Storytimes for Children Stephanie G. Bauman, 2010-11-10 This text presents a compilation of the best of ideas from a group of library science graduate students providing creative and engaging programs geared especially for children ages 0-12. What are the concepts, activities, and topics that will hold the attention of today's children? And what are the best ways to provide a valuable learning experience while they're having fun and being entertained? Many of the most original, creative, and wildly effective ideas in storytime are contained in *Storytimes for Children*, a collection of fresh and vibrant programs created to be relevant, interesting, and fun for today's youngest generations. This collection of themed storytimes includes suggestions for opening and closing sessions, crafts, and activities, songs, poems, fingerplays, and movements, as well as the accompanying literature. Several of the included storytimes comprise a series of programs allowing for related activities that build upon each other. The text is organized into six chapters, each prefaced by an introduction that clarifies the strengths of the programs within. Each chapter covers a highly targeted age range to give practitioners the ability to easily choose the most appropriate storytimes for any given audience.

Two Men and a Car Michael Garland, 2019-04-02 It is December 8, 1941, the day after the Japanese attack on Pearl Harbor, and President Franklin Delano Roosevelt leads a nation in crisis. He must make a speech to a joint session of Congress that will build support for America's entry to World War II, but to do that, he needs an armored vehicle in which to make the short trip from the White House to the Capitol Building. According to legend, the car Roosevelt rode in that day, borrowed from the FBI's impound lot, was an armored Cadillac V-8 built for gangster Al Capone in the late 1920s to shield himself from enemies. Is the legend true, or is it an American tall tale in the tradition of Paul Bunyan or John Henry? Either way, it's an ideal vehicle to compare and contrast the lives of two American men who grew up within miles of one another: one a great president, the other an infamous villain. F. P. Level Y

Daddy Played the Blues Michael Garland, 2017-09-11 Notable Social Studies Trade Books Selection for Young People, 2018 I was six years old the day we left the farm in Mississippi, remembers Cassie. In this richly textured picture book, between the boll weevils, the floods, and the landlord, there was no way a family could scratch out a living there anymore. Packing themselves into an old jalopy with Daddy, Uncle Vern, and Mama in the front seat, and Cassie and her two brothers in the back, they joined the Great Migration from the impoverished Deep South to Chicago, where there was work to be had in the stockyards. Across the kids' laps lay Daddy's prized possession, a six-string guitar. Daddy worked hard to put food on the table, but what he really loved was playing the blues. This evocative tale of the African American odyssey in search of a better life is also a homage to the uniquely American music that developed from African music and American spirituals, work songs, and folk ballads. In the book's backmatter, Garland relates how he first heard and fell in love with blues music, beginning a lifelong fandom. Portraits and thumbnail biographies of great blues musicians and landmark songs complete this tribute to the great American music and the yearnings that produced it. Fountas Pinnell Level S
