**The Assassination of President John F. Kennedy: The Final Analysis** David W. Mantik, M.D., Ph.D., Jerome R. Corsi, Ph.D., Douglas P. Horne, In this decisive analysis of the JFK assassination medical expert Dr David W Mantik and New York Times bestselling author Jerome R Corsi definitively validate the observations of the physicians at Parkland Hospital who recognized immediately that the wound in JFK s throat and the massive avulsed blow out in the back of his head both involved frontal shots What distinguishes this book from the myriad of books written on the JFK assassination is that Dr Mantik s optical density measurements of the JFK skull X rays in the National Archives leave no doubt the X rays were altered to disguise evidence of the two frontal shots With over four decades of experience reading X rays Dr Mantik has examined the JFK assassination materials more than anyone else Mantik and Corsi present overwhelming testimonial and documentary evidence that proves the Bethesda surgeons performed pre autopsy surgery on JFK s head to remove evidence of the forehead bullet as well as to gain access to his brain and thus sanitize the crime scene by removing bullet fragments and bullet tracks in the brain tissue The world is starving for objective science This book contains objective forensic science for which the world will never be ready If the X rays were doctored the CIA the FBI and the US Secret Service have some questions to answer The public deserves the final analysis of these issues James Lyons Weiler PhD The Institute for Pure and Applied Knowledge

*Coup in Dallas* H. P. Albarelli, 2021-11-16 The CIA Dallas and the Hard Details of the JFK Assassination *Coup in Dallas* leaves speculation and theory aside to give the hard details of who killed President John F Kennedy and how the assassination plot was carried out Through exhaustive research and newly translated documents author H P Albarelli uncovers and explains the historical roots of state sponsored assassination finding disturbing parallels to

the assassination of JFK Albarelli goes beyond conventional JFK assassination theory to piece together the biographies of the lesser known but instrumental players in the incident such as Otto Skorzeny Pierre Lafitte James Jesus Angleton Santo Trafficante and others Albarelli provides shocking detail on the crucial role that the city of Dallas and its officials played in the maintenance of Dallas as a major hub of CIA activity and how it led to JFK's assassination and its cover up Go beyond LBJ Lee Harvey Oswald and Jack Ruby and read the full definitive account of what happened on November 22 1963 and how it came to fruition *Countdown to Dallas* Paul Brandus, 2023-04-11 John F Kennedy's fascination with death particularly his own and Lee Harvey Oswald's love of violence and desire for fame made November 22 1963 practically inevitable With new details from the very latest documents declassified by the CIA and FBI The so called crime of the century the assassination of President John F Kennedy was almost preordained to happen Like all presidents from decades before him JFK played it loose with security open cars Secret Service agents at a distance and a desire to be seen Yet conspiracy buffs are certain the security setup on November 22 1963 was unusual and suspicious It wasn't And what of Lee Harvey Oswald the drifter the vicious wife beating fame seeking narcissist Everything in his background dating back to his violent disturbing grade school years including his stated desire to murder President Dwight Eisenhower defines the real Lee Oswald The Oswald that conspiracists rarely talk about the Oswald who was perched in the sixth floor of the Texas School Book Depository as JFK drove by was headed for this moment of infamy years before he pulled the trigger In *Countdown to Dallas* author Paul Brandus tracks the backgrounds of both Kennedy and Oswald the very different era in which they lived and the incredible string of circumstances that brought them together for a few fateful moments in Dallas He reveals There was indeed a second person on the 6th floor of the Texas School Book Depository in the minutes prior to the assassination but it's not what you think How Oswald REALLY got his job at the Depository The OTHER president that Oswald previously discussed wanting to kill What Oswald's favorite TV show and favorite opera reveal about his personality and his willingness to use violence The sinking of the Titanic and how we process it more than a century later is an example of how we continue to process information about the Kennedy assassination **Burying the Lead** Mal Jay Hyman, 2019-03-01 The Cold War ushered in a time of secrecy and willing media cooperation to keep those secrets But even after winning that war the vault of secrets remains firmly locked especially surrounding John F Kennedy's murder Even for those who fundamentally oppose the current presidential administration notions of a national security state and fake news must be examined to maintain a functional democracy This book explains the rapid decline in confidence in government that started after the assassination of JFK The mainstream media failed to go beyond repeating the official story and by 1991 they along with academe and the government had stopped investigating altogether It was filmmaker Oliver Stone whose film fueled public outrage and led to the JFK Act to declassify all of the remaining documents Almost four million pages of documents were then released that even Congress had not yet seen The JFK Act stated that all files must be released by October 2017 yet thousands are still withheld on the

grounds of national security This volume examines the tight alliances that have allowed this cover up for more than 50 years President Kennedy declared in October 1963 that men who create power make an indispensable contribution to a nation s greatness but the men who question power make a contribution just as indispensable especially when they are disinterested for they determine whether we use power or power uses us **White Malice** Susan Williams,2021-08-10 A revelatory history of how postcolonial African Independence movements were systematically undermined by one nation above all the US In 1958 in Accra Ghana the Hands Off Africa conference brought together the leading figures of African independence in a public show of political strength and purpose The charismatic Kwame Nkrumah who had just won Ghana s independence led a determined appeal for Pan Africanism Young idealistic leaders across the continent as well as African Americans seeking civil rights at home heeded his call Yet a moment that signified a new era of African freedom simultaneously marked a new era of foreign intervention and control In *White Malice* Susan Williams unearths the CIA s covert operations from Ghana to the Congo to the UN which frustrated the attempts of Africa s new generation of nationalist leaders to establish democratic governance These revelations dramatically upend the conventional wisdom that African nations failed to establish effective democratic states on their own accord As the old European powers moved out the US moved in Drawing on original research and recently declassified documents Williams introduces readers to idealistic African leaders and to the secret agents ambassadors and even presidents who deliberately worked against them forever altering the future of a continent *The Skorzeny Papers* Ralph P. Ganis,2018-06-26 In *The Skorzeny Papers* the author reveals the details of the post World War II activities of former SS Commando Otto Skorzeny Considered by British and American Allied forces as the most dangerous man in Europe Skorzeny planned and led numerous daring missions throughout the war The story in this book was extracted by Major Ganis from Skorzeny s personal papers The evidence reveals that Skorzeny gradually and methodically became involved in US intelligence and covert operations during the Cold War But Skorzeny s network had a greater point of destiny in November 1963 when it was utilized to carry out the most tragic mission in history This story would have been lost had Skorzeny not kept meticulous records of his businesses and contacts which were fronts for US covert activity In the end *The Skorzeny Papers* reveal the intriguing web of secret organizations and people linked to the events culminating in the assassination of President John F Kennedy *Embodying the Music and Death Nexus* Marie Josephine Bennett,Jasmine Hazel Shadrack,Gary Levy,2022-08-17 This edited collection offers a range of critical analytic and personal reflections on how music provides a container and a medium for experiencing processing and integrating embodied encounters with death It showcases interdisciplinary case studies written by authors from across Australia France The Netherlands Poland and the UK *Global Nexus, The: Political Economies, Connectivity, And The Social Sciences* Wazir Jahan Karim,2019-08-27 *The Global Nexus Political Economies Connectivity and the Social Sciences* is a provocative critique of the social sciences in the age of neoconservative and alt right globalisation sweeping across modern democracies globally The writer persuasively

argues that the mainstream western social science modality of describing indigenous knowledge and sub altern discourses as alternative knowledge is due for serious review for it describes devalues and renders it the same renegade status as the alternate realities of the alt right neo conservative agencies of Western and Asian governments The abuse of indigenous knowledge by neoconservative governments to promote racism ethno centricities and misogyny has also reduced vital sources of local knowledge to fodder only salvaged by the good press specialists of the media in investigative journalism communications and literature who propose that worldviews and ideas of the underclasses including women migrants minorities refugees war prisoners and refugees should be brought to the fore and mainstreamed for the reader to understand that the stories they tell and their reasons why tell them are closer to truth than fiction These lost voices often silenced suppressed and understated generate new knowledge of the marginalised and disadvantaged sectors of modern society reflecting the social realities of globalisation Focusing on Southeast Asia with comparisons across nations in the Levant and the Middle East Europe and the United States Wazir Jahan Karim vividly demonstrates how plural political economies have emerged and rendered flaws in the globalisation process As powerful elites compete to accumulate and control wealth power and vital global resources the growing phenomenon of global agencing wealth and poverty generating institutions exist together in complex networks of hierarchical relationships strategies and alliances with dire consequences for those on the receiving end of the global spectrum

The Nexus Jon H. Widener M.D.,2017-06-28 The Nexus so named because of the operational intersection or Nexus of faith and culture is an alphabetized manual of cultural artifacts of significance to Christians In The Nexus Jon Widener observes how Christianity has lost many battles over the years and how the evangelical community has been fraught with endemic anti intellectualism He sees an evangelical insularity taking the form of retreat and retrenchment from the comings and goings of the larger society Dr Widener proposes that modern Christian believers correct these deficits by exercising the exhortation of I Pet 3 15 KJV to always be prepared to give an answer to every man that asketh you a reason of the hope that is in you Believers should educate themselves on culturally relevant issues where there are questions of Christian morality This is the burden and purpose of the book Accordingly the standard for inclusion is straight forward If the topic is culturally encountered and has moral implications then it meets the threshold standard for inclusion in the work

Kennedy murder investigation and the revelatory new information that bolsters Garrison's case and has been withheld from the public. *Allen Dulles - The Protestant Cover for the Vatican's CIA* Charlie Armstrong Adams, 2025-09-15. Allen Dulles' *The Protestant Cover for the Vatican's CIA* (Spy Masters Series Book 4) The Cold War was more than a clash of superpowers; it was a hidden crusade. Behind the headlines of coups, assassinations, and covert wars stood Allen Dulles, the longest-serving director of the CIA. Outwardly, he was the epitome of America's Protestant establishment: Princeton educated, Wall Street groomed, and cloaked in Presbyterian respectability. But beneath the surface, Dulles functioned as the chief cooperator of the Vatican's anti-communist crusade, using the CIA as the instrument of a religious as well as political war. This explosive volume uncovers how Dulles's Protestant identity served as the perfect mask for Vatican-aligned operations: installing Ngo Dinh Diem in Vietnam as Rome's chosen strongman; toppling governments in Iran and Guatemala with Vatican blessing; engineering the Bay of Pigs invasion framed as a holy war against Castro; managing the Warren Commission to conceal deeper truths about Kennedy's assassination. At the heart of the narrative is the clash between Allen Dulles and John F. Kennedy. While Dulles cooperated with the Vatican-CIA bloc, Kennedy became the Catholic resistor, declaring in his famous Houston speech that no pope shall command a president. This defiance placed him in direct opposition to Dulles, Cardinal Spellman, and the hidden networks that sought to control America's destiny. Drawing on history, theology, and intelligence archives, this book reveals the architecture of secret power where Wall Street, Langley, and Rome fused into a single shadow empire. It is a story of masks and hands of a Protestant spymaster who gave cover to Catholic ambition and of the president who resisted until Dallas. For readers of political thrillers, secret history, and Cold War studies, *Allen Dulles: The Protestant Cover for the Vatican's CIA* opens a door into the unseen war that shaped the twentieth century.

**The Australian Nexus** Randall Doyle, 2018-06-18 In 2018 Australia finds itself at the center of a geopolitical storm within the Indo Pacific region With the meteoric rise of China and the perceived decline of U S influence and power in East Asia Australia is faced with some rather difficult and uncomfortable questions concerning its economic future and its national security Historically Australia has always had a major power as its key ally especially in terms of its national security In 1901 Australia became a self governing nation However Great Britain continued to protect Australia from potential external enemies because Australia remained an important and valued commonwealth nation within the British empire However at the beginning of the Pacific War during WWII Australia reached out to America after the British colony Singapore collapsed in the face of the oncoming and powerful Japanese imperial military forces in February 1942 With the empire of Japan marching southward in the Pacific region Australian prime minister John Curtin anxiously requested in late December 1941 that America come save the nation from being invaded by the Japanese imperial army and naval forces Due to its own strategic needs against Japan the U S agreed to send its military forces to Australia Thus began a geostrategic relationship that has lasted for seventy five years Hence Australia has remained one of America's most reliable allies throughout the post WWII era But at the end of the second decade of the 21st century the geostrategic dynamics of the Indo Pacific have changed dramatically China's unprecedented rise to power economically militarily and diplomatically has forced Australia to reevaluate its policies and position within the East Asian hemisphere And to further complicate Australia's current predicament America itself is experiencing a major political upheaval with the stunning election of Donald Trump as its new president in 2016 Henceforth Australia increasingly finds itself in uncharted waters geopolitically Australians are confronted with the irrefutable reality that they are living not only in the most pivotal region of the world but one that is in the midst of

an historic transformation In essence Australia finds itself at the center of a geostrategic storm
