Avant-Garde Hamlet R. S. White,2015-09-10 Hamlet stands as a high water mark of canonical art yet it has equally attracted rebels and experimenters those avant garde writers dramatists performers and filmmakers who in their adaptations and appropriations seek new ways of expressing innovative and challenging thoughts in the hope that they can change perceptions of their own world One reason for this as the book argues is that the source text that is their inspiration was written in the same spirit Hamlet as a work of art exhibits many aspects of the vanguard movements in every society and artistic milieu an avant garde vision of struggle against conformity which retains an edge of provocative novelty Accordingly it has always inspired unorthodox adaptations and can be known by a neglected portion of the company it keeps the avant garde in every age After placing Hamlet alongside cutting edge works in Shakespeare s time such as Marlowe s Doctor Faustus and Kyd s The Spanish Tragedy chapters deal with the ways in which experimental writers theatre practitioners and film makers have used the play down to the present day to develop their own avant garde visions This is a part of the uncanny ability of Shakespeare s Hamlet to be ever now ever new **Devouring Time** Philippa Sheppard,2017-05-26 From Kenneth Branagh s groundbreaking Henry V to Justin Kurzel s haunting Macbeth many modern filmmakers have adapted Shakespeare for the big screen Their translations of Renaissance plays to modern cinema both highlight and comment on contemporary culture and attitudes to art identity and the past A dynamic analysis of twenty seven films adapted from Shakespeare s works Philippa Sheppard s Devouring Time addresses a wide range of topics including gender ritual music setting rhetoric and editing She argues that the directors choice to adapt these four hundred year old plays is an act of

nostalgia not only for the plays themselves but also for the period in which they were written the association of genius that accompanies them and the medium of theatre Sheppard contends that millennial anxiety brought on by the social and technological revolutions of the last five decades has generated a yearning for Shakespeare because he is an icon of a literary culture that is often deemed threatened Authoritative and accessible Devouring Time's investigations of filmmakers nostalgia for the art of the past shed light on Western concepts of gender identity and colonialism *Shakespeare's Anti-Politics* D. Gil, 2013-08-15 Argues that Shakespeare is anti political dissecting the nature of the nation state and charting a surprising form of resistance to it using sovereign power against itself to engineer new forms of selfhood and relationality that escape the orbit of the nation state It is these new experiences that the book terms the life of the flesh **The English**

Renaissance in Popular Culture G. Semenza, 2010-04-26 This book considers popular culture's confrontations with the history thought and major figures of the English Renaissance through an analysis of period films television productions popular literature and punk music Adaptation and Cultural Appropriation Pascal Nicklas, Oliver Lindner, 2012-05-29 Hamlet by Olivier Kaurismäki or Shepard and Pride and Prejudice in its many adaptations show the virulence of these texts and the importance of aesthetic recycling for the formation of cultural identity and diversity Adaptation has always been a standard literary and cultural strategy and can be regarded as the dominant means of production in the cultural industries today Focusing on a variety of aspects such as artistic strategies and genre but also marketing and cultural politics this volume takes a critical look at ways of adapting and appropriating cultural texts across epochs and cultures in literature film and the arts **Shakespearean Echoes** Kevin J. Wetmore Jr., 2015-05-07 Shakespearean Echoes assembles a global cast of established and emerging scholars to explore new connections between Shakespeare and contemporary culture reflecting the complexities and conflicts of Shakespeare's current international afterlife **Richard III: A Critical Reader** Annaliese Connolly, 2013-12-04 Charting the ruthless rise and fall of the villainous king Richard III remains one of Shakespeare's most enduringly discussed and oft performed plays Assembled by leading scholars this guide provides a comprehensive survey of major issues in the contemporary study of the play Throughout the book survey chapters explore such issues as the play's critical reception from Dr Johnson to postmodern readings in the 21st century the performance history of the play from Shakespeare's day to more recent stagings by Laurence Olivier and Ian McKellen key themes in current scholarship from disability to gender and nationalism Richard III on film including Al Pacino's Looking for Richard Richard III A Critical Guide also includes a complete guide to resources available on the play including critical editions online resources and an annotated bibliography and how they might be used to aid both the teaching and study of Shakespeare's play **Filming the Middle Ages** Bettina Bildhauer, 2013-06-01 In this groundbreaking account of film history Bettina Bildhauer shows how from the earliest silent films to recent blockbusters medieval topics and plots have played an important but overlooked role in the development of cinema Filming the Middle Ages is the first book to define medieval films as a group and trace their

history from silent film in Weimar Germany to Hollywood and then to recent European co productions Bildhauer provides incisive new interpretations of classics like Murnau s Faust and Eisenstein s Alexander Nevsky and she rediscovers some forgotten works like Douglas Sirk s Sign of the Pagan and Asta Nielsen s Hamlet As Bildhauer explains both art house films like The Seventh Seal and The Passion of Joan of Arc and popular films like Beowulf or The Da Vinci Code cleverly use the Middle Ages to challenge modern ideas of historical progress to find alternatives to a print dominated culture and even to question what makes us human Filming the Middle Ages pays special attention to medieval animated and detective films and provactively demonstrates that the invention of cinema itself is considered a return to the Middle Ages by many film theorists and film makers Filming the Middle Ages is ideal reading for medievalists with a stake in the contemporary and film scholars with an interest in the distant past
