Ebrahimian,2004-08-06 Because of our film oriented culture the study of cinema s potential influence on the theater has become particularly relevant When applied to the stage and space of theater film theory and aesthetics open new possibilities heightening the theater s capacity to respond to and engage with contemporary culture Director Babak Ebrahimian examines and explores the similarities and differences between cinema and theater and in doing so defines a new theater form that uses film theories and aesthetics as its foundation The book begins by locating the need for cinematic theater in contemporary image based perceptions of the real and lays out the basic form and aesthetics that make up the cinematic theater To illustrate this approach Ebrahimian analyzes the work of major film directors including Sergei Eisenstein Federico Fellini Martin Scorsese and Orson Welles He also draws upon the perspectives of prominent contemporary theater directors and writers among them Richard Foreman Robert Wilson and Heiner Muller Bridging the gap between the two mediums The Cinematic Theater will be of interest to students and practitioners of both theater and film Illustrated with photos **Sidney**

J. Furie Daniel Kremer,2015-11-12 Known for his visual style as well as for his experimentation in virtually every genre of narrative cinema award winning director Sidney J Furie also has the distinction of having made Canada s first ever feature length fictional film in English *A Dangerous Age* 1957 With a body of work that includes *The Ipccress File* 1965 *Lady Sings the Blues* 1972 and *The Entity* 1982 he has collaborated with major stars such as Marlon Brando Frank Sinatra Robert Redford and Michael Caine and his films have inspired some of Hollywood s most celebrated directors including Stanley Kubrick and Quentin Tarantino In this first biography of the prolific filmmaker author Daniel Kremer offers a comprehensive look at the

director's unique career. Furie pioneered techniques such as improvisation in large scale film productions and sometimes shot his films in sequence to develop the characters from the ground up and improve the performers in the moment spontaneity. Not only has Stanley Kubrick acknowledged that Furie's *The Boys in Company C* 1978 informed and influenced *Full Metal Jacket* 1987 but Martin Scorsese has said that he considers *The Entity* to be one of the scariest horror films of all time. However, Furie was often later criticized for accepting lowbrow work and as a result little serious study has been devoted to the director. Meticulously researched and enhanced by Kremer's close relationship with the filmmaker, this definitive biography captures the highs and lows of an exceptional but underexamined career, taking readers behind the scenes with a director who was often ahead of his time.

From Facebook and YouTube to TikTok and WeChat, this accessible book explores the relationships between public and personal communication on social media to understand their impacts on users' everyday lives. Social media have made possible new kinds of relationships, entertainment, and politics, and enabled billions of people to experience new forms of communication, community, and communion. But social media are also profit-driven data mining corporations, and their core business model is often built around targeted surveillance that enables the commercial exploitation of their users' everyday lives. Graham Meikle explores the tensions between these different dimensions of social media, engaging with questions of communication, data, remix, news, visibility, citizenship, and regulation. This second edition has been substantially revised; more than half of the text is entirely new to this edition, and those sections that remain have been completely updated. This new edition includes analysis of the data-driven business models of major social media firms and of how these firms are expanding into new areas such as AI. It also includes discussion of major developments in news, surveillance, and activism on social media, as well as a new chapter on regulation. This book is an ideal critical introduction to social media in all their complexity.

The T and 2 other cinematic Jesuses, including followers who imitate Jesus devotionally or aesthetically, Christian Christ figures, antichrists, yet other messiahs, and competing Jesuses in a pluralist world. As one leaves the confines of Christian theology, the question of what a film or interpreter is doing with Jesus or Christ becomes something to be determined, not necessarily something traditional.
