive account of all of his poems from the earliest through *Cathay* and up to *Hugh Selwyn Mauberley* and the first *Cantos* will illuminate his poetry and make it more accessible With that there is an exceptionally clear and cogent analysis of the ideas informing his Imagisme and his Vorticism and of the ideas informing his commitments to the freedom and fulfilment of the individual to a cultural renaissance and to social and economic reform The poetry the prose writings and the personal life are all woven together into a brilliant narrative portrait of the poet as a young man The second volume *The Epic Years* carries on the narrative of his life and works from 1921 the year in which he took up residence in Paris
