identity and marketing communications      *Strategic Management of Built Facilities* Craig Langston, Rima Lauge-Kristensen, 2013-05-13 The effective management of facilities can significantly improve business productivity In this textbook the authors provide an overview of facility economics and outline the way in which businesses and facility managers can get better value from their physical assets Students on facilities management and property related degrees will find this an invaluable introduction      **Handbook of Research Methods on the Quality of Working Lives** Daniel Wheatley, 2019 The growing diversity of contemporary paid work has provoked increased interest in understanding and evaluating the quality of working lives This Handbook provides critical reflections on recent research in the field including examining the inextricable links between working life and well being      *Design Attitude* Kamil Michlewski, 2016-03-09 Design Attitude is a book for those who want to scratch beneath the surface and explore the impact design and designers have in organisations It offers an alternative view on the sources of success and competitive advantage of companies such as Apple where design plays a leading role It sheds light on the cultural dynamics within organisations where professional designers have a significant presence and influence At its heart the book asks a question what is the nature of designers contribution that is truly unique to them as professionals To answer this deceptively simple question the author combines a multitude of hours of ethnographic study inside the design community in depth interviews with executives and designers from Apple IDEO Wolff Olins Philips Design and Nissan Design and a follow up quantitative study Since the author comes from a management and not a design background the book offers a different perspective to most publications in the area of Design Thinking It is a mirror held up to the community rather than a voice from within Design Attitude makes the compelling argument that looking at the type of the culture designers produce rather than the type of processes or products they create is potentially a more fruitful way of profiling the impact of design in organisations With design being recognised as an important strategic framework by companies not for profit organisations and governments alike this book is a distinct and timely contribution to the debate      **New Ways of Working** Nathalie Mitev, Jeremy Aroles, Kathleen A. Stephenson, Julien Malaurent, 2021-02-22 This volume focuses on new ways of working and explores implications of these new practices with a particular emphasis on the place occupied by technology materiality and bodies within contemporary working configurations It draws together an international range of scholars to examine diverse subjects such as the gig economy social media as a work space the role of materiality in living labs managerial techniques and organizational legitimacy Drawing on global perspectives from France to Nigeria this book presents a fascinating examination of the many new ways people are working and relating to their work Part of the esteemed Technology Work and Globalization series this book is valuable reading for scholars working on organizational studies ethnography technology management and management more generally      **Administrative Management** Annatjie Erasmus, E. J. Ferreira, A. W. Erasmus, D. Groenewald, 2010-06 The roles and responsibilities of administrative managers are identified and explained in this updated and comprehensive resource on managing the

information needs of an organization to facilitate timely relevant and accurate communication Topical case studies and practical examples illustrate the knowledge and skills required for success in office management Whether managing cultural diversity in the work place or learning proper business ethics the instructions outlined in this guide provide the basis for arriving at meaningful decisions that can make a candidate an asset in any office environment **How to Work with Space** Karen Messer,2024-04-09 This book is an exploration of the entangled spatial relationships with and within organizations and research practice Situating our environment as an active participant in the outcomes of day to day living heightens the role space can have as a co creator of experience behaviour and emotion Physical environments tend to fade into the background becoming an unseen untended accompaniment in our journey However through active attunement and deep noticing spatial details arise through our bodies senses conversations and physical encounters As the nature of work continues to evolve understanding and shifting our relationship with the work environment broadens the scope of how space and work are engaged and performed This thoughtful book will be of great interest to academics and students of organisational studies as well as those involved in interdisciplinary research across geography anthropology and the social sciences Managing Organizational Ecologies Keith Alexander,Ilfryn Price,2013-05-02 The term Facilities Management has become global but fraught with confusion as to what the term signifies For some notably in the USA Facilities Management remains a discipline of human ecology Elsewhere the term has become conflated with an alternative meaning providing or outsourcing the provision of various services essential to the operation of particular buildings This volume redresses that imbalance to remind Facilities Management of its roots presenting evidence of Facilities Management success stories that engage the wider objectives of the organizations they serve and engaging students scholars and critical practitioners of general management with an appreciation of the power and influence of physical space and its place in the theory and practice of organizations This book includes management perspectives from outside the field to ensure that the issues raised are seen in an organizational and management context informing debate within the Facilities Management fraternity It draws on human ecology and the perspective of the firm as itself an intra organizational ecology of social constructs The ecology of a firm is not restricted to the firm s boundaries It extends to wider relationships between the firm and its stakeholders including in an age of outsourced building services the Facilities Management supply chain This volume offers arguments and evidence that managing such constructs is a key role for Facilities Management and an important participant in the provision of truly usable spaces **Corporate Culture Practices of German Corporations in the Host Country Indonesia** Aang Koswara,2022-10-13 This study addresses the corporate cultural practices of German companies in the host country Indonesia from the perspective of Indonesian employees managers and German expatriates The focus is on the intercultural challenges that arise in the practice of daily cooperation between Indonesian and German organizational members Using qualitative methods the study examines how these challenges are viewed and managed by organizational members what

cultural differences are evident in them and how these differences can be explained and finally what strategies can be used to overcome the challenges in everyday business This ethnographic study is based on interviews with Indonesian and German organizational members analysis of internal company journals and newsletters and observations collected by the author as a professional stranger at Indonesian sites of German multinational companies The study concludes that four cultural issues are fundamental factors in the corporate culture of German companies in the host country Indonesia first the implementation of a culture of integrity second issues of leadership in a hierarchy driven social environment third the daily use of language and the flow of information in a multilingual professional environment and finally the creation and maintenance of harmonious family like working relationships
