Nice Forgery Impersonation Imperial China Deceptions:

Forgery and Impersonation in Imperial China Mark McNicholas, 2016-03-29 Across eighteenth century China a wide range of common people forged government documents or pretended to be officials or other agents of the state This examination of case records and law codes traces the legal meanings and social and political contexts of small time swindles that were punished as grave political transgressions

Living the Good Life Elif Akçetin, Suraiya Faroqhi, 2017-10-02 Eighteenth century consumers of the Qing and Ottoman empires had access to an increasingly diverse array of goods from home furnishings to fashionable clothes and new foodstuffs While this tendency was of shorter duration and intensity in the Ottoman world some urbanites of the sultans realm did enjoy silks coffee and Chinese porcelain By contrast a vibrant consumer culture flourished in Qing China where many consumers flaunted their fur coats and indulged in gourmet dining Living the Good Life explores how goods furthered the expansion of social networks alliance building between rulers and regional elites and the expression of elite urban and gender identities The scholarship in the present volume highlights the recently emerging material turn in Qing and Ottoman historiographies and provides a framework for future research Contributors Arif Bilgin Michael G Chang Edhem Eldem Colette Establet Antonia Finnane Selim Karahasanoglu Lai Hui min Amanda Phillips Hedda Reindl Kiel Martina Siebert Su Te Cheng Joanna Waley Cohen Wang Dagang Wu Jen shu Y ld z Y lmaz and Yun Yan

Power for a Price Lawrence Zhang, 2023-11-20 The Qing dynasty office purchase system juanna which allowed individuals to pay for appointments in the government was regarded in traditional Chinese historiography as an inherently corrupt and anti meritocratic practice It enabled participants to become civil and military officials while avoiding the competitive government run examination systems Lawrence Zhang s groundbreaking study of a broad selection of new archival and other printed evidence including a list of over 10 900 purchasers of offices from 1798 and narratives of purchase contradicts this widely held assessment and investigates how observers and critics of the system past and present have informed this questionable negative view The author argues that rather than seeing office purchase as a last resort for those who failed to obtain official appointments via other means it was a preferred method for wealthy and well connected individuals to leverage their social capital to the fullest extent Office purchase was thus not only a useful device that raised funds for the state but also a political tool that through literal investments in their positions and their potential to secure status and power tied the interests of official elites ever more closely to those of the state

Powerful Arguments, 2020-03-02 The essays in Powerful Arguments reconstruct the standards of validity underlying argumentative practices in a wide array of late imperial Chinese discourses from the Song through the Qing dynasties The fourteen case studies analyze concrete arguments defended or contested in areas ranging from historiography philosophy law and religion to natural studies literature and the civil examination system By examining uses of evidence habits of inference and the criteria by which some arguments were judged to be more persuasive than others the contributions recreate distinct cultures of

reasoning Together they lay the foundations for a history of argumentative practice in one of the richest scholarly traditions outside of Europe and add a chapter to the as yet elusive global history of rationality *Common Ground* Lan Wu,2022-08-23 The Qing empire and the Dalai Lama led Geluk School of Tibetan Buddhism came into contact in the eighteenth century Their interconnections would shape regional politics and the geopolitical history of Inner Asia for centuries to come In *Common Ground* Lan Wu analyzes how Tibetan Buddhists and the Qing imperial rulers interacted and negotiated as both sought strategies to expand their influence in eighteenth century Inner Asia In so doing she recasts the Qing empire seeing it not as a monolithic project of imperial administration but as a series of encounters among different communities Wu examines a series of interconnected sites in the Qing empire where the influence of Tibetan Buddhism played a key role tracing the movement of objects flows of peoples and circulation of ideas in the space between China and Tibet She identifies a transregional Tibetan Buddhist knowledge network which provided institutional pragmatic and intellectual common ground for both polities Wu draws out the voices of lesser known Tibetan Buddhists whose writings and experiences evince an alternative Buddhist space beyond the state She highlights interactions between Mongols and Tibetans within the Qing empire exploring the creation of a Buddhist Inner Asia Wu argues that Tibetan Buddhism occupied a central but little understood role in the Qing vision of empire Revealing the interdependency of two expanding powers *Common Ground* sheds new light on the entangled histories of political social and cultural ties between Tibet and China

Opportunity in Crisis Steven B. Miles,2022-03-07 *Opportunity in Crisis* explores the history of late Qing Cantonese migration along the West River basin during war and reconstruction and the impact of those developments on the relationship between state and local elites on the Guangxi frontier By situating Cantonese upriver and overseas migration within the same framework Steven Miles reconceives the late Qing as an age of Cantonese diasporic expansion rather than one of state decline The book opens with crisis rising levels of violence targeting Cantonese riverine commerce much of it fomented by a geographically mobile Cantonese underclass Miles then narrates the ensuing history of a Cantonese rebel regime established in Guangxi in the wake of the Taiping uprising Subsequent chapters discuss opportunities created by this crisis and its aftermath and demonstrate important continuities and changes across the mid century divide With the reassertion of Qing control Cantonese commercial networks in Guangxi expanded dramatically and became an increasingly important source of state revenue Through its reliance on Hunanese and Cantonese to reconquer Guangxi the Qing state allowed these diasporic cohorts more flexibility in colonizing the provincial administration and examination apparatus helping to recreate a single polity on the eve of China's transition from empire to nation state [Rooted in Hope: China - Religion - Christianity Vol 1](#) Barbara Hoster,Dirk Kuhlmann,Zbigniew Wesolowski,2017-04-07 This Festschrift is dedicated to the former Director and Editor in chief of the Monumenta Serica Institute in Sankt Augustin Germany Roman Malek S V D in recognition of his scholarly commitment to China The two volume work contains 40 articles by his academic colleagues
